A skillful interviewer can reveal aspects of a writer's voice in simple yet telling ways. As a novelist, Arundhati Roy is known for her lush language and

intricate structure. As a political essayist, her prose is searching and fierce. All of these qualities shine through in the interviews collected by David Barsamian for *Globalizing Dissent: Conversations with Arundhati Roy*. New and devoted readers will find that these exchanges, recorded between 2001 and 2003, add to their appreciation of Roy's previous work. Whether discussing her childhood or the problems of translation in a multilingual society, Roy and Barsamian, the producer and host of *Alternative Radio*, engage in a lively and accessible manner. Speaking candidly and casually, Roy describes her participation in a demonstration against the Indian dam program as, "absolutely fantastic." She jokes that her Supreme Court charge for "corrupting public morality"--in the case of her novel *The God of Small Things*--should have been changed to "further corrupting public morality." She calls on her training as an architect to explain what she means by the "physics of power." Like a house of cards, she argues that "unfettered power . . . cannot go berserk like this and expect to hold it all together." Roy has been acclaimed for her courage (Salman Rushdie) and her eloquence (Kirkus Reviews), and her writing has been described as "a banquet for the senses" (Newsweek). She has found a readership among fiction enthusiasts and political activists. *Globalizing Dissent* captures Roy speaking one-on-one to her audience, revealing her intense and wide-ranging intellect, her very personal voice, and her opinion on momentous political events. Arundhati Roy's novel *The God of Small Things* was awarded the Booker Prize in 1997. She is the recipient of the 2002 Lannan Foundation Prize for Cultural Freedom.

In remembrance of the 75th anniversary of the liberation of Auschwitz and the Nazi concentration camps, this award-winning, bestselling work of

Holocaust fiction, inspiration for the classic film and “masterful account of the growth of the human soul” (Los Angeles Times Book Review), returns with an all-new introduction and beautifully redesigned cover. An “extraordinary” (New York Review of Books) novel based on the true story of how German war profiteer and factory director Oskar Schindler came to save more Jews from the gas chambers than any other single person during World War II. In this milestone of Holocaust literature, Thomas Keneally, author of *The Book of Science and Antiquities* and *The Daughter of Mars*, uses the actual testimony of the Schindlerjuden—Schindler’s Jews—to brilliantly portray the courage and cunning of a good man in the midst of unspeakable evil. “Astounding...in this case the truth is far more powerful than anything the imagination could invent” (Newsweek).

An activist and an actor reflect on Edward Snowden and the surveillance state in this collection that “reads like a whistleblower’s travel diary” (Disorient). In late 2014, Arundhati Roy, John Cusack, and Daniel Ellsberg traveled to Moscow to meet with NSA whistleblower Edward Snowden. The result was a series of essays and dialogues in which Roy and Cusack reflect on their conversations with Snowden. In these provocative and penetrating discussions, Roy and Cusack discuss the nature of the state, empire, and surveillance in an era of perpetual war, the meaning of flags and patriotism, the role of foundations and NGOs in limiting dissent, and the ways in which capital—but not people—can freely cross borders. “Things That Can and Cannot Be Said is not a book with solutions, nor even a comprehensive framing of the problem. Its charm and potential lies in its disarming conversational approach, offering insights-in-passing; ideas and thoughts to spark further conversations and just maybe inspire other acts of moral courage. While the book channels a palpable sense of rage—rage at imperialism, at the surveillance state, at ‘Washington’s ability to destroy countries and its inability to win a war’—it concludes on the topic of love.” —PopMatters “It asks questions—a lot of them. It connects dots from Kashmir to Palestine to Vietnam to Virginia—leaving no one spared from scrutiny--not even themselves, as Arundhati asserts.” —Disorient “The freewheeling conversations between all the participants will bring up many Eureka moments for a lot of readers. Insights that can only be gained if you are researching these topics in exhausting detail.” —Firstpost

