International Organisations and Global Problems Harper Collins  
From the creator of the bestselling Anti-Coloring Book series with more than 600,000 copies sold, a new parenting guide to encouraging creativity in preschool-age children *Young at Art* is the first and only comprehensive book for the general audience about the nature, value and impact of art on very young children. Directed towards parents and educators of one to five year olds, Susan Striker explains why children's art is not a frill, but the very foundation upon which all later fundamental skills are built. She drives home the idea that encouraging children's artistic growth will have beneficial effects on all other aspects of their emotional

and intellectual development. At the core of this practical guide is the understanding that art is an important tool in teaching young children crucial concepts related to self-expression, reading and writing. As opposed to more structured exercises, such as coloring on dittos and underlining pictures in workbooks, Striker stresses that scribbling and free drawing experiments are the most important art activities a child can engage in; they better prepare children to read independently as they grow. *Young at Art* provides descriptions for age-appropriate art activities, tips for carrying them out safely, and helps parents recognize what a child's art work should look like at each stage of development. With *Young at Art*, parents will develop realistic expectations of their children's work, learn how to speak to their children about their art, and facilitate skills well beyond their creativity that will benefit children.

**Between You and Me** Penguin

In this innovative, comprehensive manual for writers of both fiction and nonfiction, bestselling author Susan Page reveals her original system for turning the dream of successful publication into reality. Lively anecdotes and examples pepper the book, along with psychological strategies for remaining sane throughout the process of getting published.

Global Lawmakers Broadway

Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice—National Security Advisor to President Barack Obama and US Ambassador to the United Nations—reveals her surprising story with unflinching candor in this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan Rice powerfully connects the personal and the professional. Taught early, with tough love, how to compete and excel as an African American woman in settings where people of color are few, Susan now shares the wisdom she learned along the way. Laying bare the family struggles that shaped her early life in Washington, DC, she also examines the ancestral legacies that influenced her. Rice's elders—immigrants on one side and descendants of slaves on the other—had high expectations that each generation would rise. And rise they did, but not without paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. Susan too rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's account of some of the most complex

issues confronting the United States over three decades, ranging from “Black Hawk Down” in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly will know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges as neither a villain nor a victim, but a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, *Tough Love* makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership.

“A real treat” about first loves, coming home, and chocolate cake from the #1 New York Times–bestselling author of *Sweet Talk* and *Sweet Spot* (Debbie Macomber). Jesse Keyes has changed her ways. With a steady job and a vibrant son, Gabe, she’s in a far better place than when she left Seattle five years ago, pregnant and misunderstood. Now it’s time to go home and face her demons. But her sisters, Claire and Nicole, aren’t exactly impressed with the new and improved Jesse. And then there’s Matt, Gabe’s father, who makes it clear he hasn’t forgiven her despite the lust that still smolders between them. Jesse doesn’t know if she can make up for all the mistakes of her past. But the promise of sweet nights with Matt might just give her the extra incentive she needs to make it worth the trouble . . . “Old ghosts come back to haunt in the satisfying conclusion to Mallery’s tough and tender Sweet trilogy . . . This author knows drama!” —RT Book Reviews “Sweet Trouble is a well written book about reestablishing relationships—family and romantic—as well as finding your way home.” —The Good, the Bad, and the Unread “The final installment in Susan Mallery’s Keyes sisters trilogy, provides redemption for Jesse, the family bad girl. Despite her checkered past, I found her to be a likable, interesting heroine . . . an enjoyable read.” —All About Romance

Kristy looks for a way to help a little girl with autism in this special entry in the classic hit series. Kristy’s newest baby-sitting charge is Susan Felder, who goes away to a special school. Susan isn’t like most kids. While she can play the piano and sing beautifully . . . she can’t talk to anyone. Susan is autistic. She

lives locked inside her own secret world. Kristy thinks it’s unfair that Susan has to be sent off to school and is treated differently from everyone else. But Kristy’s going to try to change that—by showing everyone that Susan’s a “regular” kid, too. And then maybe Kristy’s new friend can stay in Stoneybrook for good. The best friends you’ll ever have—with classic BSC covers and a letter from Ann M. Martin!

