Who is today's white-collar man? The world of work has changed radically since *The Man in the Gray Flannel Suit* and other mid-twentieth-

century investigations of corporate life and identity. Contemporary jobs are more precarious, casual Friday has become an institution, and telecommuting blurs the divide between workplace and home. Gender expectations have changed, too, with men's bodies increasingly exposed in the media and scrutinized in everyday interactions. In *Buttoned*

Up, based on interviews with dozens of men in three U.S. cities with distinct local dress cultures—New York, San Francisco, and Cincinnati—Erynn Masi de Casanova asks what it means to wear the white collar now. Despite the expansion of men's fashion and grooming practices, the decrease in formal dress codes, and the relaxing of traditional

ideas about masculinity, white-collar men feel constrained in their choices about how to embody professionalism. They strategically embrace conformity in clothing as a way of maintaining their gender and class privilege. Across categories of race, sexual orientation and occupation, men talk about "blending in" and "looking the part" as they aim to keep their jobs or pursue better ones. These white-collar workers' accounts show that greater freedom in work

dress codes can, ironically, increase men's anxiety about getting it wrong and discourage them from experimenting with their dress and appearance.

The Dynamics of Fashion The Clothing Man

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

DYNAMICS OF FASHION. Hachette UK

Your favourite butler is back with even more advice to help you succeed in etiquette and entertaining! In a fantastic follow-up to his national bestseller, *The Butler Speaks*, Charles MacPherson lays out the essentials of entertaining and business etiquette in this small, easy-to-follow guide. Now in its third printing, *The Butler Speaks* has become a go-to resource on household management, manners, and personal style. With a combination of his best tips from the first book

and a wealth of new information, *The Pocket Butler* is the perfect basic overview for anyone looking for that extra edge in business and in life. In addition to revisiting topics such as how to present a business card, shake hands, or set a table, *The Pocket Butler* offers advice on e-mail and text messaging etiquette, how to set up a modern greeting line in a boardroom, foolproof menu plans for every entertaining scenario, and much more. In his signature unfussy and

approachable style, Charles shows how modern manners are more important than ever before, not only for those just entering the workforce, but for all professionals at any stage in their careers.

Esquire Harper Collins
A highly illustrated guide to Milan & the Lakes in the DK Eyewitness Top 10 Travel series

The Clothing ManWestBow Press
Men in Style WestBow Press

A revelatory exploration of fashion through the ages that asks what our clothing reveals about ourselves and our society.

Dress codes are as old as clothing itself. For centuries, clothing has been a wearable status symbol; fashion, a weapon in struggles for social change; and dress codes, a way to maintain political control.

Merchants who dressed like princes and butchers' wives wearing gem-encrusted crowns were public enemies in medieval societies structured by social hierarchy and defined by spectacle. In Tudor England, silk, velvet, and fur were reserved for the

nobility and ballooning pants called "trunk hose" could be considered a menace to good order.

The Renaissance era Florentine patriarch Cosimo de Medici captured the power of fashion and dress codes when he remarked, "One can make a gentleman from two yards of red cloth." Dress codes evolved along with the social and political ideals of the day, but they always reflected struggles for power and status. In the 1700s, South Carolina's "Negro Act"

made it illegal for Black people to dress "above their condition." In the 1920s, the bobbed hair and form-fitting dresses worn by free-spirited flappers were banned in workplaces throughout the United States and in the 1940s the baggy zoot suits favored by Black and Latino men caused riots in cities from coast to coast. Even in today's more informal world, dress codes still determine what we wear, when we wear it—and what our clothing means. People lose their jobs for wearing braided

hair, long fingernails, large earrings, beards, and tattoos or refusing to wear a suit and tie or make-up and high heels. In some cities, wearing sagging pants is a crime. And even when there are no written rules, implicit dress codes still influence opportunities and social mobility. Silicon Valley CEOs wear t-shirts and flip flops, setting the tone for an entire industry: women wearing fashionable dresses or high heels face ridicule in the tech world and some venture capitalists refuse to invest

in any company run by someone wearing a suit. In *Dress Codes*, law professor and cultural critic Richard Thompson Ford presents an insightful and entertaining history of the laws of fashion from the middle ages to the present day, a walk down history's red carpet to uncover and examine the canons, mores, and customs of clothing—rules that we often take for granted. After reading *Dress Codes*, you'll never think of fashion as superficial again—and getting

dressed will never be the same.
