A BDSM Femdom Romance. Becca is a college junior with issues. She's traumatized, a sex addict with a short temper, insecure about her appearance, and has a longdormant multiple personality disorder, but knows how to make a man lose his mind in sexual pleasure. Wanting more control of her crazy situation, she turns to female

domination. On a hike, Becca meets Chris, a medical student, and they feel an immediate attraction. He asks her to dinner. She seduces him. In the morning, he finds a note directing him to clean her bathrooms while naked, then go food shopping while she sleeps in. He realizes that Becca preplanned everything they'd done since before dinner. Later, he gets soundly spanked for questioning her, though she follows this with abundant loving aftercare. Becca eases into her newly dominant leanings and all goes well. Then her alternate identities resurface.

Many submissive men feel lost. They ask themselves questions like is this normal? Who am I? Where can I explore my fantasies and desires? How do I find a dominant woman? It's a taboo subject, not even talked about behind closed doors. Hollywood's constant projection of

the little innocent girl being the submissive toy to the alpha male. That has in some way destroyed the submissive men's sexuality. Are all men meant to be macho alphas? Of course not. There are so many men out there dying to find a dominant woman to please emotionally, physically and sometimes sexually. This book is for both men and women. It will answer the most common questions I get about male submission such as: why being a submissive man is completely normal how to find yourself a dominant woman how to communicate your need and inner desires how to get this going and start living the lifestyle And much more! I've also added a bonus at the end. You will get three chapters of my other book *Dominant Women: The Dominant*

How much should I share in my online profile? Are there counselors for kinky folk? What do I wear to a high-protocol dinner? What if I'm not a skinny Minnie? is it normal to feel so needy? Should a dominant ask me for money? "What Submissives Want to Know" builds on the foundation set out in "How to be a Healthy and Happy Submissive" with a deeper dive into real-life situations and

the complexities of Dominant/submissive relationships. "Even if a particular question doesn't seem to reflect your relationship," Kinsey says, "there are elements to every question that resonate with the submissive heart, and help you better understand the kind of submissive you want to be."

Learning the Ropes Simon and Schuster FROM POPULAR AUTHOR OF LGBTQIA ROMANCE M.C. ROTH Book five in the It's a Kink Thing series If your husband hates kink, can you still get kinky? " You want to kneel, sweetheart?" Elliot is stuck in life, living a lie while doing his best to pretend he's happy with his husband Hunter. something that Hunter hates. But after Elliot convinces Hunter to attend an event at the kink club Unkinked, Elliot finds a place where he doesn't have to feel ashamed about the submission he craves. While Hunter pouts on a bar stool in the club, the mysterious Dom Shelvin is more than happy to give Elliot a tour, somehow knowing in moments what Elliot desires so deeply. Elliot can't let that night be the last time he sets foot inside Unkinked, even if Hunter doesn't understand why. His brave face only lasts so long, and soon he confesses what he really needs— something Hunter can't give him. But making a contract with a Dom who isn't his husband comes with conditions— conditions that Elliot will struggle not to break.

each other very well. Muslims have often heard that Christians worship three gods, or that the Injil, the Christian Scripture, has been corrupted. How can Christians explain their faith in a way that Muslims can understand? In his work with Muslims in central London, Robert Scott has discovered that many are quite open to talking about matters of faith. In this thoughtful and respectful book, he explores common questions and objections his Muslim friends have discussed with him over the years. Ordinary Christians can read this book to better appreciate where Muslims are coming from. Ordinary Muslims can read this book to better grasp what Christians actually believe, and why. Effective Communication and Soft Skills

A philosophical exploration of female submission, using insights from feminist thinkers—especially Simone de Beauvoir—to reveal the complexities of women’s reality and lived experience. What role do women play in the perpetuation of patriarchy? On the one hand, popular media urges women to be independent, outspoken, and career-minded. Yet, this same media glorifies a specific, sometimes voluntary, female submissiveness as a source of satisfaction. In philosophy, even less has been said on why women submit to men

and the discussion has been equally contradictory—submission has traditionally been considered a vice or pathology, but female submission has been valorized as innate to women’s nature. Is there a way to explore female submission in all of its complexity—not denying its appeal in certain instances, and not buying into an antifeminist, sexist, or misogynistic perspective? *We Are Not Born Submissive* offers the first in-depth philosophical exploration of female submission, focusing on the thinking of Simone de Beauvoir, and more recent work in feminist philosophy, epistemology, and political theory. Manon Garcia argues that to comprehend female submission, we must invert how we examine power and see it from the woman’s point of view.

