### LIZETH BRYNN

---

*The Call to Unite* Little, Brown  
 INSTANT NEW YORK TIMES BESTSELLER A moving account of resilience, hope, fear and mortality, and how these things resonate in our lives, by actor and advocate Michael J. Fox. The entire world knows Michael J. Fox as Marty McFly, the teenage sidekick of Doc Brown in *Back to the Future*; as Alex P. Keaton in *Family Ties*; as Mike Flaherty in *Spin City*; and through numerous other movie roles and guest appearances on shows such as *The Good Wife* and *Curb Your Enthusiasm*. Diagnosed at age 29, Michael is equally engaged in Parkinson's advocacy work, raising global awareness of the disease and helping find a cure through The Michael J. Fox Foundation for Parkinson's Research, the world's leading non-profit funder of PD science. His two previous bestselling memoirs, *Lucky Man* and *Always Looking Up*, dealt with how he came to terms with the illness, all the while exhibiting his iconic optimism. His new memoir reassesses this outlook, as events in the past decade presented additional challenges. In *No Time Like the Future: An Optimist Considers Mortality*, Michael shares personal stories and observations about illness and health, aging, the strength of family and friends, and how our perceptions about time affect the way we approach mortality. Thoughtful and moving, but with Fox's trademark sense of humor, his book provides a vehicle for reflection about our lives, our loves, and our losses. Running through the narrative is the drama of the medical madness Fox recently experienced, that included his daily negotiations with the Parkinson's disease he's had since 1991, and a spinal cord issue that necessitated

immediate surgery. His challenge to learn how to walk again, only to suffer a devastating fall, nearly caused him to ditch his trademark optimism and "get out of the lemonade business altogether." Does he make it all of the way back? Read the book.

#### **Finding Latinx** Crown

The untold story of Willie Nelson and his sister, Bobbie, who, over the course of their lives together, supported each other through personal tragedies and triumphs and forged an unbreakable bond through their shared love of music "Tender and intimate."—The New Yorker "Poignant, beautiful, heartfelt."—New York Journal of Books ONE OF THE BEST MUSIC BOOKS OF THE YEAR: Rolling Stone, Kirkus Reviews Abandoned by their parents as toddlers, Willie and Bobbie Nelson found their love of music almost immediately through their grandparents, who raised them in a small Texas town. Their close relationship was the longest-lasting bond in both their lives. In alternating chapters, this heartfelt dual memoir weaves together both their stories as they experienced them side by side and apart. The Nelsons share powerful, emotional moments from growing up, playing music in public for the first time, and facing trials in adulthood, as Willie pursued songwriting and Bobbie faced a series of challenging relationships and a musical career that took off only when attitudes about women began to change in Texas. This is Bobbie's only memoir, and in it she candidly shares her life story in full. Her deeply affecting chapters delve into her personal relationships and life as a mother and as a musician with technical skills that even Willie admits surpass his own. In his poignant stories, Willie shares the depth of his bond with his sister, and how that bond carried him through his most troubled moments. Willie and Bobbie supported each other through unthinkable personal heartbreak, and they always shared in each other's victories. Through dizzying highs and traumatic lows, spanning almost nine decades of life, Willie and Bobbie always had each other's back. Their

story is an inspiring, lyrical statement of how family always finds the way.

*Losing Earth* Page Publishing Inc

Struggling with her identity, Holly the Hippo learns that appearance is not everything. By participating in a class assignment, Holly begins to understand that her personality versus looks is what attracts friends. Inspired by Bobbie-Angela Wong's own experience with Anorexia Nervosa, Holly the Hippo, hopes to teach children to love who they are as a person instead of criticizing their bodies to fit a certain ideal.

