It's Not PMS, It's You! Crown

This carefully crafted and collectible volume tells the intimate story of Peter, Paul, and Mary and their music, in their words and with iconic images that follow their passionate, fifty-year journey to the center of America's heart. Photographs, many rare and never before published, taken over five decades by some of the world's top photographers, follow them from their earliest performances in the 1960s, when Mary was the most desired, beautiful, and charismatic performer and a new role model for women. Follow the trio as they lead America to discover the passionate soul of folk music. Join the struggle for racial equality, social justice, and freedom in this memorable journey, from the historic 1963 March on Washington with Martin Luther King, Jr., to the trio's appearance before a half million people in 1969 to end the Vietnam War, to their singing at the Hollywood Bowl for Survival Sunday in 1978, helping to launch the anti-nuke movement, the world's first international environmental movement. Through these images, readers will feel and almost

hear the trio's songs calling for a more caring, better world as they performed with a courage and conviction that became for so many the embodiment and soundtrack of their generation's awakening to conscience, to activism, and to a new dream for all of humankind. Peter, Paul, and Mary's songs of defiant hope and a certain unmasked innocence are still a powerful part of our American consciousness, and this book reenacts the history of how the trio marked many lives with their indelible stamp of honesty of the sort we all yearn to recapture and recreate today—for ourselves, our children, and the generations to come.

Both/And Charlesbridge

New York Times bestselling author Christie Craig returns with her next heart-stopping romantic suspense about a woman on the run and the man eager to uncover her secrets -- for readers of Kat Martin, Rebecca Zanetti, and Mary Burton! Police detective Juan Acosta doesn't only carry scars on the outside. He's filled with guilt and anger ever since his undercover job led to the murder of those he loved the most. Now he's living for one thing: revenge. That is, until Juan meets his beautiful new neighbor. Vicki Holloway prides herself on being capable and independent, but her life is turned upside down when her sister Sara is killed by an abusive ex. Fearing for the safety of her niece, Vicki and the little girl go into hiding...resurfacing in Texas with new identities. Juan finds his once-frozen heart thawing around Vicki, but he knows she's hiding something. Juan needs answers, but Vicki isn't talking. She has to keep her secrets if she wants to keep Bell safe, which means resisting her growing feelings for the sexy, scarred man next door. But when Juan's quest for justice brings danger to her door, divulging the truth might be the only thing that keeps her alive. Includes the bonus novella *Hot Target* by April Hunt!

Metropolitan Books

Peter Paul and Mary Hachette UK

"Charming. . . . A moving testament to the diversity and depths of love." —Publishers Weekly You'll laugh, you'll cry, you'll be swept away—in less time than it takes to read this paragraph. Here are 175 true stories—honest, funny, tender and wise—each as moving as a lyric poem, all told in no more than one hundred words. An electrician lights up a woman's life, a sister longs for her homeless brother, strangers dream of what might have been. Love lost, found and reclaimed. Love that's romantic, familial, platonic and unexpected. Most of all, these stories celebrate love as it exists in real life: a silly remark that leads to a lifetime together, a father who struggles to remember his son, ordinary moments that burn bright.

All have wanted an effective, engaging way to bring people together to build trust, and to break down artificial barriers.

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 Abrams

The New York Times bestselling author of *The Year of Living Biblically* goes on a rollicking journey to understand the enduring

power of puzzles: why we love them, what they do to our brains, and how they can improve our world. "Even though I've never attempted the New York Times crossword puzzle or solved the Rubik's Cube, I couldn't put down *The Puzzler*."—Gretchen Rubin, author of *The Happiness Project* and *Better Than Before* What makes puzzles—jigsaws, mazes, riddles, sudokus—so satisfying? Be it the formation of new cerebral pathways, their close link to insight and humor, or their community-building properties, they're among the fundamental elements that make us human. Convinced that puzzles have made him a better person, A.J. Jacobs—four-time New York Times bestselling author, master of immersion journalism, and nightly crossword—set out to determine their myriad benefits. And maybe, in the process, solve the puzzle of our very existence. Well, almost. In *The Puzzler*, Jacobs meets the most zealous devotees, enters (sometimes with his family in tow) any puzzle competition that will have him, unpacks the history of the most popular puzzles, and aims to solve the most impossible head-scratchers, from a mutant Rubik's Cube, to the hardest corn maze in America, to the most sadistic jigsaw. Chock-full of unforgettable adventures and original examples from around the world—including new work by Greg Pliska, one of America's top puzzle-makers, and a hidden, super-challenging but solvable puzzle—*The Puzzler* will open readers' eyes to the power of flexible thinking and concentration. Whether you're puzzle obsessed or puzzle hesitant, you'll walk away with real problem-solving strategies and pathways toward becoming a better thinker and decision maker—for these are certainly puzzling times.

You may have watched hundreds of episodes of *The Simpsons* (and its sister show *Futurama*) without ever realizing that they contain enough maths to form an entire university course. In *The Simpsons and Their Mathematical Secrets*, Simon Singh explains how the brilliant writers, some of the mathematicians, have smuggled in mathematical jokes throughout the cartoon's twenty-five year history, exploring everything from Mersenne primes, from Euler's equation to the unsolved riddle of P vs. NP, from perfect numbers to narcissistic numbers, and much more. With wit, clarity and a true fan's zeal, Singh analyses such memorable episodes as 'Bart the Genius' and 'Homer3' to offer an entirely new insight into the most successful show in television history.

