 2022 Edgar Award  
 Nominee for Best Novel  
 "A fantastic novel. . . . You are going to like this a lot."—Stephen King  
 "What's more thrilling than a fictional character speaking to us in a voice we haven't heard before, a voice so authentic and immediate—think Huck Finn, Holden Caulfield, Mattie Ross—that we suspect it must've been there all along, that we somehow managed to miss it? Daniel, the protagonist of Will Leitch's smart, funny, heartbreaking new novel *How Lucky*, is just such a voice, and I'm not sure it will ever completely leave my head, or that I want it to."—Richard Russo  
 For readers of *The Curious Incident of the Dog in the Night-Time* and *Nothing to See Here*, a first novel as suspenseful and funny as it is moving, the unforgettable story of a fiercely resilient young man living with a physical disability, and his efforts to solve a mystery unfolding right outside his door. Daniel leads a rich life in the university town of Athens, Georgia. He's got a couple close friends, a steady paycheck

working for a regional airline, and of course, for a few glorious days each Fall, college football tailgates. He considers himself to be a mostly lucky guy—despite the fact that he's suffered from a debilitating disease since he was a small child, one that has left him unable to speak or to move without a wheelchair. Largely confined to his home, Daniel spends the hours he's not online communicating with irate air travelers observing his neighborhood from his front porch. One young woman passes by so frequently that spotting her out the window has almost become part of his daily routine. Until the day he's almost sure he sees her being kidnapped...  
 Simon and Schuster  
 Writing talent isn't some superpower handed down from on high. It's a skill that requires hard work, practice, and focus in order to grow. Join author and podcaster Mur Lafferty as she outlines the steps necessary to become a better writer, including staying healthy, choosing writing materials that best suit you, and following your inner muse while ignoring your inner bully. She then provides you with engaging writing

exercises that will help you practice your writing skills.--Publisher.  
*Killer Cover Letters and Resumes* MIT Press  
 Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, lololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticals alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most

prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. ABOUT THE EDITORS ALFIE BOWN is the author of several books including "The Playstation Dreamworld" (Polity, 2017) and "In the Event of Laughter: Psychoanalysis, Literature and Comedy" (Bloomsbury, 2018). He is also a journalist for the Guardian, the Paris Review, and other outlets. DAN BRISTOW is a recovering academic, a bookseller, and author of "Joyce and Lacan:

Reading, Writing, and Psychoanalysis" (Routledge, 2016) and "2001: A Space Odyssey and Lacanian Psychoanalytic Theory" (Palgrave, 2017). He is also the co-creator with Alfie Bown of Everyday Analysis, now based at New Socialist magazine. Memes in Digital Culture Macmillan Imagine this book was written in Comic Sans. Would this choice impact your image of me as an author, despite causing no literal change to the content within? Generally, discussions of how language variants influence interpretation of language acts/users have focused on variation in speech. But it is important to remember that specific ways of representing a language are also often perceived as linked to specific social actors. Nowhere is this fact more relevant than in written Japanese, where a complex history has created a situation where authors can represent any sentence element in three distinct scripts. This monograph provides the first investigation into the ways Japanese authors and their readers engage with this potential for script variation as a social language practice, looking

at how purely script-based language choices reflect social ideologies, become linked to language users, and influence the total meaning created by language acts.

Throughout the text, analysis of data from multiple studies examines how Japanese language users' experiences with the script variation all around them influence how they engage with, produce, and understand both orthographic variation and major social divides, ultimately evidencing that even the avoidance of variation can become a socially significant act in Japan. Unholy Ghosts Macmillan A collection of cartoons shows the day to day struggle between a dog and his owner.

**Heaven** Penguin A talented young hacker. A desperate artificial intelligence. The fate of two worlds. Sixteen-year-old Jaffrey Pewitt holds a life-threatening secret. A genetic outcast, the brilliant teen's academy scores have earned him a position patrolling the mainframe and eliminating rogue program code -- a job prohibited to those with his DNA. And when he encounters an illegal AI, she threatens to expose

his true identity if he doesn't help her community survive. Torn between loyalty to his people and protecting himself, Jaffrey walks a knife's edge in a play for more time. But when his superiors upload a massive virtual war machine that causes a lethal power surge, the cost in digital and human lives convinces him that the future of both species may be doomed. Can Jaffrey choose the right side before it's too late? *Shadow Status* is an explosive standalone YA cyberpunk novel for readers who like clever heroes, intricate puzzles, and deep moral quandaries. A Booklife Editor's Pick.

*How Lucky* Allen & Unwin  
It should have been a simple job. But for Garrett, a human detective in a world of gnomes, tracking down the woman to whom his dead pal Danny left a fortune in silver is no slight task. Even with the aid of Morley, the toughest half-elf around, Garrett isn't sure he'll make it out alive from a land where magic can be murder, the dead still talk, and vampires are always hungry for human blood.