*The Soul of America* Time Inc. Books

This eBook includes the full text of the book plus an exclusive additional chapter from Chip and Joanna that is not found in the hardcover. An exclusive look at America's first family of renovation! Taking you behind the scenes, Chip and Joanna Gaines share the story of how they met, the ups and downs of being an entrepreneurial couple, and how they built a life they love. The Magnolia Story is the first book from dynamic husband-and-wife team Chip and Joanna Gaines, stars of HGTV's Fixer Upper. Offering their fans a detailed look at their life together, they share everything from the very first renovation project they ever tackled together to the project that nearly cost them everything; from the childhood memories that shaped them, to the twists and turns that led them to the life they share on the farm today. While they both attended Baylor University in Waco, their paths didn't cross until Chip checked his car into the local Firestone tire shop where Joanna worked behind the counter. Even back then Chip was a serial entrepreneur who, among other things, ran a lawn care company, sold fireworks, and flipped houses. Soon they were married and living in their first fixer upper. Four children and countless renovations later, Joanna garnered the attention of a television producer who noticed her work on a blog one day, leading to the incredible Fixer Upper phenomenon. In *The Magnolia Story*, fans will finally get to join the Gaines family behind the scenes and discover: The time Chip ran to the grocery store and forgot to take their new, sleeping baby Joanna's agonizing decision to close her dream business to focus on raising their children When Chip buys a houseboat, sight-unseen, and it turns out to be a leaky wreck Harrowing stories of the financial ups and downs as an entrepreneurial couple Memories and photos from Chip and Jo's wedding The significance of the word magnolia and why it permeates everything they do The way the couple pays the popularity of Fixer Upper forward, sharing the success with others, and bolstering the city of Waco along the way And yet there is still one lingering question for fans of the show: Is Chip really that funny? "Oh yeah," says Joanna. "He was, and still is, my first fixer upper."

**Five Presidents** Random House

From the spymaster and inspiration for the movie *Argo*, discover the "real-life spy thriller" of the brilliant but under-supported CIA operatives who developed breakthrough spy tactics that helped turn the tide of the Cold War (Malcolm Nance). Antonio Mendez and his future wife Jonna were CIA operatives working to spy on Moscow in the late 1970s, at one of the most dangerous moments in the Cold War. Soviets kept files on all foreigners, studied their patterns, and tapped their phones. Intelligence work was effectively impossible. The Soviet threat loomed larger than ever. The *Moscow Rules* tells the story of the intelligence breakthroughs that turned the odds in America's favor. As experts in disguise, Antonio and Jonna were instrumental in developing a series of tactics -- Hollywood-inspired identity swaps, ingenious evasion techniques, and an armory of James Bond-style gadgets -- that allowed CIA officers to outmaneuver the KGB. As Russia again rises in opposition to America, this remarkable story is a tribute to those who risked everything for their country, and to the ingenuity that allowed them to succeed.

**#VERYFAT #VERYBRAVE** Thomas Nelson

USA Today Bestseller List. Many have written about Billy Graham, the evangelist. This is the first book about Billy Graham, the father, written from the perspective of a son who knew him best. As a beloved evangelist and a respected man of God, Billy Graham's stated purpose in life never wavered: to help people find a personal relationship with God through a saving knowledge of Jesus Christ. This was a calling that only increased over time, and Billy embraced it fully throughout his active ministry and beyond. Yet Billy pursued his life's work, as many men do, amid a similarly significant calling to be a loving husband and father. While most people knew Billy Graham as America's pastor, Franklin Graham knew him in a different way, as a dad. And while present and future generations will come to their own conclusions about Billy Graham and the legacy that his commitment to Christ has left behind, no one can speak more insightfully or authoritatively on that subject than a son who grew up in the shadow of his father's life and the examples of his father's love. This vulnerable book is a look at both Billy Graham the evangelist and Billy Graham the father, and the impact he had on a son who walked in his father's steps while also becoming his own man, leading ministries around the world, all of it based on the foundational lessons his father taught him. "My father left behind a testimony to God," says Franklin, "a legacy not buried in a grave but still pointing people to a heaven-bound destiny. The Lord will say to my father, and to all who served Him obediently, 'Well done, good and faithful servant' [Matthew 25:21]." *Comeback Careers* HarperCollins

In homes and school communities nationwide, there is re-energized interest in the values of community, compassion, and tolerance, and in finding our way to a kinder culture—a culture that starts with our families. Headlines speak of hate crimes, intolerance, and us-versus-them divisiveness. Recent political events have left many Americans yearning for unity, respect, and compassion in our national discourse. In our schools, bullying continues to be a pervasive problem, and in our homes, "screen-time" poses a constant threat to "family time." Research shows that connection and social engagement are key to successful, fulfilling lives, and yet we have never been less connected than we are now. Perhaps more than any other group, parents recognize the potential damage of this trend. Children who are raised in a culture where giving and compassion are valued become happier and more positively engaged with those around them. They are less likely to treat others disrespectfully. With increased concern about meanness and bullying, you may be among the many parents who see the need for more civil, respectful, and considerate behavior among our children. *The Kindness Advantage* is a practical and concrete guide for you to equip your child with the skills they need to have a positive influence on the world. We all benefit when children are raised with the understanding that they can have an impact by making conscious choices. It's never too early to start your child on a path of fulfillment through meaningful connection with others. Designed to be read with children as young as four, the book presents ten fundamental concepts to weave into your family's daily life. Using text, quotes, questions and real life stories, *The Kindness Advantage* is the first book parents need to think about and teach the necessary skills to be a kind, compassionate person. Each idea on its own is simple and unthreatening, yet together they form the powerful foundation parents need to go beyond teaching "please" and "thank-you" to form

kindness habits that will last a lifetime. In a world where kindness is so greatly needed, *The Kindness Advantage* offers inspiration and activities to teach kids empathy, inspire a culture of compassion and connection, and empower children to make a difference in their community and the world.

