The Ultimate Guide to the UBE (Uniform Bar Exam) is your “one stop shop” for all things UBE (Uniform Bar Exam). Now administered in over 35 jurisdictions, bar exam takers don’t want to just pass – they want to excel and obtain the highest score

possible so they have their choice of UBE jurisdictions. This Guide covers it all - from the basics of what is tested on the UBE, to the best ways to personalize your bar exam study, to the most important of all – how to maximize your score on each of the three sections of the UBE. With over 40 years of combined experience in preparing students to pass the bar exam, Tania Shah, Melissa Hale, and Antonia (Toni) Miceli bring their expertise in the bar exam field directly to you and use actual bar exam answers from real bar examinees to show you exactly what you need to do to pick up points on the UBE! Key features: Whether you are in a new UBE jurisdiction, or one of the original UBE jurisdictions, this guide provides you with a detailed approach to the UBE, combining the authors’ expertise in bar exam preparation with access to actual bar exam answers from real bar

examinees that were written during past bar exams and graded by actual bar exam graders. The Ultimate Guide to the UBE shows readers what an actual bar exam answer looks like, rather than just telling them what the “perfect,” and mostly impossible, essay answer looks like. The material in this book appeals to readers with its straightforward approach, providing outlines, charts, easily digestible content, and good humor to engage readers with what could seem to be overwhelming and dry content. The Ultimate Guide to the UBE is organized and broken down into four sections: First, the Guide introduces the reader to the UBE, including what is tested on the UBE, how it is tested, and how it is scored, before guiding readers into their bar exam study, with tips on memory, time management, and scheduling. Next, the Guide introduces the reader to the Multistate Essay Exam (MEE), which is the essay component of the UBE. After breaking down how to prepare for the MEE, and how to structure an MEE answer, the Guide uses actual MEE questions and actual bar exam answers to take the reader, step by step, through maximizing your MEE score. Readers are given the chance to “be the grader” and learn how to self-assess their own answers to improve their MEE score. The Guide repeats this same process with the Multistate Performance Test (MPT), which is the closed-universe skills portion of the UBE. The Guide next tackles the Multistate Bar Exam (MBE), which is the multiple choice section of the UBE. The Guide focuses on each of the seven MBE subjects in independent chapters, where readers are guided through how to best attack MBE questions in that subject area, which include very detailed answer explanations and strategy pointers. Finally, the Guide provides readers with all of the law needed to answer

the actual UBE questions presented in the Guide, including quick reference handouts and charts.

Written in a question-and-answer format, this lowest-level beginner book covers the extreme basics of using spreadsheets in Excel. Instead of delving into advanced topics that scare most Excel novices away, the guide starts at a much more basic level, quickly providing a passable knowledge of the program and allowing users to overcome their fears and frustrations. It answers hundreds of common questions, including Can I delete data from a spreadsheet without changing the formatting? How can I merge two cells, columns, or rows? How do I use text-wrapping? How do I create custom functions? and What is a Macro and how do I go about creating it? Intended for the roughly 40 percent Excel users who have never even entered a formula, this book will demystify the problems and confusion that prevent them from using the program to its potential.

What are the best things in life? Questions like that may boggle

your mind. But they don't boggle Socrates. The indomitable old Greek brings his unending questions to Desperate State University. With him come the same mind-opening and spirit-stretching challenge that disrupted ancient Athens. What is the purpose of education? Why do we make love? What good is money? Can computers think like people? Is there a difference between Capitalism and Communism? What is the greatest good? Is belief in God like belief in Santa Claus? In twelve short, Socratic dialogues Peter Kreeft explodes contemporary values like success, power and pleasure. And he bursts the modern bubbles of agnosticism and subjectivism. He leaves you richer, wiser and more able to discern what the best things in life actually are.

"American Time Bomb is a vital read for this moment." —Heather Ann Thompson, author of the Pulitzer Prize-winning *Blood in the*

Water: The Attica Prison Uprising of 1971 and Its Legacy Few stories are more central to understanding our history of racially biased incarceration and violent social activism than the life of Sam Melville. Melville was both reviled and admired as one of the most feared radicals in post-World War II history. His importance in the 1960s is widely recognized by historians and scholars as epitomizing the controversies, the promise, and the problems of the New Left. This memoir by Melville's son opens a window into the personal life of a legend, revealing the universal and all-too-human foibles motivating those driven to make change through violence. In the current political climate, at the fiftieth anniversary of the Attica Uprising, this nation grows increasingly interested in the racially biased incarceration and violent social activism that has shaped our nation. There are few stories more central to both subjects than the life of Sam Melville, who was often called "the Mad Bomber." American Time Bomb is a son's personal portrait based on years of investigation of Melville's

story and the history he helped to create. Joshua Melville's personal connection to the story gives a gut-wrenching multigenerational tale of childhood abandonment but also adds a compelling historical study of politics, history, and issues of social justice.
