Detailed explanatory answers to actual questions from the 1998-1999 multistate bar exam. Explains not only Why the right answer is right, but also Why the wrong answers are wrong and How to take the bar exam. The bar examination tests legal reasoning: NONE of the four choices might be correct! Likewise, more than one answer may be correct! The examinee must choose the BEST choice of the given choices! Failing to see that fact alone costs many students their "pass": Wrong answers are less exact, less accurate, or outright wrong, as compared to the correct answer which is most accurate of given choices or the most likely argument to be accepted by the court on existing law or a good faith argument thereon. In other words, the best answer is not necessarily correct! Furthermore, the least wrong answer is still ... best! These are the actual questions asked on the bar exam which were released by the National Conference of Bar Examiners (NCBEX). The explanations are complete, and include vital test-taking tips for the bar exam! No copyright is claimed as to the questions:

the explanations to the answers were authored by Dr. Eric Engle LL.M. (Fulbright). The NCBE released those questions and retains copyright over them. Use of these questions does not constitute an endorsement by the NCBE. YOU can pass the bar. It takes discipline, determination, and curiosity. It is not rocket science. About the Author: Dr. Eric Engle, JD, DEA (Paris II), LL.M. has published dozens of law review articles in law journals around the world and authored these answers. He has earned law degrees in the US (JD), France (DEA), Germany (LL.M., Dr.Jur.). He has taught law in France (Nanterre) Germany (Bremen, Humboldt), Estonia (Tartu), Russia (Pericles) Ukraine (Fulbright, Kharkiv) and Bosnia (Fulbright, Sarajevo). He worked as a legal research aid at Harvard Law School. He passed the New York Bar on his first attempt. He has also authored and edited several books on law. MBE Audio Crash Course Aspen Publishers "[This book] includes details on how to handle each MBE subject; specific, step-by-step strategies for analyzing different question types; tips about how subtle differences in wording can completely

change the meaning of an answer; and strategies for "rewording" questions in your mind to make them easier to analyze. Strategies & Tactics for the MBE also contains a full-length, 200-question practice MBE exam, as well as more than 325 additional questions broken down by subject -- a total of over 500 NCBE-released questions. The MBE Decoded Aspen Publishing
The Multistate Bar Examination (MBE) heavily influences whether you pass the bar exam. But studying for the MBE can be a daunting challenge. There's just so much law to learn and review and, often, not enough time to make you feel comfortable and confident in your test preparation. This creative and easy-to-read book provides valuable tools to help you study for the MBE more effectively and efficiently. It also provides access to AdaptiBar® questions and answers so that you have multiple opportunities to practice recalling and applying the substantive law throughout your bar preparation. This book delivers on its title. A large part of the book includes summaries (or "Blueprints") of the seven substantive areas of law tested on the MBE: Civil Procedure, Contracts, Constitutional Law, Criminal Law/Criminal Procedure, Evidence, Property and Torts. The Blueprints are included at the beginning of each chapter for each substantive area of

law. Within each chapter are memorization strategies and techniques (or "Mnemonics") to help you better categorize and recall the immense amount of black letter law tested on the MBE. Each chapter also has separated, highlighted rules and tips for the commonly tested subtopics on the MBE, and each highlighted rule is listed in the book's appendix as a short review of the substantive law. Each chapter also includes AdaptiBar® questions and answers (or "Examples")--in the text and on an online platform--where you can practice answering multiple-choice questions and assess and reinforce your understanding of the substantive law covered in the book. With over 500 highlighted rules, numerous mnemonics, and 150 practice questions, this book is an excellent resource for anyone reviewing the substantive law tested on the MBE. This book can be a stand-alone textbook for a bar preparation course focused on the MBE. It can also be used as a supplement to traditional bar vendor materials. Lastly, as usefully described in Chapter 2, this book can be used by 1Ls as a supplement to their law studies. So, this

book can help you transition to the study of law, and it can help you pass the law licensing exam!