From Justina Blakeney, the ultimate guide to designing wildly creative interiors that are free-spirited, layered, and deeply personal Justina Blakeney's new book is her biggest, boldest, and most beautiful volume yet, filled with irresistible style, original patterns, and artwork—lushly photographed by Dabito. In each chapter, Justina shares her distinctive point of view on everything design fans want to know—how to make bold choices with color and pattern, how to take cues from nature, how to authentically glean inspiration from their heritage and travels, how to break rules, and all the other paths to truly begin to decorate wild. Along the way, Justina also shares personal narratives, practical advice, and nuanced insight into how she lives in her own space—how she reconnects with nature, how she plays and stays inspired, how she gives herself permission to feel free and wild, and how readers can do the same. Jungalow is the term coined by Justina for the brand that embodies her wild, but cozy and homey, style. Copycats abound, but there is no other book like this one—offering Justina's authentic, encouraging voice and approachable, signature style.

Don't Breathe a Word Penguin

A journalist and word aficionado salutes the 100-year history and pleasures of crossword puzzles Since its debut in The New York World on December 21, 1913, the crossword puzzle has enjoyed a rich and surprisingly lively existence. Alan Connor, a comic writer known for his exploration of all things crossword in The Guardian, covers every twist and turn: from the 1920s, when crosswords were considered a menace to productive society; to World War II, when they were used to recruit code breakers; to their starring role in a 2008 episode of The Simpsons. He also profiles the colorful characters who make up the interesting and bizarre subculture of crossword constructors and competitive solvers, including Will Shortz, the iconic New York Times puzzle editor who created a crafty crossword that appeared to predict the outcome of a presidential election, and the legions of competitive puzzle solvers who descend on a Connecticut hotel each year in an attempt to be crowned the American puzzle-solving champion. At a time when the printed word is in decline, Connor marvels at the crossword's seamless transition onto Kindles and iPads, keeping the puzzle one of America's favorite pastimes. He also explores the way the human brain processes crosswords versus computers that are largely stumped by clues that require wordplay or a simple grasp of humor. A fascinating examination of our most beloved linguistic amusement—and filled with tantalizing crosswords and clues embedded in the text—The Crossword Century is sure to attract the attention of the readers who made Word Freak and Just My Type bestsellers.

#1 NEW YORK TIMES BESTSELLER • From the author of Small Great Things and The Book of Two Ways comes "a powerfully evocative story of resilience and the triumph of the human spirit"

(Taylor Jenkins Reid, author of The Seven Husbands of Evelyn Hugo and Daisy Jones & The Six) Rights sold to Netflix for adaptation as a feature film • Named one of the best books of the year by She Reads Diana O'Toole is perfectly on track. She will be married by thirty, done having kids by thirty-five, and move out to the New York City suburbs, all while climbing the professional ladder in the cutthroat art auction world. She's an associate specialist at Sotheby's now, but her boss has hinted at a promotion if she can close a deal with a high-profile client. She's not engaged just yet, but she knows her boyfriend, Finn, a surgical resident, is about to propose on their romantic getaway to the Galápagos—days before her thirtieth birthday. Right on time. But then a virus that felt worlds away has appeared in the city, and on the eve of their departure, Finn breaks the news: It's all hands on deck at the hospital. He has to stay behind. You should still go, he assures her, since it would be a shame for all of their nonrefundable trip to go to waste. And so, reluctantly, she goes. Almost immediately, Diana's dream vacation goes awry. Her luggage is lost, the Wi-Fi is nearly nonexistent, and the hotel they'd booked is shut down due to the pandemic. In fact, the whole island is now under quarantine, and she is stranded until the borders reopen. Completely isolated, she must venture beyond her comfort zone. Slowly, she carves out a connection with a local family when a teenager with a secret opens up to Diana, despite her father's suspicion of outsiders. In the Galápagos Islands, where Darwin's theory of evolution by natural selection was formed, Diana finds herself examining her relationships, her choices, and herself—and wondering if when she goes home, she too will have evolved into someone completely different.

Qualitative Research Methods Workman Publishing Company "Refreshingly voice-y, wildly smart, and genuinely hilarious." - Casey McQuiston, New York Times bestselling author of Red, White & Royal Blue From an exciting new voice comes a funny and heartfelt YA romance set in the world of competitive gaming, perfect for fans of Opposite of Always and Slay. Emilia Romero is living a double life. By day, she's a field hockey star with a flawless report card. But by night, she's kicking virtual ass as the only female member of a highly competitive eSports team. Emilia has mastered the art of keeping her two worlds thriving, which hinges on them staying completely separate. That's in part to keep her real-life persona, but also for her own safety, since girl gamers are often threatened and harassed. When a major eSports tournament comes to her city, Emilia is determined to prove herself to her team and the male-dominated gaming community. But her perfectly balanced life is thrown for a loop when a member of a rival team recognizes her . . . Jake Hooper has had a crush on Emilia since he was ten years old. When his underdog eSports team makes it into the tournament, he's floored to discover she's been leading a double life. The fates bring Jake and Emilia together as they work to keep her secret, even as the pressures of the tournament and their non-gaming world threaten to pull everything apart. Debut author Alexis Nedd has crafted a YA combo-punch of charming romance and virtual adventure that will win the hearts of gamers and non-gamers alike.
