Princeton Review

Planning and paying for a college education is a daunting task for most parents. It is a stressful and costly process that needs a well-thought-out academic and financial strategy. This guide offers just that! Two of the nation's leading college planning and financing experts provide clear step-by-step guidance on how to successfully save, plan for, apply to, and finance a college

education. Age- and grade-appropriate guidance empowers families with children of all ages, with detailed information on preparing, financing, and successfully applying to college.

Financing a college education requires a good look at all available options: savings, free money, financial aid, and loans. Finding the right savings vehicle and investments is important. Learn the pros and cons of various savings and investment options, including Bank accounts, 529 Plans, Coverdell Education Savings Accounts, and more-so you can begin to develop your plan. Easy-to-understand explanations help parents better understand college loans, including details about federal and private loans, consolidation and refinancing of loans, as well as a discussion on what it means to co-sign a loan. Based on the expert advice presented in this book, parents will be able to create a personalized college admission and financing plan that is unique to their family.

College Board Guide to Getting Financial Aid

John Wiley & Sons
Selects 371 of the best schools based on student feedback, and provides information on tuition, financial aid, housing, admission requirements, and other statistics.

Americans with Disabilities Cases
Princeton Review

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you

that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.
