PHELPS LENNON

Vice Patrol Zest Books TM

The award-winning, field-defining history of gay life in New York City in the early to mid-20th century Gay New York brilliantly shatters the myth that before the 1960s gay life existed only in the closet, where gay men were isolated, invisible, and self-hating. Drawing on a rich trove of diaries, legal records, and other unpublished documents, George Chauncey constructs a fascinating portrait of a vibrant, cohesive gay world that is not supposed to have existed. Called "monumental" (Washington Post), "unassailable" (Boston Globe), "brilliant" (The Nation), and "a first-rate book of history" (The New York Times), Gay New York forever changed how we think about the history of gay life in New York City, and beyond.

A Change of Affection Grove

The wholesome image of America propagated by Hollywood in the 1940s, '50s and '60s is one of the most persistent in popular culture: loving wives, smiling children. But off the set, many of the actors who helped create this image were secretly leading

very wild lives, and one man in particular was helping them: Scotty Bowers. At a time when sex outside of marriage was taboo, Scotty built up a reputation as the guy who could discreetly fix you up. Scotty slept with many stars himself, and connected others with his friends. Here, he tells his story for the first time. Scotty came to Hollywood after serving in the Marines in World War II, and began working at a gas station on Hollywood Boulevard. One day, he was approached and picked up by actor Walter Pidgeon, who whisked him off to a friend's villa for the first of many encounters with Hollywood's rich and famous. He developed long-term friendships with stars like Katharine Hepburn and Noel Coward, but he always kept it quiet--until he now provides a lost chapter in the history of the sexual revolution.--From publisher description.

The Secret History Bloomsbury Publishing

NEW YORK TIMES BESTSELLER • A stunning "portrait of the enduring grace of friendship" (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. NATIONAL BOOK AWARD FINALIST • MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship

and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara's stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara's latest bestselling novel, *To Paradise*.

Public Faces, Secret Lives BearManor Bare

The powerful, dramatic story of how a successful Hollywood set designer whose identity was deeply rooted in his homosexuality came to be suddenly and utterly transformed by the power of the gospel. When Becket Cook moved from Dallas to Los Angeles after college, he discovered a socially progressive, liberal town that embraced not only his creative side but also his homosexuality. He devoted his time to growing his career as a successful set designer and to finding "the one" man who would fill his heart. As a gay man in the entertainment industry, Cook centered his life around celebrity-filled Hollywood parties and traveled to society hot-spots around the world--until a chance encounter with a pastor at an LA coffee shop one morning changed everything. In *A Change of Affection*, Becket Cook shares his testimony as someone who was transformed by the power of the gospel. Cook's dramatic conversion to Christianity and subsequent seminary training inform his views on homosexuality--personally, biblically, theologically, and culturally--and in his new book he educates Christians on how to better understand this complex and controversial issue while revealing how to lovingly engage with those who disagree. *A Change of Affection* is a timely and indispensable resource for anyone who desires to understand more fully one of the most common and difficult stumbling blocks to faithfully following Christ today. Harper Collins

The groundbreaking work on being homosexual in America—available again only from Penguin Classics and with a new foreword by Dan Savage Originally published in 1971, Merle Miller's *On Being Different* is a pioneering and thought-provoking book about being homosexual in the United States. Just two years after the Stonewall riots, Miller wrote a poignant essay for the *New York Times Magazine* entitled "What It Means To Be a Homosexual" in response to a homophobic article published in *Harper's Magazine*. Described as "the most widely read and discussed essay of the decade," it carried the seed that would blossom into *On Being Different*—one of the earliest memoirs to affirm the importance of coming out. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

When Someone You Know is Gay Anchor

Polari is a secret form of language mainly used by homosexual men in London and other cities during the twentieth century. Derived in part from the slang lexicons of numerous stigmatised and itinerant groups, Polari was also a means of socialising, acting out camp performances and reconstructing a shared gay identity and worldview among its speakers. This book examines the ways in which Polari was used in order to construct 'gay identities', linking its evolution to the changing status of gay men and lesbians in the UK over the past fifty years.

