Music, Lyrics, and Life is the songwriting class you always wish you'd taken, taught by the professor you always wish you'd had. It's a deep dive into the heart of questions asked by songwriters of all levels, from how to begin journaling to when you know that a song is finished. With humor and empathy, acclaimed singer-songwriter Mike Errico unravels both the mystery of songwriting and the logistics of life as a songwriter. For years, this set of tools, prompts, and ideas has inspired students on campuses including Yale, Wesleyan, Berklee, Oberlin, and NYU's Clive Davis Institute of Recorded Music. Alongside his own lessons, Errico interviews the writers, producers, and A&R executives behind today's biggest hits and investigates the larger questions of creativity through lively conversations with a wide range of innovative thinkers: astrophysicist Janna Levin explains the importance of repetition, both in choruses and in the exploration of the universe; renowned painter John Currin praises the constraints of form, whether it's within a right-angled canvas or a three-minute pop song; bestselling author George Saunders unpacks the hidden benefit of writing, and revising, authentically; and much more. The result is that Music, Lyrics, and Life ends up revealing as much about the art of songwriting as it does about who we are, and where we may be going. This is a book for songwriters, future content creators, music lovers, and anyone who wants to understand how popular art forms are able to touch us so deeply. Mike Errico has honed these lessons over years of writing, performing, teaching, and mentoring, and no matter where you are on your songwriting journey, Music, Lyrics, and Life will help you build a creative world that's both intrinsic to who you are, and undeniable to whoever is listening.

In a personal story told from the hero's point of view, both young Billy Batson and his alter ego, Captain Marvel, devote themselves to keeping hope alive by granting the requests of a local hospital's children--in a sense, making their wishes come true. From the fan-favorite team behind SUPERMAN: PEACE ON EARTH and BATMAN: WAR ON CRIME comes the third entry in the oversized tabloid format series that has revolutionized comics. SHAZAM!: POWER OF HOPE marks the latest collaboration between Emmy Award-winning writer/producer Paul Dini (BATMAN: HARLEY QUINN) and multiple award-winning Alex Ross (KINGDOM COME, UNCLE SAM). Perhaps no classic comic-book character embodies the spirit of youth and optimism as thoroughly as Captain Marvel--the wish fulfillment of every child who ever dreamed of having super powers and taking flight. In a personal story told from the hero's point of view, both young Billy Batson and his alter ego, Captain Marvel, devote themselves to keeping hope alive by granting the requests of a local hospital's children--in a sense, making their wishes come true. Powerfully written by Dini, with staggering painted art by Ross that combines traditional comic-book storytelling and the illustrated-text format of storybooks, SHAZAM!: POWER OF HOPE finds our hero taking a direct hand upon meeting a boy who has been injured by domestic violence. Deeply affected by the encounter, our story shows just how human the World's Mightiest Mortal truly is.

In a stretch of just seven years, the Beatles recorded hundreds of songs which tower above those of their worthy peers as both the product of cultural leadership and an artistic reflection of their turbulent age, the1960s. Walter Everett and Tim Riley's What Goes On: The Beatles, Their Music, and Their Time blends historical narrative, musicology, and music analysis to tell the full story of the Beatles and how they redefined pop music. The book traces the Beatles' development chronologically, marking the band's involvement with world events such as the Vietnam War, strides in overcoming racial segregation, gender stereotyping, student demonstrations, and the generation gap. It delves deeply into their body of work, introducing the concepts of musical form, instrumentation, harmonic structure, melodic patterns, and rhythmic devices in a way that is accessible to musicians and non-musicians alike. Close readings of specific songs highlight the tensions between imagination and mechanics, songwriting and technology, and through the book's musical examples, listeners will learn how to develop strategies for creating their own rich interpretations of the potential meanings behind their favorite songs. Videos hosted on the book's companion website offer full definitions and performance demonstrations of all musical concepts discussed in the text, and interactive listening guides illustrate track details in real-time listening. The unique multimedia approach of What Goes On reveals just how great this music was in its own time, and why it remains important today as a body of singular achievement.

(Piano Solo Songbook). Variety called composer Bear McCreary's score for the hit Syfy series Battlestar Galactica "the most innovative music on TV today," and NPR said it "fits the action so perfectly, it's almost devastating: (it's) a sci-fi score like no other." For this special collection, McCreary himself has translated the acclaimed orchestral score into fantastic solo piano arrangements at the intermediate to advanced level. Includes 19 selections in all, and as a bonus, simplified versions of "Roslin and Adama" and "Wander My Friends." Contains a note from McCreary, as well as a biography. A must for all BSG fans! "At last, fans can now be a part of the musical process themselves and experience the score as I first did: with fingertips touching the ivories." Composer Bear McCreary

Based on the musical that inspired the Netflix film starring Meryl Streep, Nicole Kidman, Kerry Washington, Keegan-Michael Key, James Corden, Andrew Rannells, and Ariana DeBose! Emma Nolan and Alyssa Greene share the same goal: debut as a couple at their senior prom. Only a few things

stand in their way—okay, maybe more than a few. For one, Alyssa hasn't come out yet. It's not that she doesn't want to, but with a mother on the PTA who will stop at nothing to prevent same-sex couples from attending prom, it's not a conversation she's eager to have—with good reason. Before long, Mrs. Greene has the entire town backing her up, and it's starting to look as though Emma and Alyssa won't get their happily-ever-after. Then, out of the blue, two Broadway stars arrive on the scene to fight on the girls' behalf (and get a little publicity along the way). But when their good intentions fall flat, it's up to Emma and Alyssa to take matters into their own hands and show their small Indiana town—and the world—that love is love is love.