Against Our Will Cambridge University Press

From Hugo, Eisner, Newbery, Harvey, Bram Stoker, Locus, World Fantasy, and Nebula award-winning author Neil Gaiman and P. Craig Russell (*The Sandman*, *The Giver*), Scott Hampton (*American Gods*), and Paul Chadwick (*Concrete*) comes a graphic novel adaptations of the short stories and poems : *The Problem of Susan*, *October in the Chair*, *Locks*, and *The Day the Saucers Came*. Two stories and two poems. All wondrous and imaginative about the tales we tell and experience. Where the incarnations of the months of the year sit around a campfire sharing stories, where an older college professor recounts a Narnian childhood, where the apocalypse unfolds, and where the importance of generational storytelling is seen through the Goldilocks fairytale. These four comic adaptations have something for everyone and are a must for Gaiman fans!

Susan Wiggs Lakeshore Chronicles Series Book 1-3 Henry Holt and Company

Susan Orlean’s bestseller and New York Times Notable Book is “a sheer delight...as rich in insight and as varied as the treasures contained on the shelves in any local library” (USA TODAY)—a dazzling love letter to a beloved institution and an investigation into one of its greatest mysteries. “Everybody who loves books

should check out *The Library Book*" (The Washington Post). On the morning of April 28, 1986, a fire alarm sounded in the Los Angeles Public Library. The fire was disastrous: it reached two thousand degrees and burned for more than seven hours. By the time it was extinguished, it had consumed four hundred thousand books and damaged seven hundred thousand more. Investigators descended on the scene, but more than thirty years later, the mystery remains: Did someone purposefully set fire to the library—and if so, who? Weaving her lifelong love of books and reading into an investigation of the fire, award-winning New Yorker reporter and New York Times bestselling author Susan Orlean delivers a "delightful...reflection on the past, present, and future of libraries in America" (New York magazine) that manages to tell the broader story of libraries and librarians in a way that has never been done before. In the "exquisitely written, consistently entertaining" (The New York Times) *The Library Book*, Orlean chronicles the LAPL fire and its aftermath to showcase the larger, crucial role that libraries play in our lives; delves into the evolution of libraries; brings each department of the library to vivid life; studies arson and attempts to burn a copy of a book herself; and reexamines the case of Harry Peak, the blond-haired actor long suspected of setting fire to the LAPL more than thirty years ago. "A book lover's dream...an ambitiously researched, elegantly written book that serves as a portal into a place of history, drama, culture, and stories" (Star Tribune, Minneapolis), Susan Orlean's thrilling journey through the stacks reveals how these beloved institutions provide much more than just books—and why they remain an essential part of the heart, mind, and soul of our country.

*The Problem of Susan and Other Stories* HarperCollins  
Former Archbishop of Canterbury Rowan Williams offers fascinating insight into *The Chronicles of Narnia*, the popular series of novels by one of the most influential Christian authors of the modern era, C. S. Lewis. Lewis once referred to certain kinds of book as a "mouthwash for the imagination." This is what he attempted to provide in the Narnia stories, argues Williams: an unfamiliar world in which we could rinse out what is stale in our thinking about Christianity—"which is almost everything," says Williams--and rediscover what it might mean to meet the holy. Indeed, Lewis's great achievement in the Narnia books is just that—he enables readers to encounter the Christian story "as if for the first time." How does Lewis make fresh and strange the familiar themes of Christian doctrine? Williams points out that, for one, Narnia itself is a strange place: a parallel universe, if you like. There is no "church" in Narnia, no religion even. The interaction between Aslan as a "divine" figure and the inhabitants of this world is something that is worked out in the routines of life itself. Moreover, we are made to see humanity in a fresh perspective, the pride or arrogance of the human spirit is chastened by the revelation that, in Narnia, you may be on precisely the same spiritual level as a badger or a mouse. It is through these imaginative dislocations that Lewis is able to communicate—to a world that thinks it knows what faith is--the character, the feel, of a real experience of surrender in the face of absolute incarnate love. This lucid, learned, humane, and beautifully written book opens a new window onto Lewis's beloved stories, revealing the moral wisdom and passionate faith beneath their perennial appeal.

