'Wishful Drinking is a touching and incisive

account of bipolarity, addiction and motherhood.'

Independent 'No motive is pure. No one is good or bad – but a hearty mix of both. And sometimes life actually gives to you by taking away.' Carrie Fisher in *Wishful Drinking* In *Wishful Drinking*, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie

called Star Wars when only 19 years old. "But it isn't all sweetness and light sabres." Alas, aside from a demanding career and her role as a single mother (not to mention the hyperspace hairdo), Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale: from having Elizabeth Taylor as a stepmother, to marrying (and divorcing) Paul Simon, and from having the father of her daughter leave her for a man, to

ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as The Blues Brothers and When Harry Met Sally. She was the author of four bestselling novels, Surrender in the Pink, Delusions of Grandma, The Best Awful and Postcards from the Edge, which was made into a hit film starring Shirley MacLaine and Meryl Streep. Carrie's experience with addiction and mental illness – and

her willingness to talk honestly about them – made her a sought-after speaker and respected advocate. She was truly one of the most magical people to walk among us. Further praise for Carrie Fisher:- [Shockaholic] is the finest, funniest chronicler of the maddest celebrity mores.' Sunday Times 'Fisher has a talent for lacerating insight that masquerades as carefree self-deprecation' Los Angeles Times 'She is one of the rare inhabitants of La-La Land who can actually write' New York

Times

The Geek Feminist Revolution Del Rey

This classic memoir by the former director of the renowned Spanish Riding School explores the age-old relationship between horse and rider. Timeless, inspiring, and full of valuable advice. A book every rider should read.

Minecraft: Guide to Survival Tor Books

#1 NEW YORK TIMES BESTSELLER • The

thrilling history of the Targaryens comes to life in this masterly work, the inspiration for HBO's

Game of Thrones prequel series House of the Dragon "The thrill of Fire & Blood is the thrill of all Martin's fantasy work: familiar myths debunked, the whole trope table flipped."—Entertainment Weekly Centuries before the events of A Game of Thrones, House Targaryen—the only family of dragonlords to survive the Doom of Valyria—took up residence on Dragonstone. Fire & Blood begins their tale with the legendary Aegon the Conqueror, creator of the

Iron Throne, and goes on to recount the generations of Targaryens who fought to hold that iconic seat, all the way up to the civil war that nearly tore their dynasty apart. What really happened during the Dance of the Dragons? Why was it so deadly to visit Valyria after the Doom? What were Maegor the Cruel's worst crimes? What was it like in Westeros when dragons ruled the skies? These are but a few of the questions answered in this essential chronicle, as related by a learned

maester of the Citadel. Readers have glimpsed small parts of this narrative in such volumes as *The World of Ice & Fire*, but now, for the first time, the full tapestry of Targaryen history is revealed. With all the scope and grandeur of Gibbon's *The History of the Decline and Fall of the Roman Empire*, *Fire & Blood* is the first volume of the definitive two-part history of the Targaryens, giving readers a whole new appreciation for the dynamic, often bloody, and always fascinating

history of Westeros. Praise for *Fire & Blood* "A masterpiece of popular historical fiction."—*The Sunday Times* "The saga is a rich and dark one, full of both the title's promised elements. . . . It's hard not to thrill to the descriptions of dragons engaging in airborne combat, or the dilemma of whether defeated rulers should 'bend the knee,' 'take the black' and join the Night's Watch, or simply meet an inventive and horrible end."—*The Guardian*

Minecraft Volume 3

(Graphic Novel) Del Rey MYFAROG (Mythic Fantasy Role-playing Game) (3rd edition) is a fantasy role-playing game, with a setting based on European mythology, religion and fairy tales. The rules are very modular, meaning you can play the game rules light or rules heavy, as you please. The rules are designed to make sense, and to give the players the ability to immerse themselves in Thulê; a highly credible fantasy world similar to Middle-earth and the European

Classical Antiquity (some places touching into the Viking Age or the Bronze Age), but yet different. In Thulê, sorcery and the ancient deities are real, and the world is inhabited by not only humans, but also elves, nymphs, dwarves, orcs, gnomes, halflings, ettins and trolls, as well as other creatures. This art-minimalistic 221 page core rule-book (with black-and-white interior) is an all-in-one rule-book, so it contains all the information you need to play the game (and to make your own

adventures and campaigns) indefinitely. A digital high resolution map of Thulê can be found here: www.myfarog.org. Because the setting is based on real world locations (Lofoten and Vesteralen in Northern Norway) you can also use online map services, to get highly detailed and realistic maps of the world of Thulê, in any scale you want. NB! You need a set of polyhedral dice to play the game.

