NEW YORK TIMES

BESTSELLER It's time
for a black exit.

Political activist and
social media star

Candace Owens

addresses the many
ways that Democrat
Party policies hurt,
rather than help, the

African American
community, and why
she and many others
are turning right. Black
Americans have long
been shackled to the
Democrats. Seeing no
viable alternative, they
have watched liberal
politicians take the
black vote for granted
without pledging
anything in return. In
Blackout, Owens
argues that this
automatic allegiance is
both illogical and
unearned. She

contends that the Democrat Party has a long history of racism and exposes the ideals that hinder the black community's ability to rise above poverty, live independent and successful lives, and be an active part of the American Dream. Instead, Owens offers up a different ideology by issuing a challenge: It's time for a major black exodus. From dependency, from victimhood, from miseducation—and the Democrat Party, which perpetuates all three. Owens explains that government assistance is a double-edged sword, that the Left dismisses the faith so important to the black community, that Democrat permissiveness toward abortion disproportionately

affects black babies, that the #MeToo movement hurts black men, and much more. Weaving in her personal story, which ushered her from a roach-infested low-income apartment to 1600 Pennsylvania Avenue, she demonstrates how she overcame her setbacks and challenges despite the cultural expectation that she should embrace a victim mentality. Well-researched and intelligently argued, *Blackout* lays bare the myth that all black people should vote Democrat—and shows why turning to the right will leave them happier, more successful, and more self-sufficient.

Revolutionizing the Family Biteback Publishing

An instant New York Times bestseller. Critics agree: Michael Wolff's *Landslide* is THE book on Trump. "Landslide . . . is the one to leap upon. Smart, vivid and intrepid . . ." —The New York Times "I inhaled *Landslide*, gobbled it up." —Slate "Wow. Just wow . . ." —Evening Standard "Cruel, unforgiving, muckraking, scandalous. I couldn't stop reading it." —The Telegraph We all witnessed some of the most shocking and confounding political events of our lifetime: the careening last stage of Donald J. Trump's reelection campaign, the president's audacious election challenge, the harrowing mayhem of January 6, the buffoonery of the

second impeachment trial. But what was really going on in the inner sanctum of the White House during these calamitous events? What did the president and his dwindling cadre of loyalists actually believe? And what were they planning? Michael Wolff pulled back the curtain on the Trump presidency with his #1 bestselling blockbuster *Fire and Fury*. Now, in *Landslide*, he closes the door on the presidency with a final, astonishingly candid account. Wolff embedded himself in the White House in 2017 and gave us a vivid picture of the chaos that had descended on Washington. Almost four years later, Wolff finds the Oval Office

even more chaotic and bizarre, a kind of Star Wars bar scene. At all times of the day, Trump, behind the Resolute desk, is surrounded by schemers and unqualified sycophants who spoon-feed him the “alternative facts” he hungers to hear—about COVID-19, Black Lives Matter protests, and, most of all, his chance of winning reelection. Once again, Wolff has gotten top-level access and takes us front row as Trump’s circle of plotters whittles down to the most enabling and the president reaches beyond the bounds of democracy as he entertains the idea of martial law and balks at calling off the insurrectionist mob that threatens the institution of

democracy itself. As the Trump presidency’s hold over the country spiraled out of control, an untold and human account of desperation, duplicity, and delusion was unfolding within the West Wing. Landslide is that story as only Michael Wolff can tell it.

Political Journalism in Comparative Perspective Mr. Mikey's Video Views; Volume One

This is a day-by-day calendar of plays produced at the major London theatres from January 1, 1950 to December 31, 1959. Covering dozens of west-end theatres and including production details of thousands of plays, operas, and ballets, this revised edition provides expanded or new information about

authors, actors, plots, reviews, and more. *Rethinking Strategic Learning* Random House

In this instant New York Times bestseller, a young and successful entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. "Stakeholder capitalism" makes rosy promises of a better, more diverse, environmentally friendly world, but in reality this ideology championed by America's business and

political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost

insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021--a journey that begins with cynicism and ends with hope.

Gary Belsky
Mötley Crüe's lead singer and rock's ultimate bad boy, Vince Neil, lets the real dirt fly in this raw, raunchy, and completely uncensored road trip through the unbelievable depths of rock n' roll debauchery. You've seen *The Dirt* on Netflix, now read the nitty gritty stories in Vince's own words. For 30 years, Vince Neil has been one of rock's most notorious frontmen. From sex tapes with porn stars and multiple arrests for drunk and disorderly behavior to his turns as a strip club and tattoo parlor owner, his antics make Mick Jagger look like a choirboy. Now, he tells the whole story, in his own words,

as it has never been told before. The glory days of excess. Vince's break with the band and his arduous re-uniting with its members, especially Tommy Lee. The tragic death of his daughter Skylar. And, for the first time, Vince painfully opens up about his actions (and lack of real consequences) surrounding his part in the drunk-driving death of his friend Razzle. Then there are the stories and anecdotes that even hardcore Crue fans don't know. We also hear the voices of his friends, rock star cronies, ex-wives, family, and children in an effort to get to the heart of the matter. Tattoos and Tequila reveals the real Vince Neil, from his many vices--booze,

sex, and many, many women, to his personal and private tragedies and triumphs as a musician and businessman. Sexy, shocking, and revelatory, this is the first personal account of one of rock's most troubled, outrageous, and flamboyant stars.

