*Climbing the Seven Summits* World Bank Publications  
One boy's thrilling journey to an underground cave filled with mythical creatures and unexplained wonders. Is he living a dream or actually there, but only you can discover which?

Mexico's Volcanoes Page Publishing Inc

\* More than 50 routes, including summit walk-ups and serious technical climbs \* Includes information of travel to and from East Africa and the major trekking and climbing destinations \* Also includes the standard trekking route on Mount Meru, Kilimanjaro's nearly 15,000-foot neighboring peak, and the trekking circuit in the Rwenzoris of Uganda, with detailed route descriptions to the

three highest summits in the region-Mount Stanley, Mount Speke, and Mount Baker For trekkers or climbers hoping to reach the top of Kilimanjaro -- one of the coveted Seven Summits -- or challenge themselves on the remote spires of Mount Kenya, or explore East Africa's lesser-visited areas such as Mount Meru and the Rwenzoris of Uganda, this completely revised guide is ideal. Author Cameron Burns includes everything you need to know to plan a safe and successful visit to the region, including up-to-date trip planning information and prices, tips on transportation and places to stay, as well as the scoop on hiring outfitters and obtaining permits and visas. Also included are dozens of useful websites for the East African trekker/climber, do's and don'ts to help you stay safe, hundreds of useful personal observations from the author, and a handy glossary of several local languages.

CLICK HERE to download the first 50 pages from Climbing the Seven Summits \* First and only guidebook to climbing all Seven Summits \* Full color with 125 photographs and 24 maps including a map for each summit route \* Essential information on primary climbing routes and travel logistics for mountaineers, with historical and cultural anecdotes for armchair readers Aconcagua. Denali. Elbrus. Everest. Kilimanjaro. Kosciuszko. Vinson. To a climber, these mountains are known as the Seven Summits\* -- the highest peaks on each continent. If you've ever dreamed of climbing Denali or Everest, or joining the even more exclusive "Seven Summitters " club, then Climbing the Seven Summits is the guidebook you need to turn your dream into reality. With Mike Hamill as your guide, you will discover different approaches to tackling the list, as well as details on what you'll need to plan an expedition and what to expect from each climb. For each mountain you'll learn about documents and immunizations, expedition costs, training, guiding options, climbing styles, best seasons, essential gear, day-by-day itineraries, summit routes, maps showing approaches and camps, regional natural history, cultural notes, and even post-climb activities like going on safari in Africa or wine-touring in South America. Throughout you'll also find helpful and inspiring stories from the likes of Conrad Anker, Vern Tejas, Damien Gildea, Eric Simonson, and other famed climbers. Special insider tips from Hamill, based on his years of experience, as well as full-color photographs of each peak round out this collectible guidebook. And, because there remains some controversy about whether Kosciuszko in Australia or Carstenz Pyramid on the island of New Guinea is the "seventh summit," this guidebook to the Seven Summits actually covers eight

mountains! \*Within mountaineering circles there is debate over which peaks are considered the official Seven Summits. For the purposes of this guidebook, the Seven Summits are based on the continental model used in Western Europe, the United States, and Australia, also referred to as the 'Bass list.'

#### **Kilimanjaro** Cicerone Press

Tour the globe and witness spectacular feats of human determination, endurance, and strength. Travel with dedicated mountaineers as they climb the "Seven Summits"—the highest peak of each of the seven continents. Stunning full-color photographs capture the breathtaking scenery and courageous athleticism of the climbers. Essays and diaries of mountaineers, along with striking photos, capture these harrowing adventures and take readers to each of the Seven Summits: McKinley (North America), Aconcagua (South America), Vinson (Antarctica), Kilimanjaro (Africa), Elbrus (Europe), Kosciuszko (Australia), and Everest (Asia).

**Up the Mountain Coming Down Slowly** Skyhorse  
Almost every couple faces a “now what?” moment as their last kid moves out of the house. There’s a big empty nest looming over this new and uncertain stage in their lives. David and Veronica James chose to look at this next phase of life as a beginning instead of an ending. Rather than staying put and facing the constant reminders of empty bedrooms and backseats, a plan began to develop to sell the nest and hit the highway. But could a homebody helicopter mom learn to let go of her heartstrings and house keys all at once? Filled with a sense of adventure and humor, *Going Gypsy* is the story of a life after raising kids that is a celebration of new experiences. Pulling the rip cord on the daily grind, David and Veronica throw caution to the wind, quit their jobs, sell their house, put on their vagabond shoes, and go gypsy in a beat-up old RV found on eBay. On a journey of over ten thousand miles along the back roads of America (and a hysterical, error-infused side trip into Italy), they conquer old fears, see new sights, reestablish bonds with family and friends, and transform their relationships with their three grown children from parent-child to adult-to-adult. Most importantly, they rediscover in themselves the fun-loving youngsters who fell in love three decades prior.

