“For a novel concerned with dislocation, there's a lot of grounding humor in *The Life to Come*. Most of it comes at the expense of Pippa and her ilk, but de Kretser's observations are so spot on, you'll forgive her even as you

cringe.”—Amelia Lester, New York Times Book Review Set in Australia, France, and Sri Lanka, *The Life to Come* is about the stories we tell and don't tell ourselves as individuals, as societies, and as nations. Driven by a vivid cast of characters, it explores necessary emigration, the art of fiction, and ethnic and class conflict. Pippa is a writer who longs for success and eventually comes to fear that she “missed everything important.” Celeste tries to convince herself that her feelings for her married lover are reciprocated. Ash makes strategic use of his childhood in Sri Lanka, but blots out the memory of a tragedy

from that time. Sri Lankan Christabel endures her dull job and envisions a brighter future that “rose, glittered, and sank back,” while she neglects the love close at hand. The stand-alone yet connected worlds of *The Life to Come* offer meditations on intimacy, loneliness, and our flawed perception of reality. Enormously moving, gorgeously observant of physical detail, and often very funny, this new novel by Michelle de Kretser reveals how the shadows cast by both the past and the future can transform and distort the present. It is teeming with life and earned wisdom—exhilaratingly

contemporary, with the feel of a classic.

The subtle portrait of a great but difficult man and a legendary island. When friends die, one's own credentials change: one becomes a survivor. Graham Greene has already had biographers, one of whom has served him mightily. Yet I hope that there is room for the remembrance of a friend who knew him—not wisely, perhaps, but fairly well—on an island that was "not his kind of place," but where he came season after season, year after year; and where he, too, will be subsumed into the capacious story. For millennia the cliffs of Capri have sheltered pleasure-seekers and refugees alike, among them the emperors Augustus and Tiberius, Henry James, Rilke, and Lenin, and hosts of artists, eccentrics, and outcasts. Here in the 1960s Graham Greene became friends with Shirley Hazzard and her husband, the writer Francis Steegmuller; their friendship lasted until Greene's death in 1991. In *Greene on Capri*, Hazzard uses their ever volatile intimacy as a prism through which to illuminate Greene's mercurial character, his work and talk, and the extraordinary literary culture that long thrived on this

ravishing, enchanted island.

The linked stories in Cara Blue Adams's precise and observant collection offer elegantly constructed glimpses of the life of Kate, a young woman from rural New England, moving between her childhood in the countryside of Vermont and her twenties and thirties in the northeast, southwest, and South in pursuit of a vocation, first as a research scientist and later as a writer. Place is a palpable presence: Boston in winter, Maine in summer, Virginia's lush hillsides, the open New Mexico sky. Along the way, we meet Kate's difficult bohemian mother and younger sister, her privileged college roommate, and the various men Kate dates as she struggles to define what she wants from the world on her own terms. Wryly funny and shot through with surprising flashes of anger, these smart, dreamy, searching stories show us a young woman grappling with social class, gender, ambition, violence, and the distance between longing and having. *Madeleine Is Sleeping* Counterpoint
Long out of print, Shirley Hazzard's classic novel of love and memory A young

Englishwoman working in Naples, Jenny comes to Italy fleeing a history that threatened to undo her. Alone in the fabulously ruined city, she idly follows up a letter of introduction from an acquaintance and thus changes her life forever. Through the letter, she meets Giocanda, a beautiful and gifted writer, and Gianni, a famous Roman film director and Giocanda's lover. At work she encounters Justin, a Scotsman whose inscrutability Jenny finds mysteriously attractive. As she becomes increasingly involved in the lives of these three, she discovers that the past—and the patterns of a lifetime—are not easily discarded.

