This work indexes books, dissertations and journal articles that mention television shows. Memoirs, autobiographies, biographies, and some popular works meant for fans are also indexed. The major focus is on service to researchers in the history of television. Listings are keyed to an annotated bibliography. Appendices include a list of websites; an index of groups or classes of people on television; and a list of programs by genre. Changes from the second edition include more than 300 new shows, airing on a wider variety of networks; 2000-plus references (more than double the second edition); and a large increase in scholarly articles. The book provides access to materials on almost 2300 shows, including groundbreaking ones like All in the Family (almost 200 entries); cult favorites like Buffy: The Vampire Slayer (200-plus entries); and a classic franchise,

Star Trek (more than 400 entries for all the shows). The shows covered range from the late 1940s to 2010 (The Walking Dead). References range from 1956 to 2013.

From Frank Sinatra to Sun Ra, from the jazz age to middle age, with thoughts on everything in-between, Francis Davis has been writing about American music and American culture for more than twenty years. His essays have appeared in The Atlantic Monthly, The New Yorker, and the Village Voice among countless other publications from coast to coast. And now, for the first time, here are his most important writings of his impressive career--the quintessential Davis on everything from why Rent set musicals back two decades, to what Ken Burns should have filmed. And Davis's writing is as enjoyable as the music of which he writes. The New York Times Book Review has compared Davis's work to "a well-blown solo."

A spin-off of The Andy Griffith Show, Mayberry R.F.D. became successful in its own right. The show aired from 1969 through 1971 and was consistently in the top 15 of the Nielsen ratings. Its demise was caused by the sudden elimination of rural-oriented series by CBS in 1971 in order to make room for more "realistic" fare. The show's popularity owed much to the casting; George Lindsey (playing Goober Pyle), Jack Dodson (Howard Sprague), Paul Hartman (Emmett Clark), Ken Berry (Sam Jones), and others who moved seamlessly from The Andy Griffith Show to the new series. Episode-by-episode, this is the definitive reference to Mayberry R.F.D. Each entry provides episode title, writer, director, regular and guest cast, and numerous other facts about it. Capsule biographies of guest stars are given within the entry for the initial episode in which they worked, while more detailed biographies of the writers, directors, and major stars follow the episode guide.

This directory consists of an alphabetical ordering of television-

related categories. For each category, a brief conceptual overview is presented, followed by a list of relevant research or lecture topic suggestions and a bibliography of selected print sources (mostly books). Users should appreciate the directory as a reference tool intended solely as a guide to studying television and not as an end in itself. As such, the categories herein are not necessarily mutually exclusive; nor are the overviews, topic suggestions, and bibliographies meant to be comprehensive. Instead, this publication is intended to inform broadly, to stimulate critical thinking, and to serve as a catalyst for further inquiry. An Additional Sources section is included at the end of the directory. General reference books, relevant indexes and databases, scholarly journals, popular magazines, newspapers, and trade publications are listed. Libraries and museums containing special television-related collections are also noted. There always seems to be new print publications and electronic databases that provide access to television-related content. Please consider this directory as but one entry point to television research. Users are encouraged to solicit the expertise of a professional librarian in order to access the most relevant sources available on topics of interest.

"Funny [and] fascinating . . . If you're a comedy nerd you'll love this book." —Pittsburgh Post-Gazette Named a Best Book of the Year by Kirkus Reviews, National Post, and Splitsider Based on over two hundred original interviews and extensive archival research, this groundbreaking work is a narrative exploration of the way comedians have reflected, shaped, and changed American culture over the past one hundred years. Starting with the vaudeville circuit at the turn of the last century, the book introduces the first stand-up comedian—an emcee who abandoned physical shtick for straight jokes. After the repeal of Prohibition, Mafia-run supper clubs replaced speakeasies, and mobsters replaced vaudeville impresarios as the comedian's primary employer. In the 1950s, the late-night talk show brought stand-up to a wide public, while Lenny Bruce, Mort Sahl, and Jonathan Winters attacked conformity and staged a comedy rebellion in coffeehouses. From comedy's part in the civil rights

movement and the social upheaval of the late 1960s, to the first comedy clubs of the 1970s and the cocaine-fueled comedy boom of the 1980s, *The Comedians* culminates with a new era of media-driven celebrity in the twenty-first century. "Entertaining and carefully documented . . . jaw-dropping anecdotes . . . This book is a real treat." —Merrill Markoe, *TheWall Street Journal*
