In addition to a thorough review, this test prep features a diagnostic test and 2 full-length practice tests (1 in the book and 1 online at the REA Study Center) that deal with every type of question, subject area, and skill tested on the exam. Our online tests offer timed testing conditions, automatic scoring, and diagnostic feedback on every question to help teacher candidates zero in on the topics that give them trouble now, so they can succeed on test day. REA's test prep package includes: - Comprehensive review of all content categories tested on the TExES Social Studies 7-12 exam - Online diagnostic that pinpoints strengths and weaknesses to help focus study - 2 full-length practice tests based on actual exam questions - Practice test answers explained in detail - Proven study tips, strategies, and confidence-boosting advice - Online practice tests feature timed testing, automatic scoring, and topic-level feedback REA's TExES Social Studies 7-12 (232) is a must-have for anyone who wants to become a social studies teacher in Texas.

TExES Mathematics 7-12 (235) Book + Online Cirrus Test Prep

Focusing on applied and clinical examples, the Second Edition of PRINCIPLES OF NEUROPSYCHOLOGY is an exciting and dynamic approach to neuropsychology that should inspire both students and teachers. This progressive and accessible text teaches brain function in a clear and interesting manner by providing the most recent studies and research available in this ever-developing field. Applying the underlying thesis that all interactions in daily life, whether adaptive or maladaptive, can be explained neuropsychologically, the authors emphasize five specific ideas: human neuropsychology-both experimental and clinical, integration of theory and research, coverage of the relationship between neuroscience and behavioral function, real-life examples, and the presentation of didactic aids. Integrating these themes with the most up-to-date research provides all readers-whether or not they have had previous exposure to the field-with the most current and accessible text available.

"This book is the ideal source for teaching oral language, reading, writing, and the content areas in English to K-12 English learners. In an approach unlike most other books in the field, Reading, Writing, and Learning in ESL looks at contemporary language acquisition theory as it relates to instruction and provides detailed suggestions and methods for motivating, involving, and teaching English language learners. Praised for its strong research base, engaging style, and inclusion of specific teaching ideas, the book offers thorough coverage of oral language, reading, writing, and academic content area instruction in English for K-12 English learners. Thoroughly updated throughout, the new edition includes a new chapter on using the Internet and other digital technologies to engage students and promote learning, many new teaching strategies, new and revised activities, and new writing samples"--Publisher's description.
