 In the late 1980s the rave phenomenon  
 swept the youth culture of the United  
 Kingdom, incorporating the generations'  
 two newest social stimulants: modern

electronic dance music and a notorious  
 designer drug known as Ecstasy. Although  
 the movement began in rebellion against  
 mainstream culture, its underground  
 dynamism soon attracted the interest of  
 novelists, screenwriters, and filmmakers  
 who attempted to reflect the phenomenon  
 in their works. Through artistic and  
 commercial popularization, the once  
 obscure subculture was transformed into a  
 pop-culture behemoth with powerful links  
 to the entertainment industry. This study  
 deals with the transformative effects of  
 film, television and literature on club  
 culture. Chapters furthermore reflect club  
 culture's own effect on crime, ethnicity,  
 sexuality and drug use. As the study  
 traces artistic depictions of club culture's  
 development, each chapter focuses on  
 individual books, films and television  
 shows that reflect the transformation of

the club culture into what it is today.

 The 20th anniversary edition of the classic  
 steampunk novel With new commentary  
 by the authors 1855: The Industrial  
 Revolution is in full swing, powered by  
 steam-driven cybernetic Engines. Charles  
 Babbage perfects his Analytical Engine,  
 and the computer age arrives a century  
 ahead of its time. Three extraordinary  
 characters race toward a rendezvous with  
 the future: Sybil Gerard—fallen woman,  
 politician's tart, daughter of a Luddite  
 agitator; Edward "Leviathan"  
 Mallory—explorer and paleontologist;  
 Laurence Oliphant—diplomat, mystic, and  
 spy. Their adventure begins with the  
 discovery of a box of punched Engine  
 cards of unknown origin and purpose.  
 Cards someone wants badly enough to kill  
 for. Part detective story, part historical

thriller, *The Difference Engine* took the science fiction community by storm when it was first published twenty years ago. This special anniversary edition features an Introduction by Cory Doctorow and a collaborative essay from the authors looking back on their creation. Provocative, compelling, intensely imagined, this novel is poised to impress a whole new generation.

On a steamy hot Sunday, the Reverend Herbert Redmond was celebrating Mass at a church in Brooklyn, when he startled his congregation thus: "It's far too hot for a sermon. Keep the Commandments and say a prayer for Gil Hodges." *Praying for Gil Hodges* is built around a detailed reconstruction of the seventh game of the 1955 World Series, which has always been on the short list of great moments in baseball history. On a sunny, breezy October afternoon, something happened in New York City that had never happened before and never would again: the Brooklyn Dodgers won the world championship of baseball. For one hour and forty-four minutes, behind a gutsy, twenty-three-year-old kid left-hander from the iron-mining region of upstate New York named Johnny Podres, everything that had gone wrong before went gloriously right for a change. Until that afternoon, leaving out the war years, the Dodgers and their legions of fans had endured ten seasons during which they lost the World Series to the New York Yankees five times and lost the National League pennant on the final day of the season three times--- facts of history that give the famous cry of "Wait Till Next Year!" its defiant meaning. Pitch by pitch and inning by inning, Thomas Oliphant re-creates a relentless melodrama that shows this final game in its true glory. As we move through the game, he builds a remarkable history of the hapless "Bums," exploring the Dodgers' status as a national team, based on their fabled history of near-triumphs and disasters that made them classic underdogs. He weaves into this brilliant recounting a winning memoir of his own family's story and their time together on that fateful day that the final game was played. This victory thrilled the national African-American community, still mired in the evils of segregation, who had erupted in joy at the arrival of Jackie Robinson eight years earlier and rooted unabashedly for this integrated team at a time when the country was thoroughly segregated. And it also thrilled a nine-year-old boy on the East Side of Manhattan in a loving, struggling family for whom the Dodgers were a rare source of

the joys and symbols that bring families together through tough times. Every once in a while a book provides a certain view of America, and whether it is *The Greatest Generation*, *Big Russ & Me*, or *Wait Till Next Year*, these works strike a chord with readers everywhere. *Praying for Gil Hodges* is such a book. Written with power and clarity, this is a brilliant work capturing the majesty of baseball, the issue of race in America, and the love that one young boy, his parents, and the borough of Brooklyn had for their team.

**Engineering and Mining Journal** Little, Brown and Knopf

In the spirit of the mega-selling *On Bullshit*, philosopher Aaron James presents a theory of the asshole that is both intellectually provocative and existentially necessary. What does it mean for someone to be an asshole? The answer is not obvious, despite the fact that we are often personally stuck dealing with people for whom there is no better name. Try as we might to avoid them, assholes are found everywhere—at work, at home, on the road, and in the public sphere.

Encountering one causes great difficulty and personal strain, especially because we often cannot understand why exactly someone should be acting like that. Asshole management begins with asshole understanding. Much as Machiavelli illuminated political strategy for princes, this book finally gives us the concepts to think or say why assholes disturb us so, and explains why such people seem part of the human social condition, especially in an age of raging narcissism and unbridled capitalism. These concepts are also practically useful, as understanding the asshole we are stuck with helps us think constructively about how to handle problems he (and they are mostly all men) presents. We get a better sense of when the asshole is best resisted, and when he is best ignored—a better sense of what is, and what is not, worth fighting for.