Historically, philosophers, psychoanalysts, and even some radical feminists have conflated femininity and submission. Garcia demonstrates that only through the lens of women’s lived experiences—their economic, social, and political situations—and how women adapt their preferences to maintain their own well-being, can we understand the ways in which gender hierarchies in society shape women’s experiences. Ultimately, she asserts that women do not actively choose submission. Rather, they consent to—and sometimes take pleasure in—what is prescribed to them through social norms within a patriarchy. Moving beyond the simplistic binary of natural destiny or moral vice, *We Are Not Born Submissive* takes a sophisticated look at how female

submissiveness can be explained.

The 7 Powers of Questions 62q

There are two foundational pillars of a BDSM relationship between a Dom and a sub: consent and trust. Everything else in the relationship - the fun, the love, the discipline, the eroticism, the tears and the journey - are all built on those standards. Both consent and trust require honest communication in order to thrive. The vast majority of that communication begins long before the training begins. In "Dom's Guide to Submissive Training Vol. 2," I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive. It's not enough to just ask "What do you like?" or "Would you like to be my sub?" You need to know things about your sub

that are deeper, more practical and helpful. Without the knowledge of these 25 things, you may be able to create momentarily excitement but it will surely turn into a frustrating short-term relationship headed for drama, disaster and end. Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self - even if she doesn't have the words to do so. There are a million things subs want their Doms to know. These questions will help your sub tell you.

“Spiritual maturity should manifest (Translate, reflect) in one’s day-to-day Social life.” This opening line by Lucas Come sets the tone for the pages ahead. It sets the tone for the journey you are about to embark on. It may sound as if the book is about an inward journey in which we are to absorb and yet the book is about sharing and giving as we receive. The life of the disciples is exactly about this. Jesus took time to have conversations with his disciples and with the people he encountered. In this book Lucas seeks to take us to the basics and the basis of life. We are people who are created to be in community and to be a community. This is a concept that has been lost in the 21st Century. Even though our faith calls us to be a people, we have instead

chosen to be influenced by the world. The virtue today is to be the best at the expense of others. It is an isolating and lonely way of doing life. Conversations with one another and with God is carefully designed to call us out of our shell to share our stories and maybe only then will we have meaningful connections. This is the first thing that I want to bring forth as you begin to read this enriching book—being called out. The book itself is realistic as it tackles some of the issues that we deal with in life as ordinary believers who seek to be faithful disciples. Have you ever pondered the question of focusing on God? Is this not something we struggle to do most of the time? Richard J. Foster knows this truth as he reminds us that the world is always screaming trying to

draw our attention. He says, "In a culture where the landscape is dotted with shrines to the Golden Arches and an assortment of Pizza Temples, fasting seems out of place, out of step with the times." (Foster R.J.: 1978: Celebration of Discipline: The path to spiritual growth: 41) And yet on the other hand Jesus is this gentle voice that does not nag; this voice that is often drowned by consumerism, selfish promises, momentary success and many other things that offer us false hope. 14 Foreword Lucas invites us to focus on positive things. Those things that enable life not just for us, but others as well. This is another profound lesson for us especially in the Southern Africa today. For us to grow deeper in love with God we need to grow deeper in love for

others as well. This way of doing life helps us to wipe our tear off and begin to see other people's tears. We often focus on ourselves and end up drowning in our own sorrow and misery without any sense of being aware of what we can still do; not only for ourselves, but equally motivated to see our potential in journeying with others. The life of Jesus is marked by a journey that takes him to the people to be with the people. It is marked with people being drawn to Jesus. Jesus is receptive, embracing and loving. I enjoy Lucas' perspective of Jesus as a 'better place'. Do we ever get to a place of taking Jesus seriously such that our lives are founded on him? What would our lives look like if we were to put Jesus at the centre of how we do life? Could it be that we would begin to treat

one another graciously? Could it mean that we would allow justice to flourish and inhumane habits shrink to almost non-existent? We often say, "We are made in the image of God." Do we really understand the depth and the breadth of this phrase? It means God first and God last. It means living within the presence of God. It means living not as we please, but as God would be honoured. It means taking God seriously than wanting to see how much God takes us seriously. We live in a culture that seeks recognition as if God sometimes forgets about us. And yet the reality of God's holiness comes from God not thinking God, but you and I. Therefore God will not promise to love us and then the next minute hurt us. God never plays games with us. God takes us seriously all the time. God takes

us seriously even at times when we ta