WINNER OF THE VIRGINIA PRIZE FOR FICTION Living in post-revolutionary Tehran, Layla refuses to bow to the ayatollahs’ rules, resisting her mother’s relentless attempts to find her a suitable husband. Instead, she embarks on an illicit affair with her art teacher, Keyvan, and they tentatively imagine a future together. But the sudden death of her uncle, an outspoken journalist, raises many unanswered questions and when Layla’s cousin, who is visiting from America, is arrested by the morality police, the komiteh, Layla’s plans for the future begin to unravel. “I was totally captivated by this novel. Layla is torn between her heart and the restrictions of her culture. She obeys her heart though not without a price. This wonderfully poetic story keeps you hooked right to the very end.” - Stephanie Hale, author and broadcaster “a bittersweet tale of betrayed trust and ruptured innocence... the feel for colour and language is vibrant” - featured in The Guardian first novel selection “Vividly written, fresh and eloquent, a girl’s poignant tale of love and menace in contemporary Iran.” - Fay Weldon “I loved this book. It gives you real insight into the world of educated middle-class Iranians in the early 21st century. We are so used to the Iranians we meet in the UK that we do not realise how hard it is to live under their political regime at home. A joy to read.” - www.openingthebook.com Louise Soraya Black Born in England in 1977 to an English mother and Iranian father. Her father worked for UNICEF so she spent 17 years living overseas, in countries including Iran, Pakistan, Bangladesh and Indonesia. In spite of all this travel, she had strong roots: the family spent their summers in England and winter holidays in Iran. She began an English degree at University College London, but after a year switched to Law. She spent 8 years in corporate law but was unfulfilled so began writing in her spare time. She felt it was important to write about Iran because Iran is portrayed in the media as a bleak and oppressive place. She wanted to show Iran as a beautiful country, where the food is delicious, and Iranians are warm and hospitable. And while the media tends to paint a portrait of Iranian women as submissive and voiceless, this was not at all her experience so she created resilient and brave female characters in her novel. She had just about given up hope of finding a publisher for this novel, when she found out that Pomegranate Sky had won the Virginia Prize, a new literary prize for unpublished women writers. She was astonished and overjoyed, particularly when the novel received excellent reviews. After the birth of her son, she didn't return to law and instead, decided to focus on her writing. She has just completed her second novel.

The “courageous and clarion” Booker Prize-winner “continues her analysis and documentation of the disastrous consequences of unchecked global capitalism” (Booklist). From the poisoned rivers, barren wells, and clear-cut forests, to the hundreds of thousands of farmers who have committed suicide to escape punishing debt, to the hundreds of millions of people who live on less than two dollars a day, there are ghosts nearly everywhere you look in India. India is a nation of 1.2 billion, but the country’s one hundred richest people own assets equivalent to one-fourth of India’s gross domestic product. *Capitalism: A Ghost Story* examines the dark side of democracy in contemporary India and shows how the demands of globalized capitalism have subjugated billions of people to the highest and most intense forms of racism and exploitation. “A highly readable and characteristically trenchant mapping of early-twenty-first-century India’s impassioned love affair with money, technology, weaponry and the ‘privatization of everything,’ and—because these must not be impeded no matter what—generous doses of state violence.” —The Nation “A vehement broadside against capitalism in general and American cultural imperialism in particular . . . an impassioned manifesto.” —Kirkus Reviews “Roy’s central concern is the effect on her own country, and she shows how Indian politics have taken on the same model, leading to the ghosts of her book’s title: 250,000 farmers have committed suicide, 800 million impoverished and dispossessed Indians, environmental destruction, colonial-like rule in Kashmir, and brutal treatment of activists and journalists. In this dark tale, Roy gives rays of hope that illuminate cracks in the nightmare she evokes.” —Publishers Weekly

The End of Imagination GRIN Verlag

From the bestselling author of *The God of Small Things* comes a scathing and passionate indictment of big government’s disregard for the individual. In her Booker Prize-winning novel, *The God of Small Things*, Arundhati Roy turned a compassionate but unrelenting eye on one family in India. Now she lavishes the same acrobatic language and fierce humanity on the future of her beloved country. In this spirited polemic, Roy dares to take on two of the great illusions of India’s progress: the massive dam projects that were supposed to haul this sprawling subcontinent into the modern age—but which instead have displaced untold millions--and the detonation of India’s first nuclear bomb, with all its attendant Faustian bargains. Merging her inimitable voice with a great moral outrage and imaginative sweep, Roy peels away the mask of democracy and prosperity to show the true costs hidden beneath. For those who have been mesmerized by her vision of India, here is a sketch, traced in fire, of its topsy-turvy society, where the lives of the many are sacrificed for the comforts of the few. From the Trade Paperback edition.

This wry and visceral debut novel follows a young Turkish-American woman who, rather than grieving her father’s untimely death, seeks treatment for a stubborn headache and grows obsessed with a centuries-old theory of medicine. Twenty-year-old Sibel thought she had concrete plans for the summer. She would care for her grandmother in Istanbul, visit her father’s grave, and study for the MCAT. Instead, she finds herself watching Turkish soap operas and self-diagnosing her own possible chronic illness with the four humors theory of ancient medicine. Also on Sibel’s mind: her blond American boyfriend who accompanies her to Turkey; her energetic but distraught younger sister; and her devoted grandmother, who, Sibel comes to learn, carries a harrowing secret. Delving into her family’s history, the narrative weaves through periods of political unrest in Turkey, from military coups to the Gezi Park protests. Told with pathos and humor, Sibel’s search for strange and unusual cures is disrupted as she begins to see how she might heal herself through the care of others, including her own family and its long-fractured relationships.

