Widely regarded as one of the greatest ever sportspeople, Roger Federer is a global phenomenon. From his humble

beginnings as a temperamental teenager to becoming a symbol of enduring greatness, *The Master* is the definitive biography of a global icon who is both beloved and yet intensely private. But his path from temperament

al, bleach-blond teenager with a dubious sense to one of the greatest, most self-possessed and elegant of competitors has been a long-running act of will, not destiny. He not only had a great gift. He had grit. With access to

Federer's inner circle, including his wife, Mirka, his longtime trainer and based on one-on-one interviews with Federer, legendary sports reporter Chris Clarey's account will be a must read retrospective for the loyal sports fans, and anyone interested in the inner workings of unfaltering excellence. The Master tells the story of Federer's life and career on both an intimate and

grand scale. *Hollywood's Eve Vintage* Traces the history of tennis, lists the annual results of major tournaments, and discusses the Hall of Fame, official rules, equipment and tennis officials. Rod Laver Scarecrow Press This collection of fascinating biographies of outstanding women athletes past and present including superstars such as Nadia Comaneci, Mia Hamm, Jackie-

Joyner Kersee, Danica Patrick, and Serena and Venus Williams. Icons of Women's Sport identifies and examines the individuals who have impacted history, challenged the status quo, influenced sport culture, and garnered wide public interest. Including stars from the past and present, ranging from Babe Didrikson Zaharias and Billie Jean King to Dara Torres and Venus

and Serena Williams, the featured athletes are iconic not only because of their achievements in the sports arena, but also because of their contributions to society: advancing cultural diversity and gender equity, breaking class barriers, and transcending stereotypes. The book contains biographies of 36 women athletes—American and international—who excelled in competitive sports from

the post-World War I era through the modern era in a dozen different sports. Icons of Women's Sport spotlights athletes across a wide range of women's sports, with appropriate attention given to the major sports. Readers will enjoy learning about stars from both amateur and professional sports arenas, including Olympic athletes, as well as female competitors who have

reached the top of their game in newer arenas such as golf and snowboarding. *Open Stranger Comics* NEW YORK TIMES BEST SELLER • “A gripping and poignant ode to a messy, loving family in all its glory.” —Madeline Miller, bestselling author of *Circe* In this “rich, complex family saga” (USA Today) full of long-buried family secrets, Marilyn Connolly and David

Sorenson fall in love in the 1970s, blithely ignorant of all that awaits them. By 2016, they have four radically different daughters, each in a state of unrest. Wendy, widowed young, soothes herself with booze and younger men; Violet, a litigator turned stay-at-home-mom, battles anxiety and self-doubt; Liza, a neurotic and newly tenured professor, finds herself pregnant with a baby she's not sure she wants by a man she's not sure she loves; and Grace, the dawdling youngest daughter, begins living a lie that no one in her family even suspects. With the unexpected arrival of young Jonah Bendt—a child placed for adoption by one of the daughters fifteen years before—the Sorensons will be forced to reckon with the rich and varied tapestry of their past. As they grapple with years marred by adolescent angst, infidelity, and resentment, they also find the transcendent moments of joy that make everything else worthwhile.

 The madcap true story of how Rachel Johnson—born into one of Britain's most famous political families and known since childhood as "Rake"—tries and fails to get elected in the 2019 hard-fought effort to stop Brexit, running against her older brother, Boris, and what she learns in the process about politics,

ambition, family, marriage, and winning and losing. In this fast-paced, irresistible tale, part comic memoir, part diary, part manifesto, Rachel Johnson, daughter of one of England's most brilliant and idiosyncratic families, tells the story of how, in a fit of righteous fury about how the 2019 Brexit vote to leave the EU would affect her own children in their freedom to live, learn,

travel, and love, brought about by men she has known either since school or birth, she decides to become the lead candidate for the newly organized pro-Europe Change UK party, running against her older brother, Alexander, known to the world as Boris, who as a child of six claimed he wanted to be "World King"; with Rachel, a year younger, wanting to be "wife and mother." Johnson writes how she set

out to attain the slight victory needed to win her district, crisscrossing its 28,000 square miles on trains, speaking at rallies, handing out leaflets to retirees in freezing supermarket parking lots . . . She writes of the betrayals, the egos, the broken promises, the tensions, the pulls and pushes of campaigning. And she writes of what it is to be a candidate, and female and a mother,

of the challenges faced by women in public life, and the reality that for women in the UK, despite having had two female prime ministers, not that much has changed . . . and in the midst of it all, she tells the riveting story of the Johnson family itself, as curious, recognizable and compelling as the Mitfords of England; as famous and lionized as the Kennedys in the U.S. . . . Every Alaskan king crab season, brothers Andy and Johnathan Hillstrand risk their lives and seek their fortunes upon

the treacherous waters of the Bering Sea. Sons of a hard-bitten, highly successful fisherman, and born with brine in their blood, the Hillstrand boys couldn't imagine a life without a swaying deck underfoot and a harvest of mighty king crabs waiting to be pulled from the ocean floor. In pursuit of their daily catch, the brothers brave ice floes and heaving waves sixty feet high, the perils of

thousand-pound steel traps thrown about by the punishing wind, and the constant menace of the open, hungry water—epitomized in the chorus of a haunting sailors' sing-along: "Many brave hearts are asleep in the deep, so beware, beware." By turns raucous and reflective, exhilarating and anguished, enthralling, suspenseful, and wise, *Time Bandit* chronicles a larger-than-life love affair

as old as civilization itself—a love affair between striving, willful man and inscrutable, enduring nature. Da Capo Lifelong Books Actress (Blue Bloods, Samantha Who?, Crash) and celiac spokesperson Jennifer Esposito's memoir of her diagnosis and coming to terms with her debilitating disease offers hope to anyone who suffers from a chronic illness. *You Cannot Be Serious* Allistair