Parliamentary Debates (Hansard).

Michael O'Mara Books
From MSNBC correspondent Steve Kornacki, a lively and sweeping history of the birth of political tribalism in the 1990s—one that brings critical new understanding to our current political landscape from Clinton to Trump In The Red and the Blue, cable news star and acclaimed journalist Steve Kornacki follows the twin paths of Bill

Clinton and Newt Gingrich, two larger-than-life politicians who exploited the weakened structure of their respective parties to attain the highest offices. For Clinton, that meant contorting himself around the various factions of the Democratic party to win the presidency. Gingrich employed a scorched-earth strategy to upend the permanent Republican minority in the House, making him Speaker. The Clinton/Gingrich battles were bare-knuckled brawls that brought about massive policy shifts and high-stakes showdowns—their collisions had far-reaching political consequences. But the '90s were not just about them. Kornacki writes about Mario

Cuomo's stubborn presence around Clinton's 1992 campaign; Hillary Clinton's star turn during the 1998 midterms, seeding the idea for her own candidacy; Ross Perot's wild run in 1992 that inspired him to launch the Reform Party, giving Donald Trump his first taste of electoral politics in 1999; and many others. With novelistic prose and a clear sense of history, Steve Kornacki masterfully weaves together the various elements of this rambunctious and hugely impactful era in American history, whose effects set the stage for our current political landscape. *The Dirt* Henry Holt and Company NOW A NETFLIX ORIGINAL MOVIE

STARRING MACHINE GUN KELLY, DANIEL WEBBER, DOUGLAS BOOTH, AND IWAN RHEON, DIRECTED BY JEFF TREMAINE.

Celebrate thirty years of the world's most notorious rock band with the deluxe collectors' edition of *The Dirt*—the outrageous, legendary, no-holds-barred autobiography of Mötley Crüe. Fans have gotten glimpses into the band's crazy world of backstage scandals, celebrity love affairs, rollercoaster drug addictions, and immortal music in Mötley Crüe books like *Tommyland* and *The Heroin Diaries*, but now the full spectrum of sin and success by Tommy Lee, Nikki Sixx, Vince Neil, and Mick Mars is an open book in *The Dirt*. Even fans already

familiar with earlier editions of the bestselling exposé will treasure this gorgeous deluxe edition. Joe Levy at *Rolling Stone* calls *The Dirt* "without a doubt . . . the most detailed account of the awesome pleasures and perils of rock & roll stardom I have ever read. It is completely compelling and utterly revolting."

Literary Digest

Scarecrow Press
Since the day Donald Trump announced his presidential campaign, the left has waged a demented war against him. Liberals used to pride themselves on their ultra-hipness, but Trump has turned them into weeping little girls in pink party dresses. The very people who once mocked right-wingers for (allegedly)

overreacting to every little thing are now the ones hyperventilating and hatching insane conspiracy theories. During the campaign, and even more so after his victory, the left went nuts. Everything Trump does sends them into a moral panic. Everything is a constitutional crisis. Members of the self-proclaimed "Resistance" -- journalists, politicians, professors, judges, comedians, movie stars, Twitter pundits, even Oprah and Lindsey Vonn! -- are literally shaking because Trump is literally Hitler! Now Ann Coulter skewers the various elements of "The Resistance" -- the pussy-hat brigade, the Russian-collusion witch hunters, the media alarmists, the campus

hysterics, and more. They talk about Russia? They're the ones meddling with our democracy by trying to overturn the results of the election with their relentless attacks. The biggest result of the Trump era may be our cultural institutions' total loss of credibility. Trafford Publishing
The November 1994 midterm elections were a watershed event, making possible a Republican majority in Congress for the first time in forty years. Contract with America, by Newt Gingrich, the new Speaker of the House, Dick Armey, the new Majority Leader, and the House Republicans, charts a bold new political strategy for the entire country. The ten-point program, which forms the basis of this book,

was announced in late September. It received the signed support of more than 300 GOP candidates. Their pledge: "If we break this contract, throw us out". Contract with America fleshes out the vision and provides the details of the program that swept the GOP to victory. Among the pressing issues addressed in this important book are: balancing the budget, stopping crime, reforming welfare, reinforcing families, enhancing fairness for seniors, strengthening national defense, cutting government regulations, promoting legal reform, considering term limits, and reducing taxes.