Examination Thesis from the year 2008 in the subject English Language and Literature Studies - Literature, grade: 2,3, Humboldt-University of Berlin, course: Cross-cultural representations of India, language: English, abstract: In this essay I want to show how globalization and colonialism are phenomenons which cannot be looked at separately when speaking about Indias history and present. Roys book does not only reveal the impact of globalization and colonialism on India and its people but the interconnection between these processes. I will give examples of how globalization and colonialism are linked and how that is shown in Arudhati Roys novel "The God of Small Things" (1997). This is a semi-autobiographical book which includes examples that draw the authors political beliefs and understanding of how India has been shaped and is still shaped by globalism and colonialist policies. (Roy: "Is globalisation (sic) about the eradication of world poverty or is it a mutant variety of colonialism, remote controlled and digitally operated?" For this I will look at Indias economy, Indias role as an exotic Other and the novels own position within the global market of literature, the Indian Diaspora, examples for othering, self-othering and inbetweenness, at how and why caste and colonialist ideals still have major impacts on the construction of identity in times of globalization. I cannot give a profound analysis of Indias colonial history and position within the context of globalism, but it will provide background information and an insight into selected issues that have shaped and still shape India and the Indian society. The major aim of this essay is to show that "Indias colonial histories cannot be ignored."

Conversations with Arundhati Roy : Interviews Simon and Schuster

In the tradition of Elizabeth Kolbert and Barry Lopez, a powerful, poetic and deeply absorbing account of the “lung” at the top of the world. For the last fifty years, the trees of the boreal forest have been moving north. Ben Rawlence’s *The Treeline* takes us along this critical frontier of our warming planet from Norway to Siberia, Alaska to Greenland, Canada to Sweden to meet the scientists, residents and trees confronting huge geological changes. Only the hardest species survive at these latitudes including the ice-loving Dahurian larch of Siberia, the antiseptic Spruce that purifies our atmosphere, the Downy birch conquering Scandinavia, the healing Balsam poplar that Native Americans use as a cure-all and the noble Scots Pine that lives longer when surrounded by its family. It is a journey of wonder and awe at the incredible creativity and resilience of these species and the mysterious workings of the forest upon which we rely for the air we breathe. Blending reportage with the latest science, *The Treeline* is a story of what might soon be the last forest left and what that means for the future of all life on earth.

With a new introduction by Arundhati Roy, this new collection begins with her pathbreaking book *The Cost of Living*—published soon after she won the Booker Prize for her novel *The God of Small Things*—in which she forcefully condemned India’s nuclear tests and its construction of enormous dam projects that continue to displace countless people from their homes and communities. *The End of Imagination* also includes her nonfiction works *Power Politics*, *War Talk*, *Public Power in the Age of Empire*, and *An Ordinary Person’s Guide to Empire*, which include her widely circulated and inspiring writings on the US invasions of Afghanistan and Iraq, the need to confront corporate power, and the hollowing out of democratic institutions globally. 2017 Man Booker Prize Longlist 2018 Women’s Prize for Fiction Longlist *The Ministry of Utmost Happiness* is a dazzling new novel by the internationally celebrated author of *The God of Small Things*. It takes us on an intimate journey of many years across the Indian subcontinent—from the cramped neighborhoods of Old Delhi and the roads of the new city to the mountains and valleys of Kashmir and beyond, where war is peace and peace is war. It is an aching love story and a decisive remonstrance, a story told in a whisper, in a shout, through unsentimental tears and sometimes with a bitter laugh. Each of its characters is indelibly, tenderly rendered. Its heroes are people who have been broken by the world they live in and then rescued, patched together by acts of love—and by hope. The tale begins with Anjum—who used to be Aftab—unrolling a threadbare Persian carpet in a city graveyard she calls home. We encounter the odd, unforgettable Tilo and the men who loved her—including Musa, sweetheart and ex-sweetheart, lover and ex-lover; their fates are as entwined as their arms used to be and always will be. We meet Tilo’s landlord, a former suitor, now an intelligence officer posted to Kabul. And then we meet the two Miss Jebeens: the first a child born in Srinagar and buried in its overcrowded Martyrs’ Graveyard; the second found at midnight, abandoned on a concrete sidewalk in the heart of New Delhi. As this ravishing, deeply humane novel braids these richly complex lives together, it reinvents what a novel can do and can be. *The Ministry of Utmost Happiness* demonstrates on every page the miracle of Arundhati Roy’s storytelling gifts.