Fiery cricketer Tino Best lived life in the fast lane - on and off the pitch. He will go down in history as one of the quickest bowlers ever to have played the game, consistently exceeding 145kph during his 11-year international career for the West Indies. His easygoing personality, charm and willingness to live the playboy

lifestyle made him one of the sport's most exciting personalities. In this revealing autobiography, he tells all about his antics on and off the pitch, including the 'sledging' incident with Freddie Flintoff at Lord's in 2011 which has become part of cricketing folklore. From racism storms, to sex scandals and dressing-room battles, this is the story of a cricketer who has seen it all. *The Little Viet Kitchen* Simon

and Schuster Novak Djokovic reveals the gluten-free diet and fitness plan that transformed his health and pushed him to the pinnacle. In 2011, Novak Djokovic had what sportswriters called the greatest single season ever by a professional tennis player: He won ten titles, three Grand Slams, and forty-three consecutive matches. Remarkably, less than two

years earlier, this champion could barely complete a tournament. How did a player once plagued by aches, breathing difficulties, and injuries on the court suddenly become the #1 ranked tennis player in the world? The answer is astonishing: He changed what he ate. In *Serve to Win*, Djokovic recounts how he survived the bombing of Belgrade, Serbia, rising from a war-torn childhood to the top tier

of his sport. While Djokovic loved and craved bread and pasta, and especially the pizza at his family's restaurant, his body simply couldn't process wheat. Eliminating gluten—the protein found in wheat—made him feel instantly better, lighter, clearer, and quicker. As he continued to research and refine his diet, his health issues disappeared, extra pounds dropped away, and his

improved physical health and mental focus allowed him to achieve his two childhood dreams: to win Wimbledon, and to become the #1 ranked tennis player in the world. Now Djokovic has created a blueprint for remaking your body and your life in just fourteen days. With weekly menus, mindful eating tips for optimal digestion, and delicious, easy-to-prepare recipes, you'll

be well on your way to shedding extra weight and finding your way to a better you. Djokovic also offers tips for eliminating stress and simple exercises to get you revved up and moving, the very same ones he does before each match. You don't need to be a superstar athlete to start living and feeling better. With *Serve to Win*, a trimmer, stronger, healthier you is just two weeks away.

The sport of tennis has been played in one form or another for more than 800 years. It can trace its roots to games played by monks in the 12th century. Through the years the game has evolved from one in which the ball was struck with the hands to the modern game in which rackets are used to propel the ball in excess of 150 miles per hour. From the sport of

the elite to the sport played by elite athletes, tennis has grown immensely in the past 135 years and it remains one of the few sporting pastimes that is played extensively by people of all ages and all nationalities. The Historical Dictionary of Tennis presents a comprehensive history of the game through a chronology, an introductory essay, a bibliography, photos, and

over 500 cross-referenced dictionary entries on places, teams, terminology, and people, including Arthur Ashe, Björn Borg, Don Budge, Chris Evert, Roger Federer, Billie Jean King, Rod Laver, Suzanne Lenglen, John McEnroe, Rafael Nadal, Martina Navratilova, and Bill Tilden. Appendixes of the members of the International Tennis Hall of Fame, the Major Championship

s of Tennis, and the Olympic games are included. This book is an excellent access point for students, researchers, and anyone wanting to know more about tennis. [The Rivals You Cannot Be Serious! The Graphic Guide to Tennis](#) A stunning memoir by one of the world's most beloved athletes—a nuanced portrait, an intensely candid account of a remarkable life, and a

thrilling inside view of the pro tennis tour.

Reporters flock to the athletes, brimming with victory and celebration, to ask, How does it feel? In contrast, the locker rooms of the losing teams are quiet and awkward, and reporters tend to leave quickly,

reluctant to linger too long around loss. But, as sports journalists Mary Pilon and Louisa Thomas argue, losing is not a phenomenon to be overlooked, and in *Losers*, they have called upon novelists, reporters, and athletes to consider what it means to lose. From the Olympic gymnast who was forced to surrender her spot to another teammate, to the legacy of Bill Buckner's tenth-inning

error in the 1986 World Series, to LeBron James's losing record in the NBA Finals, these essays range from humorous to somber, but all are united by their focus on defeat. Interweaving fourteen completely new and unpublished pieces alongside beloved classics of the genre, *Losers* turns the art of sports writing on its head and proves that there is inspiration to be found in

stories of risk, resilience, and getting up after you've been knocked down.

tennis. John McEnroe stunned the tennis elite when he came out of nowhere to make the Wimbledon semifinals at the age of eighteen—and just a few years later, he was ranked number one in the world. You Cannot Be Serious is McEnroe at his most personal, an intimate examination of Johnny Mac, the kid from Queens, and his “wild ride” through the world of professional tennis at a

boom time when players were treated like rock stars. In this “bracing serve-and-volley autobiography” (The Boston Globe) he candidly explores the roots of his famous on-court explosions; his ambivalence toward the sport that made him famous; his adventures (and misadventures) on the road; his views of colleagues from Connors to Borg to Lendl; his opinions of

contemporary tennis; his marriages to actress Tatum O'Neal and pop star Patty Smyth; and his roles as husband, father, senior tour player, and often-controversial commentator. *It's Good to Be Gronk* Oxford University Press
