Every year, 10 million people fall ill with tuberculosis (TB) in the world, and of those, 1.5 million people die even though it is a preventable and curable disease. As a result, TB remains the world's leading infectious cause of death. On the other hand, in industrialized countries, the TB incidence has fallen to a historic low, and clinicians' experience with TB diminished significantly in recent years. Additional challenges for clinicians include atypical presentation of TB in the immunocompromised, especially among the elderly, and an increasing number of patients with drug-resistant TB. Delayed diagnosis of TB leads to the spread of TB including nosocomial transmission because TB is an air-borne infectious disease, and suboptimal treatment can result in development of drug resistance. Furthermore, treatment of latent TB infection (LTBI) can prevent future TB cases but it has been under-utilized despite recent innovations in diagnosis and treatment regimens of LTBI. This book focuses on advances in diagnostic tools and treatment for both TB disease and latent TB infection. Each chapter/topic is written by one of the top TB experts in the field and the authors are from Japan and the US. Pulmonary Tuberculosis and its Prevention offers up-to-date information that can be incorporated into a busy practice of clinicians while they can appreciate broad international perspectives and gain in-depth knowledge on TB.

Firms that restructure through downsizing are not more profitable than those that don't, and often end up hurting themselves in the long run. Responsible Restructuring draws on the results of an eighteen-year study of S&P 500 firms to prove that it makes good business sense to restructure responsibly-to avoid downsizing and instead regard employees as assets to be developed rather than costs to be cut. Wayne Cascio explodes thirteen common myths about downsizing, detailing its negative impact on profitability, productivity, quality, and on the morale, commitment, and even health of survivors. He uses real-life examples to illustrate successful approaches to responsible restructuring used by companies such as Charles Schwab, Compaq, Cisco, Motorola, Reflexite, and Southwest Airlines. And he offers specific, step-by-step advice on what to do-and what not to do-when developing and implementing a restructuring strategy that, unlike layoffs, leaves the organization stronger and better able to face the challenges ahead.

So, you've been laid off. Or you see it coming. You're not alone. And it's not your fault: you're just one of millions of smart, high-quality people who are being shown the door. But none of that makes it feel any better! What can you do? What should you do? How do you cope with the havoc that losing your job can cause? This sympathetic, practical book brings together all the answers you need to empower yourself, and come back stronger than ever. Author Martha Finney is one of the nation's leading workplace experts: her research has been featured on CNN, NPR's Morning Edition, and in major newspapers across the country. Drawing on powerful insights and personal stories from an enormous network of experts, she brings together all the knowledge and resources you'll need to regain mastery over your life. Finney answers questions like: How can I keep getting laid off from wrecking my life? How can I protect my professional reputation and career path? How do I get past the anger? Why haven't I heard from my coworkers? How do I keep all my options open? How do I tell my family, without damaging their faith in their own futures? What are my rights? Can I sue? Should I? How do I keep this from happening again? From start to finish, this book will help you identify your best next steps: the steps that'll help you get past the trauma and move forward,

emotionally, financially, in your career, and in every part of your life.

In the catacombs of Kathmandu, a young boy learns the ancient ways of Nepal and the Red Hand legend. In the cities of Morocco, an underground resistance of street boys and outcasts gives support to three young friends who must rely on their wits and courage as they are hunted across the Sahara. Their British friend, Margaret, risks everything to save her wrongly imprisoned father. With the help of her French schoolmates, Margaret defies authority in search of justice. Meanwhile, Tariq learns of the Red Hand from Melbourne Jack as he explains the importance of his journey to North Africa. And, a new enemy is discovered in the dark jungles of Ceylon as the courageous Foster Crowe is determined to balance the scales. As the winds of war sweep across Morocco, the infamous Caid prepares to declare himself as supreme dictator. Morocco's only hope is our treasured ragtag group of resistance fighters from Rebels of the Kasbah, who are scattered all across the country. A battle of good against evil will echo through eternity.