**Siriously Delicious** HarperCollins

The "New York Times" bestselling author and "Morning Joe" cohost Mika Brzezinski examines the enemies of women's success both in the workplace and at home and reveals strategies to overcome them."

**Scrappy Little Nobody** Thorndike Press Large Print

From some of our most prominent spiritual and religious leaders, poets and thinkers, singers and writers, a book of wisdom to light our way in dark times. At the start of 2020, in what felt already like an age of disorder, our world faced one of the gravest global challenges in a century. Covid-19 raced around the earth, and chaos erupted. Yet in the midst of this crisis, billions of human beings responded with love. Across the globe, people sought to connect, whether in person from a socially distant six feet or via a screen from 10,000 miles away. In that moment, Tim Shriver saw an opportunity for those hungry for community to answer a call to heal, a call to hope, a call to unite. He asked monks and nuns, artists and activists, nurses and doctors, ex-presidents and ex-cons to come together to share messages of inspiration, transformation, and love. This book captures the spirit of that 24-hour event. Featuring stories and insights from Bishop TD Jakes, Elizabeth Gilbert, Van Jones, Amy Grant, Dr. Rhee Walker, Pastor Rick Warren, Rev. Jacqui Lewis, Jewel, Deepak Chopra and many others, *The Call to Unite* offers readers a book of wisdom to turn to in hard times - filled with prayers, poems, spiritual insights and lessons to live by that will stand the test of time. Those seeking affirmation, solace, and inspiration need only look inside for guidance in finding the light in any crisis. Only in embracing each other can we amplify the love that creates our global community. Only in coming together can we be our happiest, and our best.

*You Look So Much Better in Person* Andrews McMeel Publishing

An account of the Trump presidency draws on interviews with firsthand sources, meeting notes, diaries, and confidential documents to provide details about Trump's moves as he faced a global pandemic, economic disaster, and racial unrest.

Simon and Schuster

**#1 NEW YORK TIMES BESTSELLER** • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. **ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH"** • **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR** • *The Christian Science Monitor* • *Southern Living* Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson "Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America."—*Newsday* "Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia."—*USA Today*

**The Beauty of Living Twice** Simon and Schuster

A deeply personal exploration of fatherhood, addiction, and resiliency from Craig Melvin, news anchor of NBC's Today show. For Craig Melvin this book is more an investigation than a memoir. It's an opportunity to better understand his father; to interrogate his family's legacy of addiction and despair but also transformation and redemption; and to explore the challenges facing all dads—including Craig himself, a father of two young children. Growing up in Columbia, South Carolina, Craig had a fraught relationship with his father. Lawrence Melvin was a distant, often absent parent due to his drinking as well as his job working the graveyard shift at a postal facility. Watching sports and tinkering on Lawrence's beloved (but unreliable) 1973 Pontiac LeMans were two ways father and son connected, but as Lawrence's drinking spiraled out of control, their bond was stretched to the breaking point. Fortunately, Craig had a loving, fiercely protective mother who held the family together. He also had a series of surrogate father figures in his life—uncles, teachers, workplace mentors—who by their examples helped him figure out the kind of person and father he wanted to be. Pops is the story of all these men—and of the inspiring fathers Craig has met reporting his "Dads Got This Series" on the Today show. Pops is also the story of Craig and Lawrence Melvin's long journey to reconciliation and understanding, and of how all these experiences and encounters have informed Craig's understanding of his own role as a dad.

