A chic, polished guide to creating your dream kitchen from the cofounder of Waterworks, with hundreds of images and practical advice. The kitchen is the heart of the home, the destination of every party, everyone's favorite gathering spot, where style and functionality must go hand in hand. Designing a kitchen is a vastly complicated affair, involving an array of appliances (movable and fixed) and storage zones, not to mention addressing the kitchen's role as a multifunctional social arena to be used from very early in the morning until late into the night. Creating a timeless, high-functioning space is daunting indeed. Where is one to begin? In *The Perfect Kitchen*, Waterworks cofounder Barbara Sallick explores the process of designing a kitchen in great and beautiful detail, from surfaces and finishes to storage, cabinetry, and hardware. The book is enriched by dozens of images of kitchens by esteemed designers such as Steven Gambrel, Gil Schafer, and Suzanne Kasler; essays by top food icons including Julia Turshen and Melissa Clark about their own

kitchens; and important, how-to advice. Combining evocative, informative photography with an authoritative, engaging narrative, *The Perfect Kitchen* is an essential, lasting resource that will appeal to discerning homeowners and professionals alike looking for upscale visual inspiration and design advice.

Bake with Shivesh *Jumping Right In* When famed romance author Lisa Maxwell's first novel goes up for sale on an online auction, Sabrina Huffman jumps at the chance to finally get her hands on a copy of her favorite author's first work. But as fate would have it, the elusive book slips right through her fingertips, leaving her high and dry... and seething. So when she finds a copy at a local antique shop, she's certain that luck is finally on her side, until she finds out the book is not for sale. And although Liam West might be holding the beloved book in his possession... he might just be holding the key to Sabrina's heart as well! ♥ Author's Note: This novella can be read as a standalone, and is approximately two hours long with plenty of beach vibes, and a bit of steam! ♥