### Of Other Worlds MIRA

Now back in print for the first time since 1969, a stunning novel about childhood, marriage, and divorce by one of the most interesting minds of the twentieth century. Dream and reality overlap in *Divorcing*, a book in which divorce is not just a question of a broken marriage but names a rift that runs right through the inner and outer worlds of Sophie Blind, its brilliant but desperate protagonist. Can the rift be mended? Perhaps in the form of a novel, one that goes back from present-day New York to Sophie's childhood in pre-World War II Budapest, that revisits the divorce between her Freudian father and her fickle mother, and finds a place for a host of further tensions and contradictions in her present life. The question that haunts *Divorcing*, however, is whether any novel can be fleet and bitter and true and light enough to gather up all the darkness of a given life. Susan Taubes's startlingly original novel was published in 1969 but largely ignored at the time; after the author's tragic early death, it was forgotten. Its republication presents a chance to discover a splintered, glancing, caustic, and lyrical work by a dazzlingly intense and inventive writer.

### **When Parents Have Problems** Sleeping Bear Press

Susan Dwyer's *The Problem of Pornography* is the first anthology to present a balanced view of the scope of arguments concerning the nature of pornography and censorship. Devoted exclusively to the topic, Dwyer's book presents a range of feminist and other responses to pornography from influential women and men, including Andrea Dworkin, Catharine MacKinnon, Helen Longino, Ronald Dworkin, Stanley Fish, and John Stoltenberg. By not promoting any single view, *The Problem of Pornography*

encourages comparison and debate. This excellent collection stresses the complexity of debate surrounding free speech issues, and includes chapters that address the limits of both censorship and First Amendment absolutism. Dwyer's book contains: a section on gay pornography ; a legal appendix describing central Supreme Court cases in both the United States and Canada ; important legal milestones, including the Minneapolis Anti-Pornography Ordinance. (Back cover).

Young at Art Belmont, Calif. ; Toronto : Wadsworth

When ten-year-old Cora and her family leave their home in Missouri, their hearts are filled with the hopes and dreams of a bright future gleaming with promise and opportunity. But the journey west by wagon train is harsh, and tragedy strikes swiftly and unexpectedly. Now Cora and her father must steel themselves for a different future from what they had carefully planned. How can they move forward when their hearts are broken? But move on they must, and Cora takes comfort in her new baby sister (named Susan after the black-eyed flowers). When Cora learns she and Susan are to be separated at the end of their journey, she looks to the past to help craft a link to their new lives. Judy Young is an award-winning author of children's fiction, nonfiction, and poetry. Her other books in the *Tales of Young Americans* series are *Minnow and Rose* (2010 Storytelling World Resource Award) and *The Lucky Star* (2009 Storytelling World Honor Award). Judy lives near Springfield, Missouri. Doris Ettlinger graduated from the Rhode Island School of Design and has numerous picture books to her credit, including the award-winning *The Orange Shoes*. Doris lives and teaches in an old grist mill on the banks of the Musconetcong River in western New

Jersey.

Lucy and Edmund, accompanied by their peevish cousin Eustace, sail to the land of Narnia, where Eustace is temporarily transformed into a green dragon because of his selfish behaviour and skepticism.

The Voyage of the Dawn Treader Simon & Schuster

In her surprising, entertaining, and persuasive new book, award-winning author and psychologist Susan Pinker shows how face-to-face contact is crucial for learning, happiness, resilience, and longevity. From birth to death, human beings are hardwired to connect to other human beings. Face-to-face contact matters: tight bonds of friendship and love heal us, help children learn, extend our lives, and make us happy. Looser in-person bonds matter, too, combining with our close relationships to form a personal "village" around us, one that exerts unique effects. Not just any social networks will do: we need the real, in-the-flesh encounters that tie human families, groups of friends, and communities together. Marrying the findings of the new field of social neuroscience with gripping human stories, Susan Pinker explores the impact of face-to-face contact from cradle to grave, from city to Sardinian mountain village, from classroom to workplace, from love to marriage to divorce. Her results are enlightening and enlivening, and they challenge many of our assumptions. Most of us have left the literal village behind and