Rewriting History

Three Rivers Press
Today Vince Cable is

best known as "the undisputed heavyweight champion of the credit crunch in Parliament," revered for his prescience and authority on the world economic crisis. But his journey to become Britain's most respected politician has been long, circuitous, and sometimes very painful. In this memoir he tells that story for the first time. This is a candid book, written with wit and great insight. Vince Cable's life story is a long way from that of a conventional career politician. His book is as compelling as it is timely.

Resistance Is Futile!

Harper Collins
This revelatory memoir from Britain's former Prime Minister offers vital insights into our

extraordinary times. Former Prime Minister and the country's longest-serving Chancellor, Gordon Brown has been a guiding force for Britain and the world over three decades. This is his candid, poignant and deeply relevant story. In describing his upbringing in Scotland as the son of a minister, the near loss of his eyesight as a student and the death of his daughter within days of her birth, he shares the passionately-held principles that have shaped and driven him, reminding us that politics can and should be a calling to serve. Reflecting on the personal and ideological tensions within Labour and its successes and failures in power, he describes

how to meet the challenge of pursuing a radical agenda within a credible party of government. From the invasion of Iraq to the tragedy of Afghanistan, from the coalition negotiations of 2010 to the referendums on Scottish independence and Europe, Gordon Brown draws on his unique experiences to explain Britain's current fractured condition. By showing us what progressive politics has achieved in recent decades, he inspires us with a vision of what it might yet achieve. Riveting, expert and highly personal, this historic memoir is an invaluable insight into our times.

The Heroin Diaries

Harper Collins

On November 8, 2016, American voters

elected Donald J. Trump to become the 45th President of the United States. Peter Kivisto analyses how this happened, focusing on who Trump is, who his supporters are, and the role of the media, right-wing Christians, and the Republican Party in making Trump's victory possible.

Now: The Physics of Time Routledge
 NEW YORK TIMES
 BESTSELLER • “The single most important explanation, and the fullest explanation, of how Donald Trump became president of the United States . . . nothing less than the most important book that I have read this year.”—Lawrence O’Donnell How did we get here? In this sweeping, eloquent history of America,

Kurt Andersen shows that what’s happening in our country today—this post-factual, “fake news” moment we’re all living through—is not something new, but rather the ultimate expression of our national character. America was founded by wishful dreamers, magical thinkers, and true believers, by hucksters and their suckers. Fantasy is deeply embedded in our DNA. Over the course of five centuries—from the Salem witch trials to Scientology to the Satanic Panic of the 1980s, from P. T. Barnum to Hollywood and the anything-goes, wild-and-crazy sixties, from conspiracy theories to our fetish for guns and obsession with

extraterrestrials—our love of the fantastic has made America exceptional in a way that we've never fully acknowledged. From the start, our ultra-individualism was attached to epic dreams and epic fantasies—every citizen was free to believe absolutely anything, or to pretend to be absolutely anybody. With the gleeful erudition and tell-it-like-it-is ferocity of a Christopher Hitchens, Andersen explores whether the great American experiment in liberty has gone off the rails. Fantasyland could not appear at a more perfect moment. If you want to understand Donald Trump and the culture of twenty-first-century America, if you want to know how the

lines between reality and illusion have become dangerously blurred, you must read this book. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE “This is a blockbuster of a book. Take a deep breath and dive in.”—Tom Brokaw “[An] absorbing, must-read polemic . . . a provocative new study of America’s cultural history.”—Newsday “Compelling and totally unnerving.”—The Village Voice “A frighteningly convincing and sometimes uproarious picture of a country in steep, perhaps terminal decline that would have the founding fathers weeping into their beards.”—The Guardian “This is an

important book—the indispensable book—for understanding America in the age of Trump.”—Walter Isaacson, #1 New York Times bestselling author of Leonardo da Vinci

D.R.W.A.W. Journal

Random House

Alesha Dixon has not followed the easy path to fame. Suffering heartbreak, rejection and struggles that would test any of us, her strength of will and character were pushed to the limit. After early fame with R&B girl band Mis-Teeq, Alesha was dropped from her record label and experienced the breakdown of her marriage. However, her inner strength and determination to succeed were demonstrated in her

victory as 2007 winner of *Strictly Come Dancing*. Since then, she has never looked back, becoming a platinum-selling solo artist, *Strictly* judge and household name. This is Alesha's story: of how she scaled and conquered the heights, as well as the crevasses, of celebrity to become one of Britain's best-loved celebrities.