Behind the Screen Abrams

"By the dawn of the twentieth century Budapest was on its way to becoming a cosmopolitan metropolis. The 'Pearl of the Danube' boasted some of Europe's most beguiling architectural achievements, and its growing middle class was committed to advancing the city's liberal politics, fostering its centrality as an intellectual and commercial crossroads between East and West. As historian Anita Kurimay reveals, fin-de-siècle Budapest was also famous for its boisterous public sexual culture—including a robust homosexual subculture. *Queer Budapest, 1873-1961* is her riveting story of non-normative sexualities in Hungary as they were understood, experienced, and policed between the birth of the its capital as a unified metropolis in 1873 and the decriminalization of male homosexual acts in 1961. A stunning reappraisal of sexuality between East and West, *Queer Budapest, 1873-1961* demolishes myths identifying queer life with the failures of late-twentieth-century liberalism and instead recuperates queer sociality as an integral part of Budapest's-and Hungary's-modern incarnation"--

The Glamour Boys Vintage

Documents the history of homosexuality and its representation in art, using objects from the British Museum's collection that date from 9000 BC to the present to illustrate how same-sex love has always been a part of human history.

Queer City Reaktion Books

"Rich and often moving . . . at times shocking, but often enlightening and inspiring: oral history at its most potent and rewarding." — Kirkus Reviews A completely revised and updated edition of the classic volume of oral history interviews with high-profile leaders and little-known participants in the gay rights movement that cumulatively provides a powerful documentary look at the struggle for gay rights in America. From the Boy Scouts and the U.S. military to marriage and adoption, the gay civil rights movement has exploded on the national stage. Eric Marcus takes us back in time to the earliest days of that struggle in a newly revised and thoroughly updated edition of *Making Gay History*, originally published in 1992. Using the heartfelt stories of more than sixty people, he carries us through a compelling five-decade battle that has changed the fabric of American society. The rich tapestry that emerges from *Making Gay History* includes the inspiring voices of teenagers and grandparents, journalists and housewives, from the little-known Dr. Evelyn Hooker and Morty Manford to former vice president Al Gore, Ellen DeGeneres, and Abigail Van Buren. Together, these many stories bear witness to a time of astonishing change, as queer people have struggled against prejudice and fought for equal rights under the law.

Ike's Mystery Man Routledge

This is a book written for straight teenagers on the subject of homosexuality presented in a sympathetic and straightforward way.

Queer Budapest, 1873-1961 Truth to Power

Mann looks at the influence of gay actors, directors, and set and costume designers on the development of the motion pictures.

Gay Berlin Penguin

Woods identifies the ways in which homosexuality has helped shape Western culture. Extending from the trials of Oscar Wilde to the gay liberation era, this book examines a period in which increased visibility made acceptance of homosexuality one of the measures of modernity. Woods looks at the informal networks of gay people in the arts and other creative fields. Uneasily called "the Homintern" by those suspicious of an international homosexual conspiracy, such networks connected gay writers, actors, artists, musicians, dancers, filmmakers, politicians, and spies. While providing some defense against dominant heterosexual exclusion, the grouping brought solidarity, celebrated talent, and, in doing so, invigorated the majority

culture. Traveling from Harlem in the 1910s to 1920s Paris, 1930s Berlin, 1950s New York and beyond, this book presents a portrait of twentieth-century gay culture and the men and women who both redefined themselves and changed history.

Secret City University of Chicago Press

When gays had to be closeted, ships were the only places where homosexual men could not only be out but also camp. And on some liners to the sun and the New World, queens and butches had a ball. They sashayed and minced their way across the world's oceans. Never before has the story been told of the masses. These are the thousands of queer seafarers, mainly stewards, who sometimes even outnumbered the straight men in the catering departments of ships that were household names and the pride of the British fleet. Hello Sailor! uniquely shows what it was like to be queer at sea at a time when land meant straightness.

