The *Lost Art of the Sportsman* is an exhaustive reference text and a compulsively addictive narrative from the turn of the 1900s. Francis H. Buzzacott would find little in common with the hiker and camper of contemporary times. This is

the American frontiersman at his best—no-holds-barred approach to sporting. And while some of the advice and information in *The Lost Art of the Sportsman* has undoubtedly been replaced with the advent of new technology, what's surprising is just how much of the book is still essential advice and knowledge for the modern hunter, fisher, and camper. Inside, you'll learn: • What to bring on a fishing, hunting, or camping trip • Recipes for easy campfire meals • Hunting, fishing, and trapping tips for a variety of animals • How to deal with an emergency in a remote place • Clothing choices for a variety of situations • Tips and secrets for all varieties of firearms Faithfully reproduced exactly how it was originally printed, *The Lost Art of the Sportsman* comes complete with hundreds of original pieces of line drawings and artwork, a true

collector's edition for hunters, fisherman, and campers alike.

The third in a contemporary series just like *Encyclopedia Brown*, but with a little more brawn, and a lot more brainteasers! Super-

sleuth Charlie Collier is thinking about taking a hiatus from his detective agency to play a private eye in a school play—but when some real robberies stump the police, Charlie realizes that detective work really is his true calling. He and his sidekicks Henry and Scarlett team up with Charlie's grandma and her old buddy Eugene to set a trap for the robber—one they're sure will catch him. But the trap doesn't work out quite the way they thought it would, leaving Charlie, Henry and Scarlett in grave danger. This high-stakes adventure is filled to the brim with brainteasers. Charlie can solve them all—can you? What people are saying about Charlie Collier's first caper: "I loved reading *The Homemade Stuffing Caper*. The mystery is challenging. The many characters in the book are great fun. I look forward to reading the next Charlie Collier story, and the next, and the next, and the . . ."—David A. Adler, author of the Cam Jansen mysteries "The Homemade Stuffing Caper is an exciting mystery, full of jokes and puns, as well as brainteasers and lots of detective work. This may be the first mystery you don't want the detective to solve, because you won't want it to end!"—Bookpage "Brisk and absorbing, author John Madormo's debut tips its fedora to hard-boiled classics with its 'sixth-grader meets Sam Spade' narration."—FamilyFun Magazine "With mysteries to solve, codes to decrypt, and an extended cast of colorful characters in tow, this first in a new series offers lots of mystery fans to chew on and will leave them hungry for the next installment."—Booklist A Bookpage Top Ten Summer Reading Selection for 2012

The Olympic runner, actress, filmmaker and writer Alexi Pappas shares what she's learned about confidence, self-reliance, mental health, embracing pain, and achieving your dreams. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE** • "Heartbreaking and hilarious."—Mindy Kaling • "A beautiful read."—Ruth Reichl • "Essential guidance to anyone dreaming big dreams."—Shalane Flanagan • "I couldn't put it down."—Adam Grant run like a bravey sleep like a baby dream like a crazy replace can't with maybe When "Renaissance runner" (New York Times) Alexi Pappas—Olympic athlete, actress, filmmaker, and writer—was four years old, her mother died by suicide, drastically altering the course of Pappas's life and setting her on a search for female role models. When her father signed his bereaved daughter up for sports teams as a way to keep her busy, female athletes became the first women Pappas looked up to, and her Olympic dream was born. At the same time, Pappas had big creative dreams, too: She wanted to make movies, write, and act. Despite setbacks and hardships, Pappas refused to pick just one lane. She put in a tremendous amount of hard work and wouldn't let anything stand in her way until she achieved all of her dreams, however unrelated they may seem to outsiders. In a single year, 2016, she made her Olympic debut as a distance runner and wrote, directed, and starred in her first feature film. But great highs are often accompanied by deep lows; with joy comes sorrow. In *Bravey*, Pappas fearlessly and honestly shares her battle with post-Olympic depression and describes how she emerged on the other side as a thriving and self-actualized woman. Unflinching, exuberant, and always entertaining, *Bravey* showcases Pappas's signature, charming voice as she reflects upon the touchstone moments in her life and the lessons that have powered her career as both an athlete and an artist—foremost among them, how to be brave. Pappas's experiences reveal how we can all overcome hardship, befriend pain, celebrate victory, relish the loyalty found in teammates, and claim joy. In short: how every one of us can become a bravey.

