Page Publishing, Inc  
We all need advice growing up and facing the big stuff life gives us. We all need the voice of a parent or a good friend who has lived through joy and suffering and has thought deeply about it. Kent Nerburn is an extraordinary writer who can be that voice when we are lost and in need of guidance. *Letters to My Son*, written for his son, Nick, but true for all of us, shows us that life isn't always shared in all its richness with those we meet along the way. Kent shares with us what he believes, and makes us look at the hard questions, but never offers easy answers. Like a wise and gentle friend, he guides us to the truths that emerge when you approach life openly and honestly.

Beacon Press  
"A taut, compelling family tale." -Kirkus Reviews  
Millington Valley is a quintessential small Pennsylvania town: families go back generations. Football rules. Kids drink while adults look the other way. High school is a whirlwind of aspiration and rivalry, friendship and jealousy. When smart and pretty Molly Hanover moves to town and attracts the attention of the football team's hero, Wade Thornton—a nice guy with a bad drinking habit—longtime friendships are threatened and a popular cheerleader tries to turn the school against Molly. The young couple's future is shattered when Wade, drunk, wrecks his truck and Molly is thrown through the windshield. She wakes from a coma to find her beauty marred and her memory full of holes. As she struggles to heal, she becomes sure that something terrible

happened before the accident. And there is somebody in the valley who doesn't want her to remember.

#### **A Letter from Your Teacher**

McGraw Hill Professional  
Comedian Louie Anderson grew up in a household held hostage by the unpredictable and violent behavior of an alcoholic father. In letters that are poignant and often angry, yet touched with the humor that characterizes his monologues, *Dear Dad* chronicles Anderson's hard journey from shame and fear to understanding. Anderson's many appearances on *The Tonight Show*, his specials on HBO and Showtime, and his concerts across the country have won him wide acclaim. But when he found that, despite his considerable success as a comic, he felt no relief from his pain, Anderson entered therapy and joined an Adult Children of Alcoholics group. Only then was he able to break a lifelong pattern of denial. Includes an introduction by Anderson and a selection of letters from *Dear Dad* readers about their own

experiences. “Compelling, tender, funny, and well-written. . . . I respect Louie’s courage for talking so openly. Writing the book may have helped the writer in his healing process, but it will also assist readers in theirs.”—Melody Beattie, author of *Codependent No More*

Greg Boyd and his father, Ed, were on opposite sides of a great divide. Greg was a newfound Christian, while his father was a longtime agnostic. So Greg offered his father an invitation: Ed could write with any questions on Christianity, and his son would offer a response. *Letters from a Skeptic* contains this special correspondence. The letters tackle some of today's toughest

challenges facing Christianity, including Do all non-Christians go to hell? How can we believe a man rose from the dead? Why is the world so full of suffering? How do we know the Bible was divinely inspired? Does God know the future? Each response offers insights into the big questions, while delivering intelligent answers that connect with both the heart and mind. Whether you're a skeptic, a believer, or just unsure, these letters can provide a practical, common-sense guide to the Christian faith.

Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien’s children. Inside would be a letter in a strange, spidery handwriting and a beautiful colored drawing or painting. The letters

were from Father Christmas. They told wonderful tales of life at the North Pole: how the reindeer got loose and scattered presents all over the place; how the accident-prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas’s house into the dining room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house, and many more. No reader, young or old, can fail to be charmed by Tolkien’s inventiveness in this classic holiday treat.

The New York Times bestselling true story of an all-American girl and a boy from Zimbabwe and the letter that changed both of their lives forever. It started as an assignment... Everyone in Caitlin's class wrote to an unknown student somewhere in a distant place. Martin was lucky to even receive a pen-pal letter. There were only ten letters, and fifty kids

in his class. But he was the top student, so he got the first one. That letter was the beginning of a correspondence that spanned six years and changed two lives. In this compelling dual memoir, Caitlin and Martin recount how they became best friends—and better people—through their long-distance exchange. Their story will inspire you to look beyond your own life and wonder about the world at large and your place in it.