Come Out, Come Out, Whoever You Are Thomas Nelson

FINALIST FOR THE 2021 PULITZER PRIZE IN HISTORY. INSTANT NEW YORK TIMES BEST SELLER. New York Times Book Review Editors' Choice. Winner of the 2021 Randy Shilts Award for Gay Nonfiction. One of The Washington Post's Top 50 Nonfiction Books of 2020. From a young Harvard- and Cambridge-trained historian, and the Creator and Executive Producer of *The Book of Queer* (coming June 2022 to Discovery+), the secret history of the fight for gay rights that began a generation before Stonewall. In 1957, Frank Kameny, a rising astronomer working for the U.S. Defense Department in Hawaii, received a summons to report immediately to Washington, D.C. The Pentagon had reason to believe he was a homosexual, and after a series of humiliating interviews, Kameny, like countless gay men and women before him, was promptly dismissed from his government job. Unlike many others, though, Kameny fought back. Based on firsthand accounts, recently declassified FBI records, and forty thousand personal documents, Eric Cervini's *The Deviant's War* unfolds over the course of the 1960s, as the Mattachine Society of Washington, the group Kameny founded, became the first organization to protest the systematic persecution of gay federal employees. It traces the forgotten ties that bound gay rights to the Black Freedom Movement, the New Left, lesbian activism, and trans resistance. Above all, it is a story of America (and Washington) at a cultural and sexual crossroads; of shocking, byzantine public battles with Congress; of FBI informants; murder; betrayal; sex; love; and ultimately victory.

A Little Gay History Yale University Press

Rooted in extensive archival research and personal interviews, *A Queer Capital* is the first history of LGBT life in the nation's capital. Revealing a vibrant past that dates back more than 125 years, the book explores how lesbians, gay men, and bisexuals established spaces of their own before and after World War II, survived some of the harshest anti-gay campaigns in the U.S., and organized to demand equal treatment. Telling the stories of black and white gay communities and individuals, Genny Beemyn shows how race, gender, and class shaped the construction of gay social worlds in a racially segregated city. From the turn of the twentieth century through the 1980s, Beemyn explores the experiences of gay people in Washington, showing how they created their own communities, fought for their rights, and, in the process, helped to change the country. Combining rich personal stories with keen historical analysis, *A Queer Capital* provides insights into LGBT life, the history of Washington, D.C., and African American life and culture in the twentieth century.

Gay's the Word: Being a Brief History of the Secret Language of Homosexuality Beacon Press

In the early 1930s, a group of young, queer British MPs visited Berlin on a series of trips that would change the course of the

Second World War. Having witnessed the Nazis' brutality firsthand, these men were some of the first to warn Britain about Hitler, repeatedly speaking out against their government's policy of appeasing him. Prime Minister Neville Chamberlain hated them. Branding them 'the glamour boys' to insinuate something untoward about them, he had their phones tapped and threatened them with deselection and exposure. At a time when even the suggestion of homosexuality could land you in prison, the bravery these men were forced to show in their personal lives gave them extraordinary courage in public. Undaunted, they refused to be silenced and when war came, they enlisted. Four of them died in action. And without them, Britain would never have faced down the Nazis.