*Classic Hikes of the World* Rodale Books  
A Vintage Shorts “Short Story Month” Selection Pulitzer Prize and

National Book Award finalist Dave Eggers displays his emotional range in this quiet tour-de-force from *How We Are Hungry*, the often funny and masterful collection of short fiction. After giving up responsibility, in her usual passive way, of much that has been of importance in her life—her adopted children, a condo, financial security—Rita pays for a guided hike to the summit of Mount Kilimanjaro. An ebook Short.

**Child Safe Tourism** St. Martin's Press

Are you a hiker? Are you strong enough? Do you have enough endurance? People have made excuses all their lives for why they're not up to the task of hiking as far as their dreams. What's stopping you from training for those lofty peaks and luscious valleys of paradise? Is it time? Is it equipment? Is it the knowledge and skills to put together a complete training package that will get you to your goals in the shortest time possible? If you want to arrive back at the trailhead after a fantastic day in the wilds and still feel like you have gas in the tank, this is the one training program you cannot do without. You need the complete, total, all-encompassing package provided in this book. It took almost three years of writing, testing, and guinea pig testing to turn it into the best hiking training manual available today.

Whether you prefer walking, running, treadmills, stair steppers, stairs or boxes, it's all in here spelled out in detail with a 16 week program. How about weights? That's in here too. Stretching? We got you covered. You can do this, and this book tells you how.

64,000 Words, 340 Pages, 120 tables, 88 photos

[The Divided Mansion](#) MacLehose Press

Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of

wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F\*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

*The tour of monte rosa* Cicerone Press Limited

What does it take for a regular guy to climb some of the highest mountains in the world? Five Big Mountains takes you there, instantly placing the reader and the author on a steep glacier on Pico de Orizaba with equipment trouble and the tough decision any high altitude climber inevitably faces-should he turn back or keep going to the summit? The central theme of the book is that with proper preparation, careful planning, persistent training, and the best guides, even an amateur with little mountaineering experience can climb and reach the summits of some of the most famous mountains in the world, though there are risks involved that need to be minimized. Written in the first person, Five Big Mountains takes the reader into the mind of a regular guy trying to reach the summit of four of the famous Seven Summits, as well as his first high-altitude climb of a steep, glaciated Mexican volcano. The book tells what climbing is really like, the struggles and the triumphs, the emotions and the dangers, moment by moment. The reader is taken to Russia, Africa, Antarctica, South America, and Mexico. Along the way, the reader is able to travel with and discover the local flavor of each exotic or not so exotic venue. Color photos help the reader to visualize the glorious majesty of the peaks, but the narrative provides the nitty-gritty of the author's daily challenges on the mountains.

**Kilimanjaro** National Geographic Books

This guide provides eight stages of route description and comprehensive planning and background details to the Tour of Monte Rosa, a challenging and very varied adventure that takes a high route around the massif, in a circuit that begins and ends in Zermatt, southern Switzerland. Situated on the Swiss-Italian

frontier, the spectacular Monte Rosa range boasts 10 summits over 4000m and is the largest massif in western Europe. Spectacular from all angles, this mountaineer's paradise of true wilderness allows walkers to experience a remoteness rarely found in the Alps. The spectacular scenery is not all that the tour offers: the contrast between the Swiss and Italian sides of the range adds immeasurably to the whole experience and walkers are advised to take the time to explore some of the charming hamlets and villages found en route and to savour fully the different food and drink, history and culture that make up this alpine region.

*Epic Hikes of the World* Rowman & Littlefield

Each book in the Adventures with the Parkers series for kids 8-13 takes the Parker family to a popular national park and is packed with adventure as well as interesting facts about park activities, natural history, outdoor safety, and much more. All books have been vetted and approved by park officials and park associations. Each book includes color illustrations and photographs.

Surviving the Great Outdoors Mercer University Press

Alexandra penned Kilimanjaro Uncovered in real time while preparing and during her climb on the Northern Circuit, a little-known hiking route away from the crowds to the top of Kilimanjaro. She provides valuable guidance for those interested in climbing themselves and tells a broader story of a truly life-changing experience. PART I - PREPARATION: While Alex over-prepared her hike, she found a lack of concise, trustworthy information in other literature, including how to select the best tour operator. For the first time, Kilimanjaro Uncovered provides comprehensive, unbiased guidance how to organize a climb,

