**The Logistics of War..** Tate Publishing

This is a curated and comprehensive collection of the most important works covering matters related to national

security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe

these books are essential to this collection and the study of war, and have therefore brought them back into print, despite these imperfections. We hope you enjoy the unmatched breadth and depth of this collection, from the historical to the just-published works.

A practical, step-by-step guide to leading change efforts for sustainable results Leading Change Step-by-Step offers a comprehensive and tactical guide for

change leaders. Spiro's approach has been field-tested for more than a decade and proven effective in a wide variety of public sector organizations including K-12 schools, universities, international agencies and non-profits. The book is filled with proven tactics for implementing change successfully, with helpful tools to put change efforts into practice (including forms, rubrics, and helpful questions to ask). Also included are success stories that show how this approach has been used effectively in 22 states and internationally. The tools reveal how the leader analyzes situations, identifies the groups needed to get desired results, and works with them effectively to do so. Includes engaging self-analyses for leaders to inform their leadership when putting in place a change initiative Jody Spiro is an experienced leader of systems change for public, nonprofit, and private sector organizations Offers information on assessing a situation, engaging stakeholders, planning "early wins," minimizing resistance, building a supportive culture and much more This important resource shows how to translate a vision of a sustainable educational reform into a series of

coordinated action steps.

*Survival Tactics: A Short Story Collection* Leading Change Step-by-Step

The stories in the Grimm brothers' *Kinder- und Hausmärchen* (Children's and Household Tales), first published in 1812 and 1815, have come to define academic and popular understandings of the fairy tale genre. Yet over a period of forty years, the brothers, especially Wilhelm, revised, edited, sanitized, and bowdlerized the tales, publishing the seventh and final edition in 1857 with many of the sexual implications removed. However, the contributors in *Transgressive Tales: Queering the Grimms* demonstrate that the Grimms and other collectors paid less attention to ridding the tales of non-heterosexual implications and that, in fact, the Grimms' tales are rich with queer possibilities. Editors Kay Turner and Pauline Greenhill introduce the volume with an overview of the tales' literary and interpretive history, surveying their

queerness in terms of not just sex, gender and sexuality, but also issues of marginalization, oddity, and not fitting into society. In three thematic sections, contributors then consider a range of tales and their queer themes. In *Faux Femininities*, essays explore female characters, and their relationships and feminine representation in the tales. Contributors to *Revising Rewritings* consider queer elements in rewritings of the Grimms' tales, including Angela Carter's *The Bloody Chamber*, Jeanette Winterson's *Twelve Dancing Princesses*, and contemporary reinterpretations of both "Snow White" and "Snow White and Rose Red." Contributors in the final section, *Queering the Tales*, consider queer elements in some of the Grimms' original tales and explore intriguing issues of gender, biology, patriarchy, and transgression. With the variety of unique perspectives in *Transgressive Tales*, readers will find new appreciation for the lasting power of the fairy-tale genre. Scholars of fairy-tale studies and gender and sexuality studies will enjoy this thought-provoking volume.

describes his tour of duty as a member of the 4th JASCO (Joint Assault Signal Company) with the 1st Marine Division at their base camp on Pavuvu, the assaults on Peleliu and Okinawa, and closes with his posting to North China and confrontation with Chinese Nationalist and Communist troops. 44 photos.  
[Byron and the Poetics of Adversity](#) DIANE Publishing