Landslide Grand

Central Publishing

Set against the frenzied world of heavy metal superstardom, the co-founder of legendary Motley Crue offers an unflinching and gripping look at his own descent into drug addiction. When Motley Crue were at the height of their fame, there wasn't a drug Nikki Sixx wouldn't do. He spent days -

sometimes alone, sometimes with others addicts, friends and lovers - in a coke- and heroin-fuelled daze. THE HEROIN DIARIES reveals Nikki's personal diary entries alongside commentary from the people who know Nikki best including band mates Tommy, Vince and Mick. The book is a candid look at a nightmare come true: a punishing heroin addiction that brought Nikki to the edge of losing his talent, his career, his family and finally to a near-fatal overdose which left him clinically dead for a few minutes before being revived. Brutally honest, utterly riveting and shockingly moving, THE HEROIN DIARIES follows Nikki during the year he plunged to rock bottom and his courageous decision to

pick himself up and start living again. *Fantasyland* HarperCollins The 1930s were dominated by economic collapse, stagnation, and mass unemployment. This crisis enabled the Democrats to recapture the White House and embark upon a period of reform unsurpassed until the 1960s. Roosevelt's New Deal laid the foundations of a welfare system that was further consolidated during and after the Second World War. American involvement in World War II helped to secure victory in Europe and in Asia. American participation in the war led to economic recovery but also brought with it enormous

demographic and social changes. Some of these changes continued after the war had ended, but further political reform was to be limited due to the impact of the Cold War and the effects of America's new role as the world's leading superpower in the atomic age. The A to Z of the Roosevelt-Truman Era examines significant individuals, organizations, and events in American political, economic, social, and cultural history between 1933 and 1953. This was a period of enormous significance in the United States due to the impact of the Great Depression, World War II, and the onset of the Cold War. The presidencies of Franklin D. Roosevelt and Harry S. Truman

witnessed the origins of the modern American welfare system and the rise of the United States as a world power, as well as its involvement in the confrontation with communism that dominated the latter half of the 20th century.

Free Radical W. W. Norton & Company
Now, for the first time, Fox News political analyst and former Clinton adviser Dick Morris turns his sharp-eyed gaze on Hillary, the longtime First Lady, current New York senator, and bestselling author. For, as he argues, no politician in America today is better aligned to become president in 2008—and none would bring more baggage to the White House—than Mrs. Clinton. In

Rewriting History, Morris draws on his own long working relationship with the Clintons, as well as his trademark deep research and candid, nonpartisan analysis, to create a rebuttal to Hillary's bestselling autobiography, Living History. Morris documents how Hillary hides her true self behind a "Hillary" brand that is chatty, charming, giggly, and warm—but is far from her true personality. In Rewriting History, Morris pierces the mask to get at the truth behind the distortions and omissions of Hillary's memoir. Here we meet the real Hillary, both good and bad: the manager who makes the trains run on time, but also the paranoid who sees all those who

disagree with her as personal enemies; the idealist, but also the "advice addict" easily misled by the guru of the moment. Morris describes Hillary's sense of entitlement, and warns that it may lead deep into financial scandal. And he demonstrates how Hillary dodges criticism by pretending that every attack is directed not just at her, but at every working woman in America. Ultimately, Morris argues, the Hillary Clinton of today is marketing a false front, obscuring both her wants and her assets behind the phony facade of a domestic Everywoman. But as she pursues higher office, she also faces a choice. Will she, like Bobby Kennedy, see the error of her ruthless ways,

and embrace the sincere idealism she professes? Or, like Richard Nixon, will she allow the darker angels of her nature to overcome her, jeopardizing herself and the country in the process? As *Rewriting History* suggests, we can only hope that Hillary Clinton's past performance is no guarantee of future results.

The London Stage

1950-1959 Emerald Group Publishing

In 1950, China's new Communist government enacted a Marriage Law to allow free choice in marriage and easier access to divorce. Prohibiting arranged marriages, concubinage, and bigamy, it was one of the most dramatic efforts ever by a state to change marital and

family relationships. In this comprehensive study of the effects of that law, Neil J.

Diamant draws on newly opened urban and rural archival sources to offer a detailed analysis of how the law was interpreted and implemented throughout the country. In sharp contrast to previous studies of the Marriage Law, which have argued that it had little effect in rural areas, Diamant argues that the law reshaped marriage and family relationships in significant--but often unintended--ways throughout the Maoist period. His evidence reveals a confused and often conflicted state apparatus, as well as cases of Chinese men and women taking

advantage of the law to justify multiple sexual encounters, to marry for beauty, to demand expensive gifts for engagement, and to divorce on multiple occasions. Moreover, he finds, those who were best placed to use the law's more liberal provisions were not well-educated urbanites but rather illiterate peasant women who had never heard of sexual equality; and it was poor men, not women, who were those most

betrayed by the peasant-based revolution.