don't want to give up our new technologies to go back there. But, as Pinker writes so compellingly, we need close social bonds and uninterrupted face-time with our friends and families in order to thrive—even to survive. Creating our own "village effect" makes us happier. It can also save our lives. Praise for *The Village Effect* "The benefits of the digital age have been oversold. Or to put it another way: there is plenty of life left in face-to-face, human interaction. That is the message emerging from this entertaining book by Susan Pinker, a Canadian psychologist. Citing a wealth of research and reinforced with her own arguments, Pinker suggests we should make an effort—at work and in our private lives—to promote greater levels of personal intimacy."—Financial Times "Drawing on scores of psychological and sociological studies, [Pinker] suggests that living as our ancestors did, steeped in face-to-face contact and physical proximity, is the key to health, while loneliness is 'less an exalted existential state than a public health risk.' That her point is fairly obvious doesn't diminish its importance; smart readers will take the book out to a park to enjoy in the company of others."—The Boston Globe "A hopeful, warm guide to living more intimately in an disconnected era."—Publishers Weekly "A terrific book . . . Pinker makes a hardheaded case for a softhearted virtue. Read this book. Then talk about it—in person!—with a friend."—Daniel H. Pink, New York Times bestselling author of *Drive* and *To Sell Is Human* "What do Sardinian men, Trader Joe's employees, and nuns have in common? Real social networks—though not the kind you'll find on Facebook or Twitter. Susan Pinker's delightful book shows why face-to-face interaction at home, school, and work makes us healthier, smarter, and more successful."—Charles Duhigg, New

York Times bestselling author of *The Power of Habit: Why We Do What We Do in Life and Business* “Provocative and engaging . . . Pinker is a great storyteller and a thoughtful scholar. This is an important book, one that will shape how we think about the increasingly virtual world we all live in.”—Paul Bloom, author of *Just Babies: The Origins of Good and Evil* From the Hardcover edition.

The Village Effect The Problem of Susan and Other Stories  
 DIVDIV Susan Brownmiller’s groundbreaking bestseller uncovers the culture of violence against women with a devastating exploration of the history of rape—now with a new preface by the author exposing the undercurrents of rape still present today/divDIV Rape, as author Susan Brownmiller proves in her startling and important book, is not about sex but about power, fear, and subjugation. For thousands of years, it has been viewed as an acceptable “spoils of war,” used as a weapon by invading armies to crush the will of the conquered. The act of rape against women has long been cloaked in lies and false justifications./divDIV It is ignored, tolerated, even encouraged by governments and military leaders, misunderstood by police and security organizations, freely employed by domineering husbands and lovers, downplayed by medical and legal professionals more inclined to “blame the victim,” and, perhaps most shockingly, accepted in supposedly civilized societies worldwide, including the United States./divDIV *Against Our Will* is a classic work that has been widely credited with changing prevailing attitudes about violence against women by awakening the public to the true and continuing tragedy of rape around the globe and throughout the ages./divDIV Selected by the New York Times Book Review as an

Outstanding Book of the Year and included among the New York Public Library’s Books of the Century, *Against Our Will* remains an essential work of sociological and historical importance./divDIV/div/div

*Phantom* Cambridge University Press

Lawmaking by international organizations has enormous influence over world trade and national economies. This book explores who makes that law and how.

Sempre Susan HarperCollins UK

From the author of *The Friend*, winner of the 2018 National Book Award. “The masterpiece of the ‘I knew Susan’ minigenre” – A.O. Scott, *The New York Times* A poignant, intimate memoir of one of America’s most esteemed and fascinating cultural figures, and a deeply felt tribute. Sigrid Nunez was an aspiring writer when she first met Susan Sontag, already a legendary figure known for her polemical essays, blinding intelligence, and edgy personal style. Sontag introduced Nunez to her son, the writer David Rieff, and the two began dating. Soon Nunez moved into the apartment that Rieff and Sontag shared. As Sontag told Nunez, “Who says we have to live like everyone else?” Sontag’s influence on Nunez, who went on to become a successful novelist, would be profound. Described by Nunez as “a natural mentor” who saw educating others as both a moral obligation and a source of endless pleasure, Sontag inevitably infected those around her with her many cultural and intellectual passions. In this poignant, intimate memoir, Nunez speaks of her gratitude for having had, as an early model, “someone who held such an exalted, unironic view of the writer’s vocation.” Published more than six years after Sontag’s death, *Sempre Susan* is a startlingly truthful portrait of

this outsized personality, who made being an intellectual a glamorous occupation.

[A Book for Black-Eyed Susan](#) Spiegel & Grau

When Chloe Chisom realized she was more infatuated with her boyfriend's apartment than with her boyfriend, she had no choice but to add him to her jam-packed list of exes. All this Minneapolis web designer wants now is an erotic fling with Mr. Tall, Dark, and Handsome. But when a very eventful elevator ride with a

seductive stranger ignites a steamy affair, she finds herself plummeting back to earth. For Rocco Vinelli is not only driving Chloe wild with uncontrollable desire, he also happens to be melting her hardened heart.
