"Erin Wunker is a feminist killjoy, and she thinks you should be one, too. Following in the tradition of Sara Ahmed (the originator of the concept "feminist killjoy"), Wunker brings memoir, theory, literary criticism, pop culture, and feminist thinking together in this collection of essays that take up Ahmed's project as a multi-faceted lens through which to read the world from a feminist point of view. Neither totemic nor complete, the non-fiction essays that make up *Notes from a Feminist Killjoy: Essays on Everyday Life* attempt to think publicly about why we need feminism, and especially why we need the figure of the feminist killjoy, now. From the complicated practices of being a mother and a feminist, to building friendship amongst women as a community-building and -sustaining project, to writing that addresses rape culture from the Canadian context and beyond, *Notes from a Feminist Killjoy: Essays on Everyday Life* invites the reader into a conversation about gender, feminism, and living in our inequitable world."--

"An uncommonly powerful memoir about four decades in confinement . . . A profound book about friendship [and] solitary confinement in the United States." —New York Times Finalist for the Pulitzer Prize and the National Book Award *Solitary* is the unforgettable life story of a man

who served more than four decades in solitary confinement—in a 6-foot by 9-foot cell, twenty-three hours a day, in Louisiana's notorious Angola prison—all for a crime he did not commit. That Albert Woodfox survived at all was a feat of extraordinary endurance. That he emerged whole from his odyssey within America's prison and judicial systems is a triumph of the human spirit. While behind bars in his early twenties, Albert was inspired to join the Black Panther Party because of its social commitment and code of living. He was serving a fifty-year sentence in Angola for armed robbery when, on April 17, 1972, a white guard was killed. Albert and another member of the Panthers were accused of the crime and immediately put in solitary confinement. Without a shred of evidence against them, their trial was a sham of justice. Decades passed before Albert was finally released in February 2016. Sustained by the solidarity of two fellow Panthers, Albert turned his anger into activism and resistance. The Angola 3, as they became known, resolved never to be broken by the corruption that effectively held them for decades as political prisoners. Solitary is a clarion call to reform the inhumanity of solitary confinement in the United States and around the world.

Bold, faithful, challenging - this volume uncovers the social and political implications of the gospel message by looking at Anabaptist theology and practice from a female perspective. The contributors approach the gospel from a wide range of disciplines and backgrounds, liberating the radical political ethic of Jesus Christ from patriarchal distortions and demonstrating that gender justice and peace theology are inseparable. Beautifully illustrated with

pen drawings, *Liberating the Politics of Jesus* recognizes the authority of women to interpret and reconstruct the peace church tradition on issues such as subordination, suffering, atonement, the nature of church, leadership, and discipleship. The contributors confront difficult topics head-on, such as the power structures in South Africa, armed conflict in Colombia, and the sexual violence of John Howard Yoder. The result is a renewed Anabaptist peace theology with the potential to transform the work of theology and ministry in all Christian traditions.

Chart the development of feminist approaches and theories of interpretation during the period when women first joined the ranks of biblical scholars This collection of essays on feminist biblical studies in the twentieth century seeks to explore four areas of inquiry demanding further investigation. In the first section, articles chart the beginnings and developments of feminist biblical studies as a conversation among feminists around the world. The second section introduces, reviews, and discusses the hermeneutic religious spaces created by feminist biblical studies. The third segment discusses academic methods of reading and interpretation that dismantle androcentric language and kyriarchal authority. The fourth section returns to the first with work that transgresses academic boundaries in order to exemplify the transforming, inspiring, and institutionalizing feminist work that has been and is being done to change religious mindsets of domination and to enable wo/men to engage in critical readings of the Bible. Features: Essays examine the rupture or break in the malestream reception history of the Bible Exploration of the term feminism in different social-cultural and theoretical-religious locations Authors from around the world present research and future directions for research challenging the next generation of feminist interpreters

Sasha Grey, rising adult film and pop-culture star, takes control in her new monograph "neu sex," moving out from in front of the camera to behind it, turning the lens on the wild world she inhabits. "When I first got into the adult industry, I decided to take my photography much more seriously. I started taking a camera with me to capture my experiences on set, so it was a moment in time, a memory for

myself—not the video that would be seen by thousands of people. On days where I was physically unable to capture an image, Ian, my fiance, became my third arm. He understands my aesthetic, or lack thereof. Ian is a photographer, yet the work in this book is quite different from his usual style. When you are so close with someone, there is a shorthand and true understanding of what the other person is trying to accomplish. If there's something I am physically unable to photograph, I can say one word and Ian can assist me with my vision. Ian can capture intimate moments with me that nobody can fabricate, because of our relationship. The strong sense of familiarity eliminates all boundaries between the subject and the photographer. "Documenting myself has almost become a necessity. "There are so many photos of me, taken by other people, that aesthetically I have no control over. Documenting myself allows me to reflect on the day, on the feelings I am having at that second. When you work in the entertainment industry, there are always surprises; there certainly isn't one day that is similar to the last. Personally, it's important to embrace this and appreciate it every day. "Still images vividly capture emotion, a second in time that can be left open for interpretation by the viewer and the creator. I am inspired by the work of Cindy Sherman and Nan Goldin. Sherman's work continues to inspire me to develop certain characters. I figured if I am on set I might as well take advantage of my surroundings, and document my life in an exciting, untraditional manner. I look back at photos, and see how much I've grown, how my opinions have changed, and how they will continue to change." --Sasha Grey