*The Fairy Tale World* is a definitive volume on this ever-evolving field. The book draws on recent critical attention, contesting romantic ideas about timeless tales of good and evil, and arguing that fairy tales are culturally astute narratives that reflect the historical and material circumstances of the societies in which they are produced. *The Fairy Tale World* takes a uniquely global perspective and broadens the international, cultural, and critical scope of fairy-tale studies. Throughout the five parts, the volume challenges the previously Eurocentric focus of fairy-tale studies, with contributors looking at: • the contrast between traditional, canonical fairy tales and more modern reinterpretations; • responses to the fairy tale around the world, including works

from every continent; • applications of the fairy tale in diverse media, from oral tradition to the commercialized films of Hollywood and Bollywood; • debates concerning the global and local ownership of fairy tales, and the impact the digital age and an exponentially globalized world have on traditional narratives; • the fairy tale as told through art, dance, theatre, fan fiction, and film. This volume brings together a selection of the most respected voices in the field, offering groundbreaking analysis of the fairy tale in relation to ethnicity, colonialism, feminism, disability, sexuality, the environment, and class. An indispensable resource for students and scholars alike, *The Fairy Tale World* seeks to discover how such a traditional area of literature has remained so enduringly relevant in the modern world.

 Animal lovers can enter the reality of fantasy and go with Bizco, the most intelligent cat that ever lived, as he narrates his life in a collection of cat world tales. In *Cats of Velvet, Tales of Silk*, interpreted from cat speak, this amazing feline invites readers to enjoy the rich texture of Bizco's Kingdom. Bizco, being a rather precocious fellow, is poetic, humorous, philosophical, and unparalleled in the cat world. He knows without a doubt that his Bizco brain is superior to anyone on the planet, and he perfects his fear and intimidation tactics to work to his full advantage. He meets his new friend, Twinkletoes, and they ascend to the Rainbow Animal Kingdom, where they encounter The Mouse House and a rainbow of adventures. Join Bizco on his adventures in the world of cats in *Cats of Velvet, Tales of Silk*.

*Kindergarten* Naval Institute Press  
*Praise for The Peebles Principles* "Don Peebles is an example of what entrepreneurs are all about. In this engaging and witty book, Peebles shares insights from his own success in the world of high- powered real estate. What makes

this book different is Peebles doesn't just focus on the positive, he discusses the failures too--something every entrepreneur can expect in his journey to success. This book should be on every aspiring business- person's bookshelf to be read again and again." --Robert L. Johnson, Founder, BET and Owner, Charlotte Bobcats "The Peebles Principles provides a fun read and a bird's-eye view of the ever-changing world of a real estate entrepreneur. It is a good gut check for would-be entrepreneurs to ask if they have what it takes." --Dr. Peter D. Linnemann, Albert Sussman Professor of Real Estate, Wharton School of Business, University of Pennsylvania "Wow! What magnificent inspiration The Peebles Principles is for anyone seeking to be involved in business. The ground rules found in each chapter are absolute gems, and those alone make the book worth buying." --Cathy Hughes, Founder and Chairperson, Radio One, Inc. "This book is a brilliant example of entrepreneurship, creativity, and principles. Peebles walks you through many of his successful deals, from their inception to their completion. Once you start the book you won't be able to put it

down until you've finished the last page." -  
-Dr. Sanford L. Ziff, Founder and Chairman, Sunglass Hut International Inc.  
*Top Secret Tales of World War II*  
Independently Published  
From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a

dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

*Playstation Portable-Only Games* DIANE Publishing

A long line of traditional, often conservative, criticism and cultural commentary deplored Byron as a slipshod poet. This pithy yet aptly poetic book, written by one of the world's foremost Romantic scholars, argues that assessment is badly mistaken. Byron's great subject is what he called 'Cant': the habit of abusing the world through misusing language. Setting up his poetry as a laboratory to investigate failures of writing, reading, and thinking, Byron delivered sharp critical judgment on the costs exacted by a careless approach to his Mother Tongue. Perspicuous readings of Byron alongside some of his Romantic contemporaries – Burns, Blake, Wordsworth, Coleridge, Shelley – reveal Byron's startling reconfiguration of poetry as a 'broken mirror' and shattered lamp. The paradoxical result was to argue that his age's contradictions, and his own,

offered both ethical opportunities and a            emancipation. This book represents a            major contribution to ideas about  
promise of poetic – broadly cultural –            Romanticism.
