Air frying, also referred to as hot air frying, is a modern cooking technique which has been developed to allow for the frying, roasting or grilling of food without using the oil or fat amounts we are used to. How does it taste without generous use of oil? The truth is that the technology ensures that the food being prepared gets not only the taste of deep fried food but also the texture. Grease is one of the major causes of cardiovascular diseases and if you are able to eliminate it from your diet, then you are safer from these conditions more than never before. Since the acquisition of the microwaves and the slow cookers around the 1970s, no other kitchen acquisition surpasses the innovation of the hot air frying machines. The appliances have a design that allows for the circulation of extremely hot air in such a fashion mimicking the flow and movement of heat currents within a pot with boiling oil. This thus enables the system to crisp the outside of the food whereas the inside is allowed to cook. Some modernized designs come with grilling elements that are essential for added crispness and browning. In a nutshell, the air fryer has been designed to be used for oil-less healthy cooking. The result is food that is very moist and well-cooked on the inside with the outside being crispy, brown and very appealing to the eye. An air fryer can be used to cook different meals such as French fries, tater tots, onion rings, homemade potato chips, baked potatoes, grilled cheese sandwiches, roasted vegetables, corn on the cob, empanadas, egg rolls, spring rolls, crab Rangoon, donut, chicken, hamburgers, bacon, fish, and many other meals. You can use an air fryer to make your favorite meals just as the regular deep-fried, sautéed, grilled, and baked meals. An air fryer requires only a little oil and hot air to fry your meals.Herm I.T.

Robin Paley, a Vietnam vet, and Hendrix Higgins, a former teacher who witnessed a school shooting, become trapped together during a storm in March of 2001, when Hendrix, now a computer tech, arrives to fix Robin's only source of contact with the outside world. Discovering they have much in common, an afternoon of bonding leads to more. When Robin admits he'll never contact Hendrix again, however, a heated argument ensues. Hendrix fights hard to move on, while Robin seems to want to stay stuck. They angrily part ways, Hendrix telling Robin to call him if he ever wants to live again. When Robin finally reaches out, he fears it may be too late. Has Hendrix moved on?