*Blank Comic Notebook : Create Your Own Comics*

*with This Comic Book Drawing Journal* Macmillan  
Embark on a wondrous journey through the land of Whichwood in this stunning companion to Tahereh Mafi's acclaimed bestseller *Furthermore*. A Kirkus Best Book of the Year! ★ "Deliciously descriptive prose. . . . Darkly fascinating." –Kirkus ★ "Unforgettable heroine." –Booklist ★ "Mafi's language choices create visually arresting moments." –Shelf Awareness  
Our story begins on a frosty night . . . Laylee can barely remember the happier times before her beloved mother died. Before her father, driven by grief, lost his wits (and his way) and she was left as the sole remaining mordsheer in the village of Whichwood, destined to spend her days scrubbing the skins and souls of the dead in preparation for the afterlife. It's become easy to forget and easier still to ignore not only her ever-increasing loneliness, but the way her overworked hands are stiffening and turning silver, just like her hair. But soon, a pair of familiar strangers appear, and Laylee's world is turned upside down as she rediscovers color, magic, and the healing power of

friendship. Lush and enchanting, critically-acclaimed author Tahereh Mafi weaves together an all-new magical adventure in this dark, Persian fantasy, a companion to the New York Times bestselling *Furthermore*. ★ "In deliciously descriptive prose, the confiding, familiar narrator directly engages the 'dear reader' with witty asides, explanatory footnotes, and cautionary warnings as Laylee's woeful tale unfolds... Mafi uses her built world to interrogate norms and relationships in our own while never losing sight of her story. Memorable new characters experience the restorative power of friendship in this darkly fascinating, somewhat ghoulish sequel to *Furthermore*. –Kirkus, starred review ★ "It's Laylee's personal transformation that shines brightest, giving Mafi's singular fantasy an equally unforgettable heroine." –Booklist, starred review ★ "Whichwood, Tahereh Mafi's companion novel to *Furthermore*, is as absorbing as (if not more than) its predecessor.... Mafi's language choices create visually arresting moments.... Deftly explores several

appealing themes, including the healing power of friendship and the resilience to overcome adversity in her whimsical, Persian-inspired fantasy world."  
—Shelf Awareness, starred review

*Twinkle, Twinkle Little Star Cloth Book* Penguin  
Based on the viral Instagram account of Bunny Michael, this book of over 100 conceptual and artistic memes provides motivational support and promotes a message of healing and self love, flecked with humor, wisdom, candid truth and quotable mantras for everyday struggles.

**Me and My Higher Self**

Scripting Japan  
An incendiary examination of burnout in millennials--the cultural shifts that got us here, the pressures that sustain it, and the need for drastic change

Screwdrivered punctum  
books

Garion the farm boy did not believe in magic dooms, but then he did not know that soon he would be on a quest of unparalleled magic and danger when the dread evil God Torak was reawakened.

The Martian Chronicles  
HarperCollins

SpongeBob Squarepants and his friends offer important tips for dealing with life's problems such as controlling a runaway seahorse, getting out of bed, and surviving gym class.

**Citizen Dog** MIT Press  
Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**Now That I See You**

Rock Point Gift & Stationery  
"Equal parts soaring fantasy, heart-pounding action, and bloody social commentary, *Blood Scion* is a triumph of a book."  
—Roseanne A. Brown,

New York Times bestselling author of *A Song of Wraiths and Ruin* This is what they deserve. They wanted me to be a monster. I will be the worst monster they ever created. Fifteen-year-old Sloane can incinerate an enemy at will—she is a Scion, a descendant of the ancient Orisha gods. Under the Lucis' brutal rule, her identity means her death if her powers are discovered. But when she is forcibly conscripted into the Lucis army on her fifteenth birthday, Sloane sees a new opportunity: to overcome the bloody challenges of Lucis training, and destroy them from within. Following one girl's journey of magic, injustice, power, and revenge, Deborah Falaye's debut novel, inspired by Yoruba-Nigerian mythology, is a magnetic combination of *Children of Blood and Bone* and *An Ember in the Ashes*.

