How can fun things like K-Pop and K-Drama be used to help students learn Korean? This book attempts to provide an answer to that question as well as the "how to learn Korean" question. Of course, there is much more to South Korea and the Korean language than the entertainment industry, but all Korean movies, TV, videos, and music can become a valuable resource to learn Korean with the right methods. If you are tired of re-reading and re-listening to the same dialogues from your Korean language textbook, why not try something new and different? This book will teach you a method that allows you to learn, practice, and never forget Korean vocabulary, phrases, and grammar points that you

encounter from any source of your choice including K-Pop and K-Drama. This system will teach you how to successfully learn Korean the fun and easy way including how to speak Korean both formally and informally. The method of this book also covers smarter ways to practice listening comprehension and reading and writing the Korean language (Hangul). This is not your conventional Korean textbook that lists topics to study accompanied by new vocabulary, grammar points, and Hangul lessons. You can find hundreds of those in bookstores and across the internet. Rather than dissect and explain a large hodgepodge collection of words and lines from random K-Pop and K-Drama that you may not be interested in, this book will show you a system on how to learn from any media from South Korea. You may find this system particularly useful if you have trouble remembering any new Korean language. Use what you love about South Korea to learn Korean!

HOW TO LEARN KOREAN IN 30 DAYS

Yesjapan Corporation

This book will make you learn KOREAN in just 30 days, starting from scratch. And this is more than a simple promise. Let me explain... The process is very simple: the book is divided into 30 chapters, one for each day, to allow you to learn the basis of this language in only one month. To get the most out of this course, you just have to follow one rule: read a chapter a day, nothing more, nothing less. If you abide by this rule and follow the instructions included in the book, the result is guaranteed. Forget the usual boring grammar lessons, anonymous and depersonalized. "HOW TO LEARN KOREAN IN 30 DAYS" was made with all the self-help chrims, like a practical handbook, characterised by a personal, fun and stimulating style. It is filled with many curious anecdotes and advices useful not only to speak in KOREAN, but also to get by during a trip. If you are still not sure, keep on reading... From the preface of the Author... (...) When I started to learn Korean in Italy I could not find any textbook able to help me to fully understand the contemporary society and when I first set foot in Korea I felt really lost. I wish someone had taken my hand and shown me all the things that I came to know after years of direct experience. I also tried to be very objective in the exposition of the material: it happens often that the passion for Korea causes people (especially young girls) to have an

idyllic image of this nation, without knowing and recognizing the problematic aspects too. "HOW TO LEARN KOREAN IN 30 DAYS" aims at being the fastest and most enjoyable method to learn Korean. The purpose is to study one chapter a day, for a total of 30 days. Every chapter starts from a cultural anecdote, slowly approaching a grammar rule, some words and many exercises to test yourself. Every chapter therefore will help you to understand Korea thoroughly. It is suitable both for those working and for those travelling... as well as for those who are only curious to learn something about this culture full of surprises! The difficult thing for a foreigner lies not only in verbal communication but also in understanding the culture of those giving hospitality. With this "little book" you can dive into the real South Korean culture, becoming, with some patience, little experts.
