The friendships of writers of the mid-Tang era (780s-820s)—between

literary giants like Bai Juyi and Yuan Zhen, Han Yu and Meng Jiao, Liu Zongyuan and Liu Yuxi—became famous through the many texts they wrote to and about one another. What inspired mid-Tang literati to write about their friendships with such zeal? And how did these writings influence Tang literary culture more broadly? In *One Who Knows Me*, the first book to delve into friendship in medieval

China, Anna M. Shields explores the literature of the mid-Tang to reveal the complex value its writers discovered in friendship—as a rewarding social practice, a rich literary topic, a way to negotiate literati identity, and a path toward self-understanding . Shields traces the evolution of the performance of friendship through a wide range of genres, including letters,

prefaces,
 exchange
 poetry, and
 funerary texts,
 and
 interweaves
 elegant
 translations
 with close
 readings of
 these texts.
 For mid-Tang
 literati, writing
 about
 friendship
 became a
 powerful way
 to write about
 oneself and to
 reflect upon a
 shared
 culture. Their
 texts reveal
 the ways that
 friendship
 intersected
 the public and
 private realms
 of experience
 and, in the
 process,
 reshaped

both.

 Charlene Henry had such an overwhelming spiritual hunger that she walked away from a

successful career at the height of the economic slowdown just so that she could spend all of her time seeking a more intimate relationship with Jesus. Over the course of the next two years, Jesus rewarded her by frequently awakening her during the night to explain, in dreams and visions backed with scriptural references, the simplicity of the Gospel. She dutifully copied these visions in book form, and they

are now being used around the world in Bible studies, prison ministries, and classes for new believers. The scriptures flow effortlessly from one subject to the next, and tie the whole New Testament together. You will learn how you can develop a personal relationship with Jesus, how you can distinguish God's voice from other voices, how to understand ten basic spiritual principles, and

the six steps to praying more effectively. You will also discover your own particular spiritual gift and how to develop it. Prepare to have every area of your life radically transformed by this teaching! C. H. Henry is also the author of another book that highlights "snapshots" of Jesus from Genesis to Revelation, and one that extolls God's perfect love for you. *Parliamentary Debates*

Bruce was the happiest pegasus in the seven worlds. As Master Wizard and Prince of New Avon, he ruled scores of outlying herds and commanded North America's most powerful source of magic: Mornwing Upwelling. He was young and handsome and newly life-mated to Alcyon Skydance Galeryon of the Far Isles, the most beautiful Pegasian

princess he had ever seen. As we humans say, Bruce had it made. Then, suddenly: Transfer orders! His ancestral dimension was slated to be downsized to dandle fluff by the Great Herdmaster and the Council of Greater Sentient Species. As if that weren't enough, his gorgeous little princess became a headstrong, power-hungry nag, and then Bruce blundered into the arms of a

very powerful, very inept witch. The woman most foully Enchanted him, and her polluting touch forced Alcy, her annoying firedrake Maitland, and Bruce into exile in the mundane. Imagine! Pegasian Royalty in a stall! That's where the trio had to take refuge, though, thanks to Laura Hennessey LaCroix whose commands required Bruce to use every last

ounce of magic and all his Powers—invisibility, mimicry, flight, telepathy, and Inspiration—to obey her or die. Thrown into the world of men, Bruce became an outlaw, lost his principality, and open a gifted man to dark and dangerous Powers. And, while Alcy and Bruce struggled just to stay alive, an evil, shape-changing monster declared war on them, their humans, and

all of mankind!