**Trust in Me** No Starch Press

Readers back for a third round of the bestselling *Cocktail* series will enjoy a madcap romantic comedy about bodice ripping and chest heaving, fiery passion and love everlasting. Plus a dash of paperwork filing and

horseshi—wait, what? By day, Viv Franklin is a tough-as-nails software engineer who designs programs and loves hospital corners. By night, Vivian's a secret romance-novel junkie who longs for a knight in shining armor, or a cowboy on a wild stallion, or a strapping firefighter to sweep her off her feet. And she gets to wear the bodice—don't forget the bodice. When a phone call brings news that she's inherited a beautiful old home in Mendocino, California from a long-forgotten aunt, she moves her entire life across the country to embark on what she sees as a great, romance-novel-worthy adventure. But romance novels always have a twist, don't they? There's a cowboy, one that ignites her loins. Because Cowboy Hank is totally loin-ignition worthy. But there's also a librarian, Clark Barrow. And he calls her Vivian. Can tweed jackets and elbow patches compete with chaps and spurs? You bet your sweet cow pie. In *Screwdrivered*, Alice Clayton pits Superman against Clark in a hilarious and hot battle that delights a swooning Viv/Vivian. Also within this book, an answer to the question of the ages: Why

ride a cowboy when you can ride a librarian?  
[The World Made Meme](#)  
 Penguin  
 The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth. *Dreams of Steel* Tor Books  
 After the Company's defeat at DeJagore, Lady, one of the few survivors, sets out to avenge herself and the Company against the Shadowmasters, and she joins forces with an ancient and mysterious murder cult. Reissue. *The Burning Kingdoms* Kids Can Press Ltd  
 Best-selling author Al Sweigart shows you how to easily build over 80 fun programs with minimal code and maximum creativity. If you've mastered basic Python syntax and you're ready to start writing programs, you'll find *The Big Book of Small Python Projects* both enlightening and fun. This collection of 81 Python projects will have you making digital art, games, animations, counting programs, and more right away. Once you see how the code works, you'll practice recreating the programs and experiment by adding your own custom touches. These simple, text-based programs are 256 lines of

code or less. And whether it's a vintage screensaver, a snail-racing game, a clickbait headline generator, or animated strands of DNA, each project is designed to be self-contained so you can easily share it online. You'll create: • Hangman, Blackjack, and other games to play against your friends or the computer • Simulations of a forest fire, a million dice rolls, and a Japanese abacus • Animations like a virtual fish tank, a rotating cube, and a bouncing DVD logo screensaver • A first-person 3D maze game • Encryption programs that use ciphers like ROT13 and Vigenère to conceal text If you're tired of standard step-by-step tutorials, you'll love the learn-by-doing approach of *The Big Book of Small Python Projects*. It's proof that good things come in small programs!

### **Bullshit Jobs**

Createspace Independent Publishing Platform  
 If you've ever wondered what would happen if you could meet a ghost, talk to it, or even touch it, this book is for you!  
 Paranormal investigator Chris Taylor really wants to see a ghost. So he invents a remote control that tunes them back into

the physical world. Hoping to help stranded spirits, he sells the rights to a TV network, only to see his gadget disrupt both earthly and unearthly society. The tuner's effect on humanity threatens the dimension that houses the afterlife, known as the Realm. Its Directorate sends an emissary, Callahan, to oversee a solution: Chris must persuade people to stop using his invention. The living don't want to give up the tuners - and neither do the dead. Chris enlists help from his friends, Callahan, and a groovy Seventies ghost and begins a clumsy romance with activist Hannah Lively. But when a scientist bent on glory tweaks the tuner and opens a dangerous portal, they're forced to devise a perilous plan to stop her. What follows takes Chris on a journey he never imagined, one that could ultimately cost him everything.

Whichwood Random

House Digital, Inc. The heart-pounding conclusion to the daring Smoke Thieves trilogy. In this conclusion to the epic Smoke Thieves trilogy, the world has erupted into all-out war. King Aloysius is mining powerful demon smoke and using it to fuel an unstoppable army of children. March, now banished for treason, has joined up with this boy army. Forbidden from ever seeing Edyon again, and overwhelmed by his own betrayal, March no longer cares if he lives or dies. Catherine--now queen of Pitoria--must find a way to defeat the boy army, while also grappling with her own troubles: her secret demon smoke addiction, and unresolved tension with her former lover, Ambrose. Catherine seeks military support from Calidor by reaching out to her illegitimate cousin Edyon, who has been proclaimed heir to the Calidorian throne. But Edyon has almost no

power as he's entangled in the unfamiliar machinations and manipulations of the royal court, finding that being the claimed son of a prince may be no easier than being a bastard. With Catherine, his love, now married off and moving on, and his brother and sister tortured and executed before him, Ambrose doesn't know what his role in this world is any more. He leads an expedition into the demon world, hoping to destroy the boy army's stores of demon smoke. In this underground world, he runs into Tash, whom everyone had believed dead. She has survived in this new world using magical abilities that, prior to now, only demons had. Aloysius will send his demon smoke-powered boy army to kill them all, if he can. But what nobody knows is that there is more to the smoke than meets the eye...