The Wyandotte Standard and Breed

Book Osprey Publishing
The Geek Feminist Revolution is a collection of essays by double Hugo Award-winning essayist and fantasy novelist Kameron Hurley. The book collects dozens of Hurley's essays on feminism, geek culture, and her experiences and insights as a genre writer, including "We Have Always Fought," which won the 2013 Hugo for Best Related Work. The Geek Feminist Revolution will also feature several entirely new essays written specifically for this

volume. Unapologetically outspoken, Hurley has contributed essays to The Atlantic, Locus, Tor.com, and others on the rise of women in genre, her passion for SF/F, and the diversification of publishing. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Discover the hidden corners of the many weird and wonderful locations in Minecraft with this

beautifully illustrated, full-color guide--written in official partnership with the experts at game-creator Mojang. Are you ready for an adventure? Minecraft: Maps is a visual guide to the Minecraft landscape, created by an explorer on a quest to find the most valuable loot while avoiding danger. Explore each of the fifteen major biomes through highly detailed, illustrated maps, then read the explorer's notes about the unique features and discover an inspirational themed build idea for

each. A beautifully illustrated visual guide in its own right, Minecraft: Maps is also a survival tool. You'll learn which biomes are home to the most dangerous mobs, where to look for exclusive blocks, how to find naturally generated structures and the best places to search for loot. Once you've discovered each biome you can get building--construct an ice palace in the ice plains biome and an entire village suspended in the tree canopy above the jungle floor. Biomes:

Badlands, Dark Forest, Desert, Forest, Jungle, Mountains, Mushroom Fields, Ocean, Plains, Savanna, Snowy Tundra, Swamp, Taiga, The Nether, The End

Ainslie's Complete Guide to Thoroughbred Racing Pearson Education

Hamsters' popularity in Japan has skyrocketed. Driving the phenomenon is Kawai's hugely popular series, "Hamtaro Tales." Now kids who want to raise real hamsters can do so with the help of this colorful illustrated guide.

the Crusades and on the great Hundred Years War between England and France. The chapters in Part II trace thematically the principal developments in the art of warfare; in fortification and siege craft; in the role of armoured cavalymen; in the employment of mercenary forces; the advent of gunpowder artillery; and of new skills in navigation and shipbuilding. In both parts of the book, the overall aim has been to offer the general reader an impression, not just of the

where and the when of great confrontations, but above all of the social experience of warfare in the middle ages, and of the impact of its demands on human resources and human endurance. [Beginner's Guide For Miners \(Unofficial Minecraft Book\)](#) Del Rey Provides readers with tips, techniques, and strategies for playing Minecraft, including how to construct a shelter, furnish buildings, manage farms, craft and enchant items, and create redstone projects.

[My Horses, My Teachers](#) Simon and Schuster Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those

who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new

foreword for this Modern Library edition.

[Minecraft for Beginners](#)
Del Rey

Although Minecraft provides something for everyone, what it does not come with are directions, rules, or explanations telling you what the different items and blocks in the game are and what to do with them. The amount of information in the game can be overwhelming, and it can be difficult to know where to begin. The good news is, you don't need to know everything to start

playing. Only the basics. So this mini-encyclopedia looks at some of the basic facets of the game, from common blocks and crafting recipes to enchantments and potions and transportation.

[Minecraft: Guide to Exploration \(Updated\)](#) The Visual Guide to Minecraft
The Sassanians ruled the last great imperial Empire of Persia before the Arab conquests of the 7th century. Rome's only equal in the classical world, the Sassanian Empire had an enormous

impact on the development of architecture, mythology, arts, music, military tactics and technology. Within the Sassanian military, the cavalry was the most influential element, and Sassanian cavalry tactics were adopted by the Romans, Arabs, and Turks. Their cavalry systems of weaponry, battle tactics, Tamgas, Medallions, court customs, and costumes influenced Romano-Byzantine and medieval European culture, and this book allows the reader to

see how a little-studied eastern power affected the development of cavalry traditions in the western world. *Fire & Blood* Springer The ultimate guide for every gamer who wants to master Minecraft! This book is full of cool Minecraft builds, awesome tips, and lists of all the best tools and resources you need to become a master builder. Creation is arguably the most important aspect of Minecraft, from mining resources to crafting buildings, vehicles, and

even entire worlds. For those who want to master the art of creation, *The Ultimate Minecraft Builder's Guide* is the definitive book out there. Perfect for players of all ages who want to improve their building skills, this book will take you all the way from crafting your first shelter, to putting the finishing touches to your very own mega-build master classes. Includes full-color images and step-by-step instructions for cool Minecraft builds. 100% unofficial. Created by Future plc and

GamesMaster, leaders in video game publishing. *Minecraft: Maps* Charles Scribner