**No Time Like the Future** Legacy Lit

The New York Times bestselling collection of humorous autobiographical essays by the Academy Award nominated actress and star of *Up in the Air* and *Pitch Perfect*. Even before she made a name for herself on the silver screen starring in films like *Pitch Perfect*, *Up in the Air*, *Twilight*, and *Into the Woods*, Anna Kendrick was unusually small, weird, and "10 percent defiant." At the ripe age of thirteen, she had already resolved to "keep the crazy inside my head where it belonged. Forever. But here's the thing about crazy: It. Wants. Out." In *Scrappy Little Nobody*, she invites readers inside her brain, sharing extraordinary and charmingly ordinary stories with candor and winningly wry observations. With her razor-sharp wit, Anna recounts the absurdities she's experienced on her way to and from the heart of pop culture as only she can—from her unusual path to the performing arts (Vanilla

Ice and baggy neon pants may have played a role) to her double life as a middle-school student who also starred on Broadway to her initial “dating experiments” (including only liking boys who didn’t like her back) to reviewing a binder full of butt doubles to her struggle to live like an adult woman instead of a perpetual “man-child.” Enter Anna’s world and follow her rise from “scrappy little nobody” to somebody who dazzles on the stage, the screen, and now the page—with an electric, singular voice, at once familiar and surprising, sharp and sweet, funny and serious (well, not that serious).

[Finding the Dragon Lady](#) Thomas Nelson

This heartbreaking, hilarious, and brutally honest memoir shares the deeply personal life story of a girl next door and her transformation into a household name. For more than forty years, Katie Couric has been an iconic presence in the media world. In her brutally honest, hilarious, heartbreaking memoir, she reveals what was going on behind the scenes of her sometimes tumultuous personal and professional life - a story she’s never shared, until now. Of the medium she loves, the one that made her a household name, she says, “Television can put you in a box; the flat-screen can flatten. On TV, you are larger than life but smaller, too. It is not the whole story, and it is not the whole me. This book is.” Beginning in early childhood, Couric was inspired by her journalist father to pursue the career he loved but couldn’t afford to stay in. Balancing her vivacious, outgoing personality with her desire to be taken seriously, she overcame every obstacle in her way: insecurity, an eating disorder, being typecast, sexism . . . challenges, and how she dealt with them, setting the tone for the rest of her career. Couric talks candidly about adjusting to sudden fame after her astonishing rise to co-anchor of the TODAY show, and guides us through the most momentous events and news stories of the era, to which she had a front-row seat: Rodney King, Anita Hill, Columbine, the death of Princess Diana, 9/11, the Iraq War . . . In every instance, she relentlessly pursued the facts, ruffling more than a few feathers along the way. She also recalls in vivid and sometimes lurid detail the intense pressure on female anchors to snag the latest “get”—often sensational tabloid stories like Jon Benet Ramsey, Tonya Harding, and OJ Simpson. Couric’s position as one of the leading lights of her profession was shadowed by the shock and trauma of losing her husband to stage 4 colon cancer when he was just 42, leaving her a widow and single mom to two daughters, 6 and 2. The death of her sister Emily, just three years later, brought yet more trauma—and an unwavering commitment to cancer awareness and research, one of her proudest accomplishments. Couric is unsparing in the details of her historic move to the anchor chair at the CBS Evening News—a world rife with sexism and misogyny. Her “welcome” was even more hostile at 60 Minutes, an unrepentant boys club that engaged in outright hazing of even the most established women. In the wake of the MeToo movement, Couric shares her clear-eyed reckoning with gender inequality and predatory behavior in the workplace, and downfall of Matt Lauer—a colleague she had trusted and respected for more than a decade. Couric also talks about the challenge of finding love again, with all the hilarity, false-starts, and drama that search entailed, before finding her midlife Mr. Right. Something she has never discussed publicly—why her second marriage almost didn’t happen. If you thought you knew Katie Couric, think again. Going There is the fast-paced, emotional, riveting story of a thoroughly modern woman, whose journey took her from humble origins to superstardom. In these pages, you will find a friend, a confidante, a role model, a survivor whose lessons about life will enrich your own.

[Under the Wide and Starry Sky](#) Simon and Schuster

New York Times bestselling author Ali Wentworth offers her hilarious and unique advice on surviving the absurdity of modern life in her third collection of laugh-out-loud comic vignettes. Ali Wentworth’s first two books, *Ali in Wonderland* and *Happily Ali After*, were lauded by readers, critics, and fellow comedians alike. Entertainment Weekly included *Happily Ali After* on its "Must List" and hailed it as "hilarious. . . . Her glass isn't half full—it's 'empty and cracked,' while Cosmopolitan praised it as "razor-sharp." Chelsea Handler called *Ali in Wonderland* "truly hilarious," and Kathy Griffin christened it, "Chicken Soup for the Vagina." Alec Baldwin has described Ali as "funny and warm and crazy all at once. Like Barbara Eden. But on something. Like crystal meth," and Jerry Seinfeld has raved, "Everything that comes out of Ali Wentworth’s mouth is funny!" At once endearing and hilarious, thoughtful and far-fetched, this third collection offers Ali at her wisest and wittiest as she delivers tips, pointers, and quips on a host of life’s conundrums and sticky situations, including the funny, sometimes embarrassing yet unforgettable situations that have shaped her inimitable world view as a wife, mother, actress, comedian, and all around bon vivant. Thoroughly entertaining, *Go Ask Ali* is packed with thoughts and musings from "the girlfriend you want to have a glass of wine with, the one who makes you laugh because she sees the funny and the absurd in everything" (Huffington Post).

