Think all CMA study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. You don't want to waste time - and money! - having to study all over again because you didn't get effective studying in. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the Certified Medical Assistant exam, but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the CMA Exam....and they get a variety of results. Trivium Test Preps CMA Study Guide provides the information, secrets, and confidence needed to get you the score you need -

the first time around. Losing points on the Certified Medical Assistant exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our CMA exam study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; CMA practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven - not filled with excess junk, silly attempts at humor, or confusing filler - so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.

Elsevier Health Sciences This book is a compilation one thousand questions for the medical assistant certification exam. These questions have been successfully used to prepare students for years.

Certified Medical Assistant Exam Prep Simon and Schuster

The Certified Medical Assistant CMA credential represents a medical assistant credentialed through the American Association of Medical Assistants AAMA. The exam has 200 multiple-choice questions covering topic areas listed in the CMA Examination Content Outline. This module focuses on Medicolegal Terms, Civil Law, Business Practices, and Coding. We create these self-practice test questions referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify

areas of weakness that require remediation. The questions are NOT designed to “simulate” actual exam questions. “realistic” or actual questions that are for cheating purpose are not available in any of our products.