The American People: Volume 1 Oxford University Press, USA

It occurred to me today with something of a shock how horrible it would be for this diary of mine to be pawed over and read unsympathetically after I am dead, by those incapable of understanding... And then the thought of the one thing even more dreadful and terrible than that - for my diary never to be read by the one person who would or could understand. For I do want it to be read - there is no use concealing the fact - by somebody who is like me, who would understand. Jeb Alexander was a gay man who lived in Washington, D.C., during the first half of the twentieth century. From 1918, when he was nineteen years old, until the late 1950s, he chronicled his daily life engagingly and unsparingly, leaving behind a unique record of ordinary gay life before Stonewall, a history that has remained largely hidden until now. Jeb came of age as the century did, witnessing and recording political and social change from the position of insider as an editor for the U.S. Government and outsider as a gay man. Painfully shy, and frustrated in his ambition to be a novelist by writer's block, Jeb turned to his diary as a way of expressing himself as well as recording events, creating a full emotional self-portrait and unforgettable sketches of the men who made up his lively circle of friends. Jeb and Dash also details the joy and anguish of an extraordinary on-and-off love affair between Jeb and C. C. Dasham (Dash), whom he met in college and with whom he remained friends throughout his life. A rare and important historical document, a beautifully written memoir, a love story, an ode to old Washington, D.C., *Jeb and Dash* is a remarkable find and an enduring literary achievement.

A Little Life NYU Press

While people used to conceal the fact that they were gay or lesbian to protect themselves from stigma and discrimination, it is now commonplace for people to "come out" and encourage others to do so as well. *Come Out, Come Out, Whoever You Are* systematically examines how coming out has moved beyond gay and lesbian rights groups and how different groups wrestle with the politics of coming out in their efforts to resist stigma and enact social change. It shows how different experiences and disparate risks of disclosure shape these groups' collective strategies. Through scores of interviews with LGBTQ+ people, undocumented immigrant youth, fat acceptance activists, Mormon fundamentalist polygamists, and sexual harassment lawyers and activists in the era of the #MeToo movement, *Come Out, Come Out, Whoever You Are* explains why so many different groups gravitate toward the term coming out. By focusing on the personal and political resonance of coming out, it provides a novel way to understand how identity politics work in America today.

This is a Book for Parents of Gay Kids Farrar, Straus and Giroux

Written in an accessible Q&A format, here, finally, is the go-to resource for parents hoping to understand and communicate with their gay child. Through their LGBTQ-oriented site, the authors

are uniquely experienced to answer parents' many questions and share insight and guidance on both emotional and practical topics. Filled with real-life experiences from gay kids and parents, this is the book gay kids want their parents to read.

Gay New York Secret City

The New York Times Bestseller A New York Times Notable Book of 2022 Named one of Vanity Fair's "Best Books of 2022" "Not since Robert Caro's Years of Lyndon Johnson have I been so riveted by a work of history. Secret City is not gay history. It is American history." —George Stephanopoulos Washington, D.C., has always been a city of secrets. Few have been more dramatic than the ones revealed in James Kirchick's Secret City. For decades, the specter of homosexuality haunted Washington. The mere suggestion that a person might be gay destroyed reputations, ended careers, and ruined lives. At the height of the Cold War, fear of homosexuality became intertwined with the growing threat of international communism, leading to a purge of gay men and lesbians from the federal government. In the fevered atmosphere of political Washington, the secret "too loathsome to mention" held enormous, terrifying power. Utilizing thousands of pages of declassified documents, interviews with over one

hundred people, and material unearthed from presidential libraries and archives around the country, Secret City is a chronicle of American politics like no other. Beginning with the tragic story of Sumner Welles, Franklin Delano Roosevelt's brilliant diplomatic advisor and the man at the center of "the greatest national scandal since the existence of the United States," James Kirchick illuminates how homosexuality shaped each successive presidential administration through the end of the twentieth century. Cultural and political anxiety over gay people sparked a decades-long witch hunt, impacting everything from the rivalry between the CIA and the FBI to the ascent of Joseph McCarthy, the struggle for Black civil rights, and the rise of the conservative movement. Among other revelations, Kirchick tells of the World War II-era gay spymaster who pioneered seduction as a tool of American espionage, the devoted aide whom Lyndon Johnson treated as a son yet abandoned once his homosexuality was discovered, and how allegations of a "homosexual ring" controlling Ronald Reagan nearly derailed his 1980 election victory. Magisterial in scope and intimate in detail, Secret City will forever transform our understanding of American history.