**NEW YORK TIMES BESTSELLER** At the pinnacle of a soaring career in the U.S. Army, Lt. Col. Mark M. Weber was tapped to serve in a high-profile job within the Afghan Parliament as a military advisor. Weeks later, a routine physical revealed stage IV intestinal cancer in the thirty-eight-year-old father of three. Over the next two years he would fight a desperate battle he wasn't trained for, with his wife and boys as his reluctant but willing fighting force. When Weber realized that he was not going to survive this final tour of combat, he began to write a letter to his boys, so that as they grew up without him,

they would know what his life-and-death story had taught him—about courage and fear, challenge and comfort, words and actions, pride and humility, seriousness and humor, and viewing life as a never-ending search for new ideas and inspiration. This book is that letter. And it's not just for his sons. It's for everyone who can use the best advice a dying hero has to offer. Weber's stories illustrate that in the end you become what you are through the causes to which you attach yourself—and that you've made your own along the way. Through his example, he teaches how to live an ordinary life in an extraordinary way. Praise for *Tell My Sons* "A gift to us all . . . Every page exudes courage, honesty, and an indomitable spirit. Mark Weber's story has touched me in such a profound way."—Mitch Albom, author of *Tuesdays with Morrie* "Tell My Sons is a deeply moving, personal account of a soldier's journey into an ultimate frontier. As I read Mark Weber's book, I was astonished by its honesty, courage, and discipline. This book offers one of the most profound and detailed descriptions

of the strange world of cancer and should be essential reading for all of us who seek to understand that topsy-turvy terrain."—Siddhartha Mukherjee, Pulitzer Prize-winning author of *The Emperor of All Maladies* "Tell My Sons is one of the most profound and inspirational stories I have ever read. It may have been written for Mark's children, but it may as well be a treatise for all of us about honest parenting and leadership with character in love, family, faith, and politics. For a man who is facing profound health issues, Mark is doing a remarkable job showing us all how to live with courage and integrity."—Walter F. Mondale, former vice president of the United States "This book is why I have always been proud to call Mark Weber my son. His ability to reach across complex boundaries and write and speak with such depth and beauty makes him a modern day Lawrence of Arabia. Mark's passion, attitude, and thoughts about life are what is best about America."—General Babakir S. Zibari, chief of defense, Republic of Iraq "A poignant illustration of

what being a hero is all about . . . Heroes exemplify invincible courage, character, and perseverance in times of insurmountable odds. Mark embodies these attributes. Tell My Sons will empower the reader with profound lessons of living life with hope and determination."—John Elway, Pro Football Hall of Fame quarterback

Letters of Note is a collection of over one hundred of the world's most entertaining, inspiring and unusual letters, based on the seismically popular website of the same name – an online museum of correspondence visited by over 70 million people. From Virginia Woolf's heart-breaking suicide letter, to Queen Elizabeth II's recipe for drop scones sent to President Eisenhower; from the first recorded use of the expression 'OMG' in a letter to Winston Churchill, to Gandhi's appeal for calm to Hitler; and from Iggy Pop's beautiful letter of advice to a troubled young fan, to Leonardo da Vinci's remarkable job application letter, Letters of Note is a celebration of the power of written

correspondence which captures the humour, seriousness, sadness and brilliance that make up all of our lives.

The Measure of our Success

In a tech-dominated world, the most needed degrees are the most surprising: the liberal arts. Did you take the right classes in college? Will your major help you get the right job offers? For more than a decade, the national spotlight has focused on science and engineering as the only reliable choice for finding a successful post-grad career. Our destinies have been reduced to a caricature: learn to write computer code or end up behind a counter, pouring coffee. Quietly, though, a different path to success has been taking shape. In *YOU CAN DO ANYTHING*, George Anders explains the remarkable power of a liberal arts education – and the ways it can open the door to thousands of cutting-edge jobs every week. The key insight: curiosity, creativity, and empathy aren't unruly traits that must be reined in. You can be yourself, as an English major, and thrive in sales. You can segue from anthropology into the booming new

