Satoru Iwata was the global president and CEO of Nintendo and a gifted programmer who played a key role in the creation of many of the world's best-known games. He led the production of innovative platforms such as the Nintendo DS and the Wii, and laid the groundwork for the development of the wildly successful Pokémon Go game and the Nintendo Switch. Known for his analytical and imaginative mind, but even more for his humility and people-first approach to leadership, Satoru Iwata was beloved by game fans and developers worldwide. In this motivational collection, Satoru Iwata addresses diverse subjects such as locating bottlenecks, how success breeds resistance to change, and why programmers should never say no. Drawn from the "Iwata Asks" series of interviews with key contributors to Nintendo games and hardware, and featuring conversations with renowned Mario franchise creator Shigeru Miyamoto and creator of EarthBound Shigesato Itoi, Ask Iwata offers game fans and business leaders an insight into the leadership, development, and design philosophies of one of the most beloved figures in gaming history. -- VIZ Media

Ultimate Nintendo Gamer Guides

This guide features a full, beginning-to-end walkthrough written in an "ideal chronological order of events" format. Main quests are interspersed with side quests in the order in which they unlock, although some side quests and arena challenges may only be referenced instead of fully explained. These are typically quests that have you facing a monster you've already fought under similar circumstances that offer no unique reward for completion. For example, after completing most main quests you won't be able to attempt that quest again, but you'll usually unlock an identical side quest allowing you to hunt the same monster in the same area with the same success/failure conditions. Monster strategies will be discussed in detail as you encounter them throughout the

walkthrough, featuring elemental and status information and drop lists. The guide also features a fully detailed bestiary for those who just want information about specific monsters unaccompanied by a walkthrough. Trophy/achievement information can also be found in a separate trophy/achievement guide, although be warned: many trophies/achievements in Monster Hunter World are easier said than done. Other features of this guide include: -- Information on crafting/harvesting. -- Side quests that unlock mantles, ingredients and other useful features. -- Field Researcher quests including where to catch rare fish, how to capture small monsters, and where to locate Grimalkynes/Gajalaka. -- Grimalkyne/Gajalaka quests. -- How to upgrade the Ancient Tree/Harvest Box and how to unlock various fertilizers. -- How the Elder Melder works, melding different items and decorations. -- Where to find the Powertalon and Armortalon, and how to upgrade them into the Powercharm and Armorcharm. -- Detailed information on how to unlock Tempered Monsters, the difference between Threat Level 1, 2 and 3 Tempered Monsters. -- Information on Feystones, including drop rates, the differences between the types (Mysterious, Gleaming, Worn and Warped). -- How to get Warrior's Streamstones and Hero's Streamstones. *Xenoblade Chronicles X Collector's Edition Guide* Independently Published

Will Destroy the Galaxy for Cash is the follow up tale to *Will Save the Galaxy for Food* from the mind of writer Yahtzee Croshaw (Mogworld, Jam, Differently Morphous). With the age of heroic star pilots and galactic villains completely killed by quantum teleportation, the ex-star pilot currently named Dashford Pierce is struggling to find his identity in a changing universe. Then, a face from his past returns and makes him an offer he can't refuse: take part in just one small, slightly illegal, heist, and not only will he have the means to start the new life he craves, but also save his childhood hero from certain death. What could go wrong? If you need to ask--you don't know Dashford Pierce. Before long, Pierce is surrounded by peril, and forced to partner with the very same supervillains he'd spent his heroic career thwarting. But when he's confronted by the uncomfortable truth that star pilots might not have been the force for good, they had intended to be, he begins to wonder if the villains hadn't had the right idea all along...