When Dave Barry is on the loose, no one is safe! What Dave Barry did for the men's movement in his *Complete Guide to Guys* and for foreign relations when he did Japan

he now does for . . . everything in America. The rapacious observer of Tupperware ladies and leisure concept salesmen sounds off on: Football—Football is more than just a game. It is a potential opportunity to see a live person lying on the ground with a bone sticking out of his leg, while the fans, to show their appreciation, perform "the wave." Sailing—There's nothing quite like getting out on the open sea, where you can forget about the hassles and worries of life on land, and concentrate on the hassles and worries of life on the sea, such as death by squid. Gambling—Off-Track Betting parlors are the kinds of places where you never see signs that say, "Thank You for Not Smoking." The best you can hope for is, "Thank You for Not Spitting Pieces of Your Cigar on My Neck." "The good news: he's funny as ever. The bad news: the book is only 304 pages."—Los Angeles Daily News

One of the most accomplished and prominent novels of the Victorian era, *Middlemarch* is an unsurpassed portrait of nineteenth-century English provincial life. Dorothea Brooke is a young woman of fervent ideals who yearns to effect social change yet faces resistance from the society she inhabits. In this epic in a small landscape, Eliot's large cast of precisely delineated characters and the rich tapestry of their stories result in a wise, compassionate, and astute vision of human nature. As Virginia Woolf declared, George Eliot "was one of the first English novelists to discover that men and women think as well as feel, and the discovery was of great artistic moment."

Across the social sciences and even in philosophy, trust is most often characterized in terms of expectations and probabilities. This book defends an alternative conception of trust as a moral phenomenon. When one person trusts another to do something, the first relies on the second's commitment(s). So, trust reflects—and is a product of—agreement about the commitments and obligations that bind persons who live and work together. These commitments and obligations can be implicit, but building (or rebuilding) trust often requires making these commitments and obligations explicit, defining the terms of cooperation. Part 1 argues that this account of trust better captures our actual trust practices, and it draws out connections with both the philosophy and the social science literatures. It also describes the process of creating trust relationships with reference to trust invitations. Part 2 addresses practical applications of the account defended here, in the context of social relationships, economic systems, and within business organizations. These applications emphasize the material benefits of trust but, separate from those, Part 2 argues that trust is an intrinsic good—so we have moral reason to trust. *The Nature and Practice of Trust* will appeal to scholars and advanced students working in ethics, social and political philosophy, and the social sciences.

Scholastic Coach The Copycat Caper
Matt Conner is sixty-two. He caught the

tail end of Vietnam and came home in '72 full of anger and guilt. Whiskey was Matt's anodyne, and barroom brawls were his way of dealing with the America he felt had betrayed him. When he wasn't drinking and fighting, he worked on a bridge-building crew in Tacoma. He became tough and mean and filled with anguish. And then he met Pam, a hippy from Shreveport who worked in a coffee shop he used to sober up in. An angry vet and a hippy chick—it shouldn't have worked, but it did. They were married for forty years before she died of a liver disease. Pam had given Matt his life back. She'd become his anodyne, and she'd helped to calm the angry spirit inside him. But she was gone now, and Matt, still mourning for her a year later, has a brief affair with Becky, a battered young woman with no one to turn to for help. Their relationship deepens after Matt rescues her from her boyfriend, Eric. Matt still holds old fashioned beliefs. Becky is thirty-

six—young enough to be his daughter. He is embarrassed of their relationship and tries to distance himself from it by dating his neighbor who is a three-time widow and closer to his own age. She's had a crush on Matt for several years and used to hit on him even when Pam was still alive. Her name is Faye, and she shares many of the same old-fashioned values that Matt does. Becky's problems, however, are not going away that easy. Her boyfriend, Eric, wants revenge. He recruits help from his connections in the drug world, and Matt Conner finds himself pulled deeper and deeper into a situation he wants no part of, and to make matters worse, his outlet, Faye, seems to have an ulterior motive for her attraction to him. Matt does not want to lose the normal life that Pam had worked so hard to give him, but when Eric and his drug pals make it personal, he resorts to the violence, and the angry spirit of his past to solve the problems of his present.