field of user research; from classics into management consulting, and from philosophy into high-stakes investing. At any stage of your career, you can bring a humanist's grace to our rapidly evolving high-tech future. And if you know how to attack the job market, your opportunities will be vast. In this book, you will learn why resume-writing is fading in importance and why "telling your story" is taking its place. You will learn how to create jobs that don't exist yet, and to translate your campus achievements into a new style of expression that will make employers' eyes light up. You will discover why people who start in eccentric first jobs – and then make their own luck – so often race ahead of peers whose post-college hunt focuses only on security and starting pay. You will be ready for anything.

**PARENTING NEVER ENDS.** From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood. The high school

and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals,

and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection. Letters to a son Grown and Flown The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Always keeping in mind his scarce material resources in a humble family but rich in moral and spiritual resources, Carlos Dorado embarked on a path of success always considering the teachings of his parents. The letters published in this book make us participate in situations that make us see life differently. Responsibility, work, friendship, courage, perseverance and honesty are some of the teachings that the "golden" lines of his "epistles" leave us. Nelson Bocaranda Sardi *Letters from MIR: An Astronauts Letters to His Son* BoD – Books on Demand  
The proud Lord Chesterfield would have turned in his grave had he known that he was to go down to posterity as a teacher and preacher of the gospel of not grace, but—"the graces, the graces, the graces." Natural gifts, social status, open opportunities, and his ambition, all conspired to destine him for high statesmanship. If anything was lacking in his qualifications, he had the pluck and good sense to work hard and persistently until the

deficiency was made up. Something remained lacking, and not all his consummate mastery of arts could conceal that conspicuous want,—the want of heart. Teacher and preacher he assuredly is, and long will be, yet no thanks are his due from a posterity of the common people whom he so sublimely despised. His pious mission was not to raise the level of the multitude, but to lift a single individual upon a pedestal so high that his lowly origin should not betray itself. That individual was his, Lord Chesterfield's, illegitimate son, whose inferior blood should be given the true blue hue by concentrating upon him all the externals of aristocratic education. *Letters to His Son, 1746-47; On the Fine Art of Becoming a Man of the World and a Gentleman* Ballantine Books

From the author and illustrator of *Our Class is a Family*, this touching picture book expresses a teacher's sentiments and well wishes on the last day of school. Serving as a follow up to the letter in *A Letter From Your Teacher: On the First Day of School*, it's a read aloud for teachers to bid a special farewell to their students at the end of the

school year. Through a letter written from the teacher's point of view, the class is invited to reflect back on memories made, connections formed, and challenges met. The letter expresses how proud their teacher is of them, and how much they will be missed. Students will also leave on that last day knowing that their teacher is cheering them on for all of the exciting things to come in the future. There is a blank space on the last page for teachers to sign their own name, so that students know that the letter in the book is coming straight from them. With its sincere message and inclusive illustrations, *A Letter From Your Teacher: On the Last Day of School* is a valuable addition to any elementary school teacher's classroom library.

and beauty of coming of age as a Black person in contemporary America and what it means to parent our children in a persistently unjust world. Emotionally raw and deeply reflective, Imani Perry issues an unflinching challenge to society to see Black children as deserving of humanity. She admits fear and frustration for her African American sons in a society that is increasingly racist and at times seems irredeemable. However, as a mother, feminist, writer, and intellectual, Perry offers an unfettered expression of love—finding beauty and possibility in life—and she exhorts her children and their peers to find the courage to chart their own paths and find steady footing and inspiration in Black tradition. Perry draws upon the ideas of figures such as James Baldwin, W. E. B. DuBois, Emily Dickinson, Toni Morrison, Ralph Waldo Emerson, and Ida B. Wells. She shares vulnerabilities and insight from her own life and from encounters in places as varied as the West Side of Chicago; Birmingham, Alabama; and New England prep schools.