On Shirley Hazzard is a vibrant and personal tribute in which the Miles Franklin Award-winning novelist Michelle de Kretser offers a masterclass in writing and reading. She celebrates the precision and musicality of Hazzard's prose and illuminates the humor and humanity in her work. This exhilarating book is both a brilliant introduction to Hazzard and a gift for her longtime readers. On Shirley Hazzard reveals Michelle de Kretser's lively intelligence at work and her

distinctive wit. This testament to her sustained engagement with Hazzard's work is, at its core, an appreciation of the significance and joy of good fiction. Receptiveness when reading is a prerequisite for perceptive analysis, according to both de Kretser and Hazzard. And for prose, the "simple and precise," the "transient and insignificant" are key qualities: "Not moonlight but the glitter of broken glass," for de Kretser as for Chekhov. Selective biographical details about Hazzard are relayed, too—her leaving Australia and formal education at the age of sixteen, her working, unhappily, at the United Nations in Manhattan, her long friendship with Graham Greene. Hazzard's morality is also invoked—"solidarity with the vulnerable" and pacifism being of prime importance. Shirley Hazzard (1931–2016) published her first short story in *The New Yorker* in 1961. The magazine continued to publish her work in the decades thereafter, including excerpts from her most successful and beloved novel, the bestseller and National Book Critics Circle Award winner, *The Transit of Venus* (1980). Michelle de Kretser's insightful and

provocative appreciation does Hazzard fine justice.

 "Born in Australia, Shirley Hazzard first moved to Naples as a young woman in the 1950s to take up a job with the United Nations. It was the beginning of a long love affair with the city. Battered by World War II, Naples would remain for decades one of the most violent and impoverished places in Italy, but in its passion, vivacity, and beauty, the city still justified the loving words written about it by Goethe, Byron, and other literary travelers over the centuries." "The Ancient Shore collects the best of Hazzard's writings on Naples, along with a classic *New Yorker* essay by her late husband, Francis Steegmuller. With Hazzard as our guide, we encounter Henry James, Oscar Wilde, and of course Goethe, but Hazzard's concern is primarily with the Naples of our own time - often violently unforgiving to innocent tourists, but able to transport the visitor who attends patiently to its rhythms and history."--

 The acclaimed author of TYRELL and KENDRA returns to PUSH to continue

Tyrell's astonishing story. Tyrell's father is just out of jail, and Tyrell doesn't know how to deal with that. It's bad enough that his brother Troy is in foster care and that his mother is no help whatsoever. Now there's another thing up in his face, just when he's trying to settle down. Tyrell's father has plans of his own, and doesn't seem to care whether or not Tyrell wants to go along with them. Tyrell can see the crash that's coming -- with his dad, with the rest of his family, with the girls he's seeing -- but he's not sure he can stop it. Or if he even wants to.

writers and readers.”—Oprah Daily For the last twenty years, George Saunders has been teaching a class on the Russian short story to his MFA students at Syracuse University. In *A Swim in a Pond in the Rain*, he shares a version of that class with us, offering some of what he and his students have discovered together over the years. Paired with iconic short stories by Chekhov, Turgenev, Tolstoy, and Gogol, the seven essays in this book are intended for anyone interested in how fiction works and why it’s more relevant than ever in these turbulent times. In his introduction, Saunders writes, “We’re going to enter seven fastidiously constructed scale models of the world, made for a specific purpose that our time maybe doesn’t fully endorse but that these writers accepted implicitly as the aim of art—namely, to ask the big questions, questions like, How are we supposed to be living down here? What were we put here to accomplish? What should we value? What is truth, anyway, and how might we recognize it?” He approaches the stories technically yet accessibly, and through them explains how narrative functions; why we stay immersed in a story and why we resist it;

and the bedrock virtues a writer must foster. The process of writing, Saunders reminds us, is a technical craft, but also a way of training oneself to see the world with new openness and curiosity. *A Swim in a Pond in the Rain* is a deep exploration not just of how great writing works but of how the mind itself works while reading, and of how the reading and writing of stories make genuine connection possible. *Dissipatio H.G.* Random House Collected Stories includes both volumes of the National Book Award-winning author Shirley Hazzard’s short-story collections—*Cliffs of Fall* and *People in Glass Houses*—alongside uncollected works and two previously unpublished stories Shirley Hazzard’s *Collected Stories* is a work of staggering breadth and accomplishment. Taken together, these twenty-eight short stories are masterworks in telescoping focus, ranging from quotidian struggles between beauty and pragmatism to satirical send-ups of international bureaucracy, from the Italian countryside to suburban Connecticut. Hazzard’s heroes are high-minded romantics who attempt to fit their feelings into the twentieth-century world of office

