Do not conform to the pattern of this world but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is—His good, pleasing and perfect will.

—Romans 12:2 What does this verse mean to born-again Christians? What should it mean in the actions of our daily lives? Renew Your Mind; A Fifty-Two-Week Journey Applying the Bible to Everyday Life looks at biblical answers in the five most challenging areas of an individual's life: finances, friends/relationships, time allotment, priorities/denying self, and knowing God. Each week, the author relates a thought-provoking, memorable story or example invoking biblical principles and verses, giving an assignment for the reader to apply the weekly lesson to the applicable categories to begin the transformation of how we think and act toward others. Renew Your Mind is a thoroughly entertaining must-read year-long devotional that will change the way you look at Christianity and our responsibility to others in our faith, our actions, and our belief systems. Add couple of testimonials from readers here.

A business mind is vital for success because of the logic and discipline that it brings forth. Someone with a business-oriented mind is going to pay very close attention to detail, analyze things that go wrong in order to make corrections, devise solid goals and stay on the right path, and will always try to work within a reliable budget. The business-oriented mind is not one easily swayed by emotions or personal likes or dislikes. As a result, the mind remains one most capable of delivering results.

### Undead and Unappreciated HarperCollins Leadership

The unique feature of this book is its down-to-earth practicality Here you are presented with simple, usable techniques and formulas, which you can easily apply in your workaday world. I have taught these simple processes to men and women all over the world, and recently over a thousand men and women of all religious affiliations attended a special class in Los Angeles where I presented the highlights of what is offered in the pages of this book. Many came from distances of two hundred miles for each class lesson. The special features of this book will appeal to you because they show you why oftentimes you get the opposite of what you prayed for and reveal to you the reasons why. People have asked me in all parts of the world and thousands of times, "Why is it I have prayed and prayed and got no answer?" In this book you will find the reasons for this common complaint. The many ways of impressing the subconscious mind and getting the right answers make this an extraordinarily valuable book and an ever present help in time of trouble.

### Best Money Quotes to Keep Your Business Mind Alive B2B Sales Connections Inc.

This is a collection of my favorite motivational quotes all in one place! Some are sales related, some

are business related, but most are simply life related. They are in no particular order, just a random thought for each day of the year to help keep you on a positive note. If the old saying “misery loves company” is true, then motivation must breed happiness! I have spent my entire career, in one form or another, in sales. As such, I have dealt with rejection almost every day of my working life. Don’t get me wrong, I have had a very successful career, but no sales person hears “yes” all the time. In fact, it is just the opposite. We hear “no” many more times than we hear yes. In sales, rejection is just something we deal with every day. When we let it get us down, it shows to everyone we meet, including our customers, our colleagues and our family. Essentially, our negative attitude becomes our worst enemy. Even if you are not in sales, if you let your negative thoughts get the best of you, you are your own worst enemy too. Given my profession, I have been asked many times how do I stay positive? It can’t be easy to keep the right attitude when you have to deal with rejection every day, right? Yes, actually, it can be. I stay positive because I choose to stay positive. I actually make a conscious effort to not be negative and to only be positive. I discovered long ago that a motivational quote always puts me in the right frame of mind. I started searching the internet for a daily quote that made me smile or motivated me in some way. Each day I did this, I found that I became better mentally prepared to tackle the day. More importantly, I was just happier! I started to share what I found online. I would put a daily motivational quote in my Facebook and LinkedIn statuses, I would blog about them, and I would tweet them on Twitter. Friends, family, and business associates all enjoyed them so much they started calling me “The Quote Lady.” More importantly, everyone’s positive attitude seemed to be contagious. The more the motivation spread, the more everyone became motivated! That’s when I decided to pull together a collection of my favorite motivational quotes all in one place, and this eBook was created. I hope you enjoy them as much as I do. Remember, your thoughts control your outcomes and you control your thoughts. So choose wisely! “Thank you for your everyday contribution to our success!” “It is really amazing for what you are doing in helping others stay positive and overcome their challenges, whatsoever small or big they may be” “Susan inspires me to “do better” and help others.” “Like it...Very Motivating”