based on her experience and in-depth research. PART II - HIKING: On Kilimanjaro, Alex sees her own preconceptions turned on their heads. With the immediacy and intimacy of a journal, she tells her story with honesty, brutal at times, with self-deprecating humour, real passion and a zest for life. In easy-to-read conversational style she bares her heart with descriptions of what it means to feel vulnerable on such a trek, not least her own vulnerability, and how strength prevails when one feels most exposed. "Alex's description of the final push to the summit is some of the best writing I have seen in ages. Her real-time view of experiences is gripping . . . will have you reading well into the night." "The issue of porter welfare is taken up and is being acted upon even as this book goes to print. At a time when political correctness is killing the truth, the honest language here makes for a refreshing read. Kilimanjaro Uncovered is also, at times, laugh-out-loud funny - just like life. This makes it real." "If only for the entertainment of sharing in the experiences of what it means to be human and 'proud to be wild' for nine days, I'd say, read Kilimanjaro Uncovered by Alex Tanbai." "A must read for any mountain trekker" "A fun, informative and inspiring story" "Full of brilliant little nuggets of information that will help you prepare" "This book will have you reading well into the night"

Tanzania John Hunt Publishing

KilimanjaroTrailblazer Editions

Ten Years a Nomad Vintage

I want my readers to play a movie in their mind, when they are reading this book. In a nutshell, starting with the party in the Hollywood Hills. The twist and turns of a story of the Agape love of five families of the divided mansion. They end up adopting a

baby, named Emily. Her father is put in prison for life without parole, the trip to Africa. The near catastrophe at the divided Mansion, family tension and drama, with the kidnapping of baby Emily and the whole situation ending up in the courts.

### **My Amazing Adventure** Gramercy

A rediscovered mountaineering classic and the extraordinary true story of a daring escape up Mount Kenya by three prisoners of war. When the clouds covering Mount Kenya part one morning to reveal its towering peaks for the first time, prisoner of war Felice Benuzzi is transfixed. The tedium of camp life is broken by the beginnings of a sudden idea - an outrageous, dangerous, brilliant idea. There are not many people who would break out of a P.O.W. camp, trek for days across perilous terrain before climbing the north face of Mount Kenya with improvised equipment, meagre rations, and with a picture of the mountain on a tin of beef among their more accurate guides. There are probably fewer still who would break back in to the camp on their return. But this is the remarkable story of three such men. No Picnic on Mount Kenya is a powerful testament to the human spirit of revolt and adventure in even the darkest of places. "The history of mountaineering can hardly present a parallel to this mad but thrilling escapade" - Saturday Review "A most extraordinary prisoner-of-war and escape story" - New Yorker "A mad venture and a gallant tribute to man's deep yearning for freedom" - Kirkus Reviews "The book crackles with the same dry humour as its title. It contains the prison-yard bartering and candlelight stitching that mark a classic jailbreak yarn; the encounters with wild beasts in Mount Kenya's forest belt are as gripping, and the descriptions of sparkling glaciers as awe-inspiring, as any passage in the great exploration

diaries of the early 20th century" - The Economist  
[Kilimanjaro & East Africa](#) Cicerone Press Limited  
 NATIONAL BESTSELLER • ECPA BESTSELLER • The husband and wife behind the popular Earls Family Vlogs share their inspiring love story of how an expedition to climb Mount Everest deepened their faith, strengthened their commitment, and sharpened their vision to make a difference in the world. As a senior at West Point, Harold Earls dreamed of summiting Mount Everest after graduation and bringing awareness to the issue of PTSD in soldiers and veterans. But as a novice mountain climber and newlywed, could he really leave his wife, Rachel, on the other side of the world to pursue such a dangerous quest? After all, Rachel's dream was to be a wife and mother. She knew that her husband's audacious goal might lead to her to give up everything. *A Higher Calling* takes us on a beautiful journey through the ups and downs of their relationship, from their unlikely introduction and whirlwind romance to their fairy-tale wedding and the dreams they shared. Dreams that required tremendous sacrifice and faith—in each other and in God. As their dreams are realized, witness how Harold and Rachel used their

powerful bond of love to overcome obstacles and learn that life is about doing versus having, serving versus getting, being versus wanting. *A Higher Calling* shows each of us that when God's purpose and our passion meet, we can transcend any sacrifice we make on the mountains of adversity. And as we approach life with an attitude of thanksgiving, we realize that being joyful and living in love is worth it. Every time.

*Across East African Glaciers* Kilimanjaro

Offers a challenging and beautiful trek to the top of Mount Kilimanjaro, Africa's highest peak, along with city guides for the surrounding area.

**Run Like a Girl** The Mountaineers Books

This new guide is written in the proven Trailblazer style--with detailed walking maps showing hiking times, points of interest, and gradients.

*Seven Summits* The Mountaineers Books

From John Muir Trail in California to Mount Kilimanjaro, Potterfield takes readers along on 23 of his favorite personal hikes on some of the world's most spectacular trails. These hikes range from weekend trips to epic journeys, and none require mountaineering skills.