jobs and dreary marriages. After all, as she writes in “The Picnic,” “It was tempting to confine oneself to what one could cope with. And one couldn’t cope with love.” And yet it is the comedy, the tragedy, and the splendor of love, the pursuit and the absence of it, that animates Hazzard’s stories and provides the truth and beauty that her protagonists seek. Hazzard once said, “The idea that somebody has expressed something, in a supreme way, that it can be expressed; this is, I think, an enormous feature of literature.” Her stories themselves are a supreme evocation of writing at its very best: probing, uncompromising, and deeply felt. *On Beverley Farmer* Knopf Books for Young Readers #ReadWithJenna Book Club Pick as Featured on Today Emma Roberts Belletrist Book Club Pick A New York Times Book Review’s Group Text Selection “I loved this book not just from the first chapter or the first page but from the first paragraph... Times bestselling author of *Euphoria*. Following the breakout success of her critically acclaimed and award-winning novel *Euphoria*, Lily King returns with another instant New York Times bestseller: an unforgettable portrait of an artist as a young woman. Blindsided by her mother's sudden death, and wrecked by a recent love affair, Casey Peabody has arrived in Massachusetts in the summer of 1997 without a plan. Her mail consists of wedding invitations and final notices from debt collectors. A former child golf prodigy, she now waits tables in Harvard Square and rents a tiny, moldy room at the side of a garage where she works on the novel she's been writing for six years. At thirty-one, Casey is still clutching onto something nearly all her old friends have let go of: the determination to live a creative life. When she falls for two very different men at the same time, her world fractures even more. Casey's fight to fulfill her creative ambitions and balance the conflicting demands of art and life is challenged in ways that push her to the brink. *Writers & Lovers* follows Casey—a smart and aching vulnerable protagonist—in the last days of a long

youth, a time when every element of her life comes to a crisis. Written with King's trademark humor, heart, and intelligence, *Writers & Lovers* is a transfixing novel that explores the terrifying and exhilarating leap between the end of one phase of life and the beginning of another.

Only those who keep their wit and affections about them will survive the mass conditioning of the Organization, where confusion solemnly rules and conformity is king. Once upon a time there was a war . . . and a young American who thought of himself as the Quiet American and the Ugly American, and who wished to be neither, who wanted instead to be the Wise American, or the Good American, but who eventually came to witness himself as the Real American and finally as simply the Fucking American. That's me. This is the story of Skip Sands—spy-in-training,

engaged in Psychological Operations against the Vietcong—and the disasters that befall him thanks to his famous uncle, a war hero known in intelligence circles simply as the Colonel. This is also the story of the Houston brothers, Bill and James, young men who drift out of the Arizona desert into a war in which the line between disinformation and delusion has blurred away. In its vision of human folly, and its gritty, sympathetic portraits of men and women desperate for an end to their loneliness, whether in sex or death or by the grace of God, this is a story like nothing in our literature. *Tree of Smoke* is Denis Johnson's first full-length novel in nine years, and his most gripping, beautiful, and powerful work to date. *Tree of Smoke* is the 2007 National Book Award Winner for Fiction.

The first biography of Shirley Hazzard, the author of *The Transit of Venus* and a writer of “shocking wisdom” and “intellectual thrill” (*The New Yorker*). *Shirley Hazzard: A Writing Life* tells the extraordinary story of a great modern novelist. Brigitta Olubas,