 When Second World War Spitfire pilot John Gillespie Magee penned

his poem 'High Flight', little did he know that his words would inspire legions of aspiring aviators who had a similar wish to fly their 'eager craft through footless halls of air'.
 Founded on years of detailed research, Roger Cole's book High Flight tells John Magee's extraordinary story, describing hitherto-unknown details of his short life, and providing insight into the inspiration

for the poems that have found a unique place in history. Born of an English mother and American father in Nanking in China, Magee grew up and was educated in different parts of the world, proving to be a highly accomplished student. Through his experiences, he developed principles that made him determined to defend the rights of those he loved and respected. Exhilarated by flight and

finding unique language in poetry, John was able to use words to express the emotions and sentiments of all who fly in a manner that is acknowledged and applauded throughout the world. The outbreak of war in Europe violated his beliefs, and, determined to fight for freedom, John left America and joined the Royal Canadian Air Force, qualifying as a pilot and traveling to England to fight Nazism.

Tragically, John would lose his life, aged 19 years, in an accident, so never know how his words would serve posterity. Roger Cole's High Flight traces the path of John Magee's achievement, revealing an incredible story of human endeavor, vision, determination and self-sacrifice. High Flight Thomas Nelson As a child, Veena was an introvert. Her quiet,

reclusive and introspective disposition along with being a sickly child did not bode well with her mother. This book is a laugh-out-loud gut busting anecdotal recount of her life journey through the experiences shared with her mother, who in her attempts to pull Veena out of her shell adopts some unconventional motivational methods. Beneath the brashness of her mother's speech, lay the queen of common

sense philosophy. In this book you will get to know a little about her mother. You will discover: ? Her love of the words foolish, stupid, idiot and furthermore. ? Her interesting use of the words very, great, wonderful, congratulation s, thank you and goodbye. ? Her brilliantly quick mind, sharp tongue and her ability to insult you whilst simultaneously complimentin

g you. ? Her questioning of what the scientists are doing with their time. ? Her less than pleasant options, followed by her generous statement of "the choice is yours to make." ? Her casual integration of speech about death in regular conversation. ? Her flare for dramatic descriptions. ? The many names she has given me over the years. *Prince of New Avon*

Fortunately, a wide array of scientific studies show

 Who Knows Where Butterflies Die is a timeless story of the human spirit's desire for freedom
 "We're made to believe that learning the alphabet or chemistry and mathematics and this and that is more important than learning how to act like

humans. Yet, believe it or not, it's humanity that would save the world. Humanity is what prevents revolution and war. Humanity is what prevents tyranny, famine, mass killing, and torturing one another. It's sad to know that external forces are leading people to lose the respect and understanding they used to have towards each other. "With the never-ending invention of newer technologies, I

feel that the world has fallen into a race to turn people to robots. Everyone seems to be in a competition to show off the latest gadgets in their hands, but they hide the quality of their hearts in their chests. With all the new developments that are pushing us into a deeper isolation, I don't know where we're headed. I just know that that's what's leading us to a gradual, global self-

destruction in many ways." - Excerpt from *Who Knows Where Butterflies Die* Praise for *Who Knows Where Butterflies Die* "An important and powerful story that brings awareness to the pain and devastation innocent families experience when mired in a homeland full of oppression, war, and revolution." - Brock Tully, inspirational speaker and author of 9 books, including *The Great Gift*

"Who Knows Where Butterflies Die ... It's a must read. It inspires us to take responsibility for the world we are creating by our action and inaction." -Ted Kuntz, educational speaker and author of 4 books, including Peace Begins with Me **The London Journal** WestBow Press Marvin was raised by parents that are passionate for God. In his childhood, he was exposed

to several people that were themselves examples of true disciples. In High School, he stopped struggling against the tug of God and became a follower of Jesus. Out of his love for God he has been a worship leader for many years. In the winter of 2016 God began to stir his heart to a deeper walk. In February of 2017 he resigned his position as Worship Pastor to take

sabbatical for the refreshment of his body and spirit. It was the preface to what he and his wife have dubbed, "the year of the unexpected". In the summer of 2017, Marvin began an intentional pursuit of God that would eclipse his previous efforts at discipleship. This is the diary of his walk, originally intended for his children, but at their urging, for any that could be encouraged
