Dinosaur Stomp! The Triceratops The
Rosen Publishing Group, Inc
When his family goes to a museum so that
big sister Sam can research human
ancestors, young Harry wanders off while
playing with his toy dinosaurs and
becomes lost, but Gran knows just where
to find him.
The Last Dinosaur Book DK Publishing
(Dorling Kindersley)
This colourful activity book from the

Natural History Museum is the ideal
introduction to fantastic fossils. It is
crammed with 100 re-useable stickers of
fossilized plants and animals, from ancient
sea creatures and dinosaur claws to whole
cockroaches preserved in amber, as well
as lots of bite-size facts and puzzles and
games.

Wild LA University of Chicago Press
Dinosaur fast, dinosaur slow, Dinosaur
ROAR... and away we go! This much-loved,
multi-million selling classic combines an
infectiously rhythmic text with lovable,
colourful dinosaurs to explore opposites.
It's the perfect introduction to dinosaurs

for the very youngest dinosaur lovers.

Dinopix White Lion Publishing
The robotic Astro Boy battles a deadly
underground tank, helps solve a murder,
and prevents the world from being
destroyed by a robot bomb.

lizards."

The Ultimate Dinosaur Book Pan Macmillan
Create your own colourful dinosaurs with
this fact-filled activity book. What color
was the terrifying T. rex? Did Triceratops

have spots or stripes? Was *Baryonyx* blue? Nobody knows what color the dinosaurs were. So you can be as creative as you like! Filled with brilliant facts and games throughout, this is a fun way of introducing these prehistoric predators to children. Inside this book you'll find 15 eye-catching coloring activities featuring T.rex, *Spinosaurus*, *Diplodocus*, and many more. Each activity is accompanied by step-by-step instructions on how to draw your own dinosaurs and lots of fantastic bite-size facts about what dinosaurs looked like, what they ate, and how they moved around. There are also fun games and drawing activities such as dot-to-dot puzzles. All content is fully checked and approved by a dinosaur expert at the Natural History Museum, London.

Dinosaur Boo! The Deinonychus Dark Horse Manga

Find out how to babysit a dinosaur in *How to Care for Your T-Rex*, a very funny read-aloud picture book from writer Ken Baker and illustrator Dave Coverly. There are a few important things to know about your pet T-Rex: What does it like to eat? Your T-Rex will eat approximately 300 pounds of food each day. Where will it have space to

exercise? Your T-Rex can cover fifteen feet in a single step. How do you brush its many teeth? Especially when those teeth are nine inches long. And, most of all, how do you show your T-Rex that you love it? Get ready for a day full of giant adventures in dinosaur care! Christy Ottaviano Books

Dinosaurs of Distinction Pan Macmillan Meet *Dinosaur Roar*, king of the dinosaurs, in this brilliant rhyming story about a *Tyrannosaurus rex*, part of a collectable *The World of Dinosaur Roar!* series, in association with the Natural History Museum. With a fantastic rhyming text written by series creator, Peter Curtis and award-winning author, Jeanne Willis, *Dinosaur Roar! The Tyrannosaurus rex* is great to read aloud and perfect for preschool children. Inspired by the classic picture book, *Dinosaur Roar!* by Paul Stickland and Henrietta Stickland, this colourful series introduces a cast of authentic dinosaur characters to very young children and is approved by Dr Paul Barrett of the Department of Earth Sciences at the Natural History Museum in London. Each book also contains a pronunciation guide as well as a spread of

simple dinosaur facts, making this the perfect gift for young dinosaur fans! Discover more stories featuring these fun dinosaur characters: *Dinosaur Munch!* The *Diplodocus*, *Dinosaur Stomp!* The *Triceratops*, *Dinosaur Snap!* The *Spinosaurus*, *Dinosaur Flap!* The *Oviraptor* . . . and more!

Dinosaurs Pan Macmillan

Usborne Internet-linked First Encyclopedia of Dinosaurs and Prehistoric Life *Harry and the Dinosaurs at the Museum* Columbia University Press

On a muddy riverbank, a hungry dinosaur stalks her prey. From her hiding place in the nearby trees, she spies a giant, four-legged plant eater. At the right moment, she leaps from the trees and lunges at the slower dinosaur, tearing at its flanks with teeth and sharp claws. It's an average day in southern Texas, 115 million years ago. This dinosaur attack happened. We know for certain, because these two animals left their footprints in the mud -- and they're still there, hardened into stone for all to see. *Dinosaur Hunt* presents this dramatic event and brings the two combatants vividly back to life. It is the tale of a young *Acrocanthosaurus*, a predatory dinosaur

similar to T. rex. As she grows she learns to hide, hunt, and survive in the eat-or-be-eaten age of dinosaurs. The astounding, lifelike art of Karen Carr transports us to this strange and threatening world and re-creates one of the most gripping tales a few footprints ever told.