[The Kindness Advantage](#) Vintage

"Before there was 'tourism' or 'leisure time;' before souvenir ashtrays became 'camp' and 'kitsch;' before Goofy Golf became an 'attraction' and

today's colossal theme parks could even be imagined, there was 'Beautiful Lake of the Ozarks -- Family Vacationland, ' where to this day the ashtrays remain devoid of irony. It was here, at Arrowhead Lodge at Lake of the Ozarks, where Bill Geist spent his summers between high school and college working at this tacky resort. What may have seemed 'just a summer job' became, upon reflection, a transformative era where a cast of eccentric, small-town characters and experiences would make Bill the man he is today. Bill realized it was this time in his life that would shape his sensibilities, his humor, his writing, and ultimately a career searching the world for other such untamed characters for The Chicago Tribune and the New York Times. In *Lake of the Ozarks*, two-time Emmy Award-winning CBS Sunday Morning correspondent Bill Geist reflects on his coming of age in the American heartland of the Midwest and traces his evolution as a man and a writer, in the summers between high school and college, before he went off to Vietnam and the country went to Hell. Written with Geistian warmth and quirky humor, *Lake of the Ozarks* takes readers back to a bygone era, and shows how you can find inspiration in the most unexpected places"--

[Top of the Morning](#) Milkweed Editions

In November 1963, the president of South Vietnam and his brother were brutally executed in a coup that was sanctioned and supported by the American government. President Kennedy later explained to his close friend Paul "Red" Fay that the reason the United States made the fateful decision to get rid of the Ngos was in no small part because of South Vietnam's first lady, Madame Nhu. "That goddamn bitch," Fay remembers President Kennedy saying, "She's responsible ... that bitch stuck her nose in and boiled up the whole situation down there." The coup marked the collapse of the Diem government and became the US entry point for a decade-long conflict in Vietnam. Kennedy's death and the atrocities of the ensuing war eclipsed the memory of Madame Nhu -- with her daunting mixture of fierceness and beauty. But at the time, to David Halberstam, she was "the beautiful but diabolic sex dictatress," and Malcolm Browne called her "the most dangerous enemy a man can have." By 1987, the once-glamorous celebrity had retreated into exile and seclusion, and remained there until young American Monique Demery tracked her down in Paris thirty years later. *Finding the Dragon Lady* is Demery's story of her improbable relationship with Madame Nhu, and -- having ultimately been entrusted with Madame Nhu's unpublished memoirs and her diary from the years leading up to the coup -- the first full history of the Dragon Lady herself, a woman who was feared and fantasized over in her time, and who singlehandedly frustrated the government of one of the world's superpowers.

[I've Been Thinking . . .](#) Picador

Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways.

Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

**STRONG, WISER, BETTER** An Essential Guide for Reentering, Reinventing, or Rebooting Your Career at Any Age So many women hit their 40s or 50s and realize: it's time for a career change. Maybe you're yearning to try something new, or you're sensing that layoffs are coming and you need a backup plan. Perhaps you paused, or downsized your career to raise children, and you're ready to rejoin the workforce. How do you reboot, relaunch, return to, or reinvent a career at age 40? Or 50? Or 60? And how can you create a career and life that will provide you with purpose and financial security for years to come? In *Comeback Careers*, New York Times bestselling author and co-host of MSNBC's Morning Joe Mika Brzezinski and her sister-in-law Ginny Brzezinski have teamed up to show you that career reinvention is possible at any age. You have the skills, experience, and maturity; it's time to own them. For this book, Mika and Ginny interviewed dozens of career-changers working in a variety of fields, from finance to academics to the arts. They share successful relaunchers' secrets to overcoming obstacles, both internal and external, and their step-by-step processes and candid advice. They also reveal key strategies from top jobcoaches, résumé-writers, and LinkedIn experts, tailored to the special challenges of mid-career jobseekers. It's time to rewrite the narrative. You are stronger, wiser, and better at the midpoint, and *Comeback Careers* is a roadmap to your career reinvention and fulfillment.
