The Angelus is a centuries-old Catholic devotion that recalls the annunciation of

Christ's birth by the Angel Gabriel to the Virgin Mary. In Praying the Angelus, popular author and speaker Jared Dees reinvigorates the devotion, shares intimately from his own experience of it, shows us how to get started, and enriches the practice with original meditations to reflect on the words of both the Angelus and the Regina Caeli. Jared Dees was twenty-seven and in his fourth year of teaching religion in a Catholic school when he first experienced the Angelus. The creator of The Religion Teacher website allows the devotion to anchor his prayer life and challenge him to daily conversion of heart and will. Dees introduces the Angelus devotion and explores its rich history and significance for the Church. As spiritual companion and guide, he offers meditations on the words and images of both the Angelus and the Regina Caeli, which is prayed during the Easter season.

We find lessons about the power of repetitive prayer, the humility of being a disciple, the importance of admitting time belongs to God, the wisdom of taking time with discernment, and the joy of resting in the Lord's presence. He shares personal stories of the life-change power of the Angelus and guides both newcomers and those already familiar with the prayer to contemplate the mysteries of salvation that lie at the heart of the devotion—the Annunciation, Incarnation, and Resurrection. Named for the opening words of the devotion's first prayer in Latin, "The Angel of the Lord declared unto Mary," the Angelus is typically prayed at 6:00 a.m., noon, and 6:00 p.m. each day. Likewise the Regina Caeli is named for the opening lines of its prayer, "Queen of heaven, rejoice, alleluia." Praying the Angelus is supported by Dees's website, TheAngelusPrayer.com, where people can gather online to participate in and share this devotion with others.

Description This is the suggested course sequence that allows one core area of science to be studied per semester. You can change the sequence of the semesters per the needs or interests of your student; materials for each semester are independent of one another to allow flexibility. Big Book of History Learning just became big fun! Unfold 15 feet of the most interesting history of the world. This easy to follow, color-coded, multi-stream timeline teaches six thousand years of world history to children ages seven through thirteen. Discover technology and inventions, biblical and Christian history, world events, civilizations, and empires. These exciting facts and so much more wait inside: who were the first emperors of China and Rome what discovery unlocked the secrets of a forgotten language how modern robotics had its roots in the tea dolls of Japan where Christians faced death for the entertainment of thousands why the languages of Greek and Hebrew were used to write the Bible and how the Age of Discovery meant wealth some, and the destruction of civilization for others. Understanding how the past has shaped our future will inspire young learners in a uniquely visual way to make history for themselves! Noah's Ark: Thinking Outside the Box book and DVD Could a ship be constructed that would be able to survive the global flood described in biblical book of Genesis? Could it be built without the modern techniques of today being available to Noah? This groundbreaking book and DVD set answers both of these questions with a resounding "yes"! Join naval expert and mechanical engineer Tim Lovett in "thinking outside the box" as you consider critical research in this innovative study on Noah's ark. Lovett builds on traditional research into this historic event using the latest techniques in computer modeling and testing. Includes insight and context by pioneering creationist researcher, Dr. John Whitcomb. Unveils a new ark design based on biblical information and shipbuilding principles Beautiful illustrations and photos reveal facets of design and construction techniques Animations, interviews, and

images of the Ark explain the most perplexing questions Remaining faithful to the biblical dimensions, Lovett's updated design, similar to that of ancient sailing vessels, is based on established principles in ship design and unique research. He reveals a feasible ark design, explores the impact of flood waters on the vessel, and provides remarkable insight and analysis into the skills and techniques needed to construct it. Look inside the ship that saved Noah and his family, as well as the animal kinds!

As parents, we deeply desire the best for our kids. We look for the right preschool, teach them to read, and get them involved in extracurriculars. We take our job as parents seriously. But are we also putting our time and energy into teaching them the Bible? Leading our kids to life through Scripture is not only doable, it's an essential part of parenting kids for Jesus. And the good news is studying God's Word as a family doesn't have to be hard or overly time-consuming. This book will give you the tools and confidence to study the Bible as a family. It will help you identify and overcome your objections and fears, give you a crash course in what the Bible is all about and how to teach it, and provide the tools and techniques to set up a family Bible-study habit. You will finish this book feeling encouraged and empowered to initiate and strengthen your child's relationship with the Lord through his Word.

A long time ago, the people of the world were not treating each other kindly. God was very sad, and so he decided to send a flood to cover the entire world. However, one man, Noah, and his family were very good people, so God told Noah to build a big boat and to gather two of every kind of animal to be kept safe in the boat when the flood arrived. Noah did as God commanded and soon he, his family, and all the animals were drifting in the flood waters. After many weeks of waiting, the flood went away and Noah, his family, and the animals were able to again return to land. God set a rainbow in the sky, promising Noah that he would never again flood the earth. Share this remarkable and classic Bible story with young ones with this delightful new picture book. With stunning art by Helen Dardik, and simplified text for little readers, The Story of Noah's Ark is sure to become a favorite for families.