A distraught businessman kills himself after a short, impolite conversation with a detective named Jules Bettinger. Because of this incident, the unkind (but decorated) policeman is forced to relocate himself and his family from Arizona to the frigid north, where he will work for an understaffed precinct in Victory, Missouri. This collapsed rustbelt city is a dying beast that devours itself and its inhabitants...and has done so for more than four decades. Its streets are covered with dead pigeons and there are seven hundred criminals for every law enforcer. Partnered with a boorish and demoted corporal, Bettinger

investigates a double homicide in which two policemen were slain and mutilated. The detective looks for answers in the fringes of the city and also in the pasts of the cops with whom he works—men who stomped on a local drug dealer until he was disabled. Bettinger soon begins to suspect that the double homicide is not an isolated event, but a prelude to a series of cop executions... The author, S. Craig Zahler, is currently adapting *Mean Business* on North Ganson Street into a movie for Warner Brothers; Jamie Foxx and Leonardo DiCaprio are both attached to the project.

**The Hollywood Economist 2.0** Penguin Group

A fully revised edition of the popular guide to Hollywood finances, updated to reflect even newer films and trends In a *Freakonomics-meets-Hollywood* saga, veteran investigative reporter Edward Jay Epstein goes undercover to explore Hollywood's "invisible money machine," probing the dazzlingly complicated finances behind the hits and flops, while he answers a surprisingly difficult question: How do the studios make their money? We also learn: + How and why the studios harvest silver from old film prints ... + Why stars do—or don't do—their own stunts ... + The future of Netflix: Why the "next big thing" now seems in such deep trouble... + What it costs to insure Nicole Kidman's right knee... + How Hollywood manipulates Wall Street: including the story of the acquisition of MGM... wherein a consortium of banks and hedge funds lost some \$5 billion... while Hollywood made millions. + Why Arnold Schwarzenegger is considered a contract genius... + The fate of serious fare: How HBO, AMC, and Showtime have found ways to make money offer adult drama, while the Hollywood studios prefer to cater to teen audiences. + Why Lara Croft: *Tomb Raider* is considered a "masterpiece" of financing ...

**Who, a Directory of Prominent People** Butler Center Books

A rocket ride of a thriller—the #1 New York Times bestselling blockbuster by President Bill Clinton and James Patterson, "the dream team" (Lee Child). All Presidents have nightmares. This one is about to come true. Every detail is accurate—because one of the authors is President Bill Clinton. The drama and action never stop—because the other author is James Patterson. Matthew Keating, a one-time Navy SEAL—and a past president—has always defended his family as staunchly as he has his country. Now those defenses are under attack. A madman abducts Keating's teenage

daughter, Melanie—turning every parent's deepest fear into a matter of national security. As the world watches in real time, Keating embarks on a one-man special-ops mission that tests his strengths: as a leader, a warrior, and a father. The authors' first collaboration, *The President Is Missing*, a #1 New York Times bestseller and the #1 bestselling novel of 2018, was praised as "ambitious and wildly readable" (New York Times Book Review) and "a fabulously entertaining thriller" (Pulitzer Prize-winning author Ron Chernow).

Martin Flanagan uses Bakhtin's notions of dialogism, chronotope and polyphony to address fundamental questions about film form and reception, focussing particularly on the way cinematic narrative utilises time and space in its very construction. [Mean Business on North Ganson Street](#) Macmillan

NEW YORK TIMES BESTSELLER • WINNER OF THE BOOKER PRIZE • A modern masterpiece that "reminds us of the power of truth in the face of evil" (People)—and can be read on its own or as a sequel to Margaret Atwood's classic, *The Handmaid's Tale*. "Atwood's powers are on full display" (Los Angeles Times) in this deeply compelling Booker Prize-winning novel, now updated with additional content that explores the historical sources, ideas, and material that inspired Atwood. More than fifteen years after the events of *The Handmaid's Tale*, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by a third: Aunt Lydia. Her complex past and uncertain future unfold in surprising and pivotal ways. With *The Testaments*, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is, and how far she will go for what she believes.

[Brooklyn Daily Eagle Almanac](#) Springer  
 In 1837 Representative Joseph J. Anthony stabs the speaker of the house to death during a debate about wolf pelts. In 1899

Hot Springs police shoot it out with the county sheriffs over control of illegal gambling. In 1974 President Richard Nixon resigns in part due to the outspokenness of Pine Bluff native Martha Mitchell. In this special print project of the online Encyclopedia of Arkansas History & Culture, legendary cartoonist Ron Wolfe brings these and many other stories to life. Accompanied by selected entries from the encyclopedia, Wolfe's cartoons highlight the oddities and absurdities of our state's history. Seriously, you couldn't make up this stuff.

### **The Testaments**

"Vitaly important, devastatingly thorough, and shockingly revealing.... After reading *Primetime Propaganda*, you'll never watch TV the same way again." —Mark Levin  
 Movie critic Michael Medved calls Ben Shapiro, "One of our most refreshing and insightful voices on the popular culture, as well as a conscience for his much-maligned generation." With *Primetime Propaganda*, the syndicated columnist and bestselling author of *Brainwashed*, *Porn Generation*, and *Project President* tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg's *Bias* and *A Slobbering Love Affair* did for the liberal news machine, Shapiro's *Primetime Propaganda* is an essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.
