This is the true and striking story by a Jewish doctor of his struggle for survival when caught in 1939 between the evils of Nazi Germany and Stalin's Russia. After facing death from frontier patrols, a firing squad and torture, Urban arrives at a position of considerable power in Soviet society in a medical post. He risks his life again, fighting epidemics. These fascinating memoirs give a rare glimpse of the Soviet Union in wartime, particularly into the exotic life of the Moscow elite, where beautiful women, diplomats and spies mingled at parties, and sex was used as a method of recruiting agents. Compassionate to the sick, defiant to authority, Garri S. Urban courageously insisted on his own way, even in the face of death. He tells his remarkable tale as boldly as he lived it. A most remarkable man a most enthralling book The Observer Written with the narrative skill of a professional, this book became an international best seller. The Times

To recover an African artifact, St. Ives will trade \$250,000—or his life Philip St. Ives is the kind of man who can convince a vice cop and a paroled mobster to sit down to a hand of poker. Once he was a reporter with a daily column, a fat Rolodex, and a reputation for indifference to criminal behavior. Now he is a go-between, a professional mediator between thieves and the people they rip off. For arranging the recovery of a stolen necklace, painting, or child, St. Ives takes ten percent of the ransom. His work takes him across the globe, but more importantly, it pays his alimony. An African warrior's shield has come to Washington, where a gang of art-minded burglars pluck it from the museum. They demand \$250,000 for the return of the priceless artifact, and request that St. Ives make the hand-off. But when he goes to deliver the cash, he finds himself playing a more deadly game than five-card draw.

When Bobby is publicly accused of having an affair cracks start to appear in the Dewar clan, and when he denies any knowledge, Gina faces an impossible dilemma. Should she stand by her husband, or listen to her sister-in-law, telling her that there is more to this story? As the town explodes with speculation, Gina tries to keep the gossips out of her marriage. After all, no one knows better than her that secrets should stay in the family. But then she hears the rumor that Bobby's supposed mistress is pregnant and she is shaken to the core. I gave my life to become the person I am right now. Was it worth it? Would we change if we knew what waits beyond space and time? "With One, the ninth novel from the ever spiritual and imaginative author of Jonathan Livingston Seagull, [Richard] Bach continues his quest for a deeper understanding of human nature. . . . Although the elements of a great science fiction novel are present, the plot is secondary to the novel's theme of humanity's ability to control destiny"—The Boston Herald "If you have ever tried to judge a book by its cover . . . One lives up to this question [in the headline] . . . and more . . . Bach gives the reader much to ponder, so much so in some chapters that the thoughtful may be tempted to read no more than a page at a sitting. Not because it's cumbersome reading, but because the ideas are worth savoring."—USA Today "One is a provocative book . . . it gives beautiful, hope-filled answers."—Indianapolis News "Uplifting . . . Each of the inspirational set pieces preaches the same message: of the power of each individual to choose the ways of peace, brotherhood and love, to live with a reverence for nature and at harmony with the universe. Back again displays an inventive imagination and inspirational zeal."—Publishers Weekly "One presents a number of provocative speculations: What would it be like to meet yourself when you were older or younger? How would your life turn out if you had made different choices, split up with your spouse, been born in a different time and place? . . . With love and hope as their guides and 'what matters most' as their destination, the Bachs touch down in different times and places, where they commune with some of their alternative selves."—The New York Times Book Review "This is a strange and though-provoking fantasy from the man who gave us Jonathan Livingston Seagull and Illusions, one that is imaginative, playful, and, in places, startling in concept."—The Anniston Star "Instead of soaring and diving through space, passengers on this flight must be prepared to cruise slowly, making several stops to look at their motivation and lifestyles as the Bachs look at their own."—Detroit Free Press

"What do you do if you are a self-educated genius multimillionaire college student, who has just been raped by her stepfather? The same stepfather who has been looting her mother's corporation? If you are Christy McMichael you trap yourself a husband and retaliate massively in "Disaster Recovery". "You move your investigative business to Ireland and continue to hunt down and stomp out corporate cockroaches while recording a Celtic music album backed by Galway Samhain in "Blink of an Eagle's Eye." "Finally, you identify and confront the adversary who had been trying to destroy your business and assassinate your family in "Dancing with a Dragon."