Hazzard's authorized biographer, has drawn, with great subtlety and understanding, on her fiction; on an extensive archive of letters, diaries, and notebooks; and on the memories of surviving friends and colleagues to create this resonant portrait of an exceptional woman. This biography explores the distinctive times of Hazzard's life, from her youth and middle age to her widowhood and years of decline, and traces the complex and intricate processes of self-fashioning that lay beneath Hazzard's formidable, beguiling presence. Olubas shows us the places of Hazzard's life, of which she wrote with characteristic lyricism, accompanied by rare photographs from Hazzard's collection and elsewhere. Hazzard was the last of a generation of self-taught writers, devotees of a great literary tradition, and her depth of perception and expressive gifts have earned her iconic status. Olubas has brought her brilliantly alive, enhancing and deepening our understanding of the singular woman who created some of the most enduring fiction of the past sixty years. As Dwight Garner wrote in *The New York Times*, "Hazzard's stories feel

timeless because she understands, as she writes in one of them: 'We are human beings, not rational ones.'" Here, in Shirley Hazzard, is the story of a remarkable human being.

Spanning the 1960s to the 2000s, these nonfiction writings showcase Shirley Hazzard's extensive thinking on global politics, international relations, the history and fraught present of Western literary culture, and postwar life in Europe and Asia. They add essential clarity to the themes that dominate her award-winning fiction and expand the intellectual registers in which her writings work. Hazzard writes about her employment at the United Nations and the institution's manifold failings. She shares her personal experience with the aftermath of the Hiroshima atomic bombing and the nature of life in late-1940s Hong Kong. She speaks to the decline of the hero as a public figure in Western literature and affirms the ongoing power of fiction to console, inspire, and direct human life, despite—or maybe because of—the world's disheartening realities. Cementing

Hazzard's place as one of the twentieth century's sharpest and most versatile thinkers, this collection also encapsulates for readers the critical events defining postwar letters, thought, and politics.

Part memoir, part handbook, part survey of the contemporary literary scene, Joan Frank's *Because You Have To: A Writing Life* is a collection of essays that, taken together, provide a walking tour of the writing life. Frank's aim is to form a coherent vision, one that may provide some communion about realities of the writer's vocation that have struck her as rarely revealed. Frank offers what she has learned as a writer not only to other writers, but to those to whom good writing matters. Her insights about "thinking on paper" are never dogmatic or pontifical; rather, they are cordial and intellectually welcoming. Original, witty, and practical, Frank ably steers us through the journey of her own life as a writer, as well as through the careers and work of other writers. Her subjects range widely, from the "boot camp" conditioning of marketing work to squaring off with rejection and

envy; from sustaining belief in art's necessity to the baffling subjectivity of literary perception and the magical books that nourish writers. Frank's personal journey is wonderfully told, so that what in these essays is particular becomes useful and universal.

Book • Finalist for the Pulitzer Prize for Fiction • Longlisted for the Women's Prize for Fiction "Easily the funniest book I've read this year." —GQ "Masterly funny debut novel . . . Erudite but never pretentious, *The Idiot* will make you crave more books by Batuman." —Sloane Crosley, *Vanity Fair* A portrait of the artist as a young woman. A novel about not just discovering but inventing oneself. The year is 1995, and email is new. Selin, the daughter of Turkish immigrants, arrives for her freshman year at Harvard. She signs up for classes in subjects she has never heard of, befriends her charismatic and worldly Serbian classmate, Svetlana, and, almost by accident, begins corresponding with Ivan, an older mathematics student from Hungary. Selin may have barely spoken to Ivan, but with each email they exchange, the act of writing seems to take on new and increasingly mysterious meanings. At the end of the school year, Ivan goes to Budapest for the summer, and Selin heads to the Hungarian countryside, to teach English in a program run by one of Ivan's friends. On the way, she spends two weeks visiting Paris with

Svetlana. Selin's summer in Europe does not resonate with anything she has previously heard about the typical experiences of American college students, or indeed of any other kinds of people. For Selin, this is a journey further inside herself: a coming to grips with the ineffable and exhilarating confusion of first love, and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit, and pitch-perfect style, *Batuman* dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom; its logic as natural and inscrutable as that of memory itself. *The Idiot* is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. *Batuman's* fiction is unguarded against both life's affronts and its beauty--and has at its command the complete range of thinking and feeling which they entail.
