## HERRING MARISSA

*Railway and Shipping World* Copyright Office, Library of Congress

This collection of studies on the politics of agricultural development in regions of Asia and Africa emphasizes the need for steady and significant increases in food production in the developing countries. It is a set of exercises in the comparative analysis of agricultural modernization policies.

University of Illinois Press

The University of Illinois Press offers online access to "The Booker T. Washington Papers," a 14-volume set published by the press. Users can search the papers, view images, and purchase the print version of the volumes. Booker Taliaferro Washington (1856-1915) was an African-American educator who was born a slave in Franklin County, Virginia.

*Pacific Radio News* John Wiley & Sons

This basic source for identification of U.S. manufacturers is arranged by product in a large multi-volume set. Includes: Products & services, Company profiles and Catalog file.

*Maynard's Industrial and Systems Engineering Handbook, Sixth Edition* Surplus Record

The classic industrial engineering resource—fully updated for the latest advances Brought fully up to date by expert Bopaya M. Bidanda, this go-to handbook contains exhaustive, application-driven coverage of Industrial Engineering (IE) principles, practices, materials, and systems. Featuring contributions from scores of international professionals in the field, Maynard's Industrial Engineering Handbook, Sixth Edition provides a holistic view of exactly what an Industrial Engineer in today's world needs to succeed. All-new chapters and sections cover logistics, probability and statistics, supply chains, quality, product design, systems engineering, and engineering management.

Coverage includes: Productivity Engineering economics Human factors, ergonomics, and safety Compensation management Facility logistics Planning and scheduling Operations research Statistics and probability Supply chains and quality Product design Manufacturing models and analysis Systems engineering Engineering management The global Industrial Engineer IE application environments

**Catalog of Copyright Entries. Third Series** Springer

Sponsored jointly by the American Society of Mechanical Engineers and International Material Management Society, this single source reference is designed to meet today's need for updated technical information on planning, installing and operating materials handling systems. It not only classifies and describes the standard types of materials handling equipment, but also analyzes the engineering specifications and compares the operating capabilities of each type. Over one hundred professionals in various areas of materials handling present efficient methods, procedures and