Dinosaur Colouring Book Scientific

American / Farrar, Straus and Giroux

In this book from the critically acclaimed, multimillion-copy best-selling Little People, BIG DREAMS series, discover the life of Mary Anning, the mother of paleontology, and daring fossil hunter. When Mary was little, her family was very poor. She used to help her dad to comb for shells and bones up high on dangerous cliffs. After receiving a book as a gift from a kind benefactor, Mary learned all about fossils. She continued to hunt for them and made the startling discovery of a complete skeleton of an ichthyosaur. Sadly, she wasn't allowed to study along with all the other men, but she carried on making her own discoveries—including dinosaur poo!—and advising the Geological Society when they needed help. It took a lifetime to receive recognition but we all remember her now as the mother of

paleontology. This roar-some book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the paleontologist's life. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

Dinosaur Munch! The Diplodocus

Doubleday Children's

Five hungry dinosaurs appear to take bite-sized chunks out of the die-cut text, as readers can count the number of bites from one to five.

Definitely Dinosaurs Frances Lincoln Children's Books

The ultimate gift for dinosaur-loving kids ages 7 and up! With fun text and colorful illustrations, paleontologist Jon Tennant explains the anatomy, habits, and diet of 12 dinosaurs from the Cretaceous, Jurassic, and Triassic eras and then provides pop-out pieces of their skeletons for kids to assemble into stand-up paper models. However, the pieces are mixed up! Before the puzzles can be completed, kids must apply their new knowledge about the dinosaurs to figure out which pieces go together. Kids will love the challenge of sorting out which bones belong to which dinosaur -- just like real paleontologists do!

My First Dinosaur Roar! Sticker Book

Usborne Internet-linked First Encyclopedia of Dinosaurs and Prehistoric Life Aimed at children aged four and over, this book covers prehistoric life, from the birth of the Earth to the first people, including all the

main species of dinosaurs. Amazing facts and figures are included, as well as the latest fossil discoveries. Mary Anning Brimming with details of a world before our time, *Age of Dinosaurs* is the perfect book for anyone interested in the evolution of dinosaurs over millions of years. Beautiful illustrations transport readers to the distant past and show what these creatures may have been like all those millennia ago.

Excavate! Dinosaurs Capstone

This colorful guide covers dinosaur toys through the ages, as well as memorabilia from movies, cartoons, and TV sitcoms. Includes some 3,000 toys, movie posters, action figures, fast food premium giveaways, model kits, and even a few fossils.

Dinosaur Roar! Chartwell

With this exciting tale about Bobby the Brachiosaurus, readers learn about different dinosaur species while also learning lessons about life. Through the accessible and age-appropriate narrative, they meet Bobby. He's a nosy dinosaur who gets himself into trouble. This charming story is presented in a concise way, allowing readers to follow it on their

own as they develop important independent reading skills. The enchanting illustrations of adorable dinosaurs spark the imagination of early learners and make this a fun reading experience for all.

Dino-Mike and the Museum Mayhem

Lonely Planet Kids

Journey a hundred million years back in time, and see 8 amazing dinosaurs in motion. A New York Times bestseller! Using unique Photicular® technology that's like a 3-D movie on the page, *DINOSAUR* brings these legendary, long-extinct creatures to life. Each image delivers a rich, immersive visual experience—and the result is breathtaking. There's a herd of giant sauroposeidons, with their impossibly long necks, lumbering across the sun-drenched plains, a threatened velociraptor waving its wildly feathered arms, and more. Flipping through these pages is transports readers to Earth's distant past. With informative text by science writer Kathy Wollard, it's like a natural history museum but better—experience it for yourself!

Weird But True! Dinosaurs Natural History Museum

Meet Dinosaur Snap, the scary

Spinosaurus, in this brilliant rhyming story, part of the collectable *The World of Dinosaur Roar!* series, in association with the Natural History Museum. Dinosaur Snap is a big, bad, bossy giant. But, after trying to creep up on Dinosaur Whack, trying to terrify Dinosaur Flap and trying to eat little Dinosaur Squeak, Snap realizes that he can't use his spiky scariness to bully and bother the other dinosaurs, not when Dinosaur Roar is king. With a fantastic rhyming text written by series creator, Peter Curtis, and award-winning author, Jeanne Willis, *Dinosaur Snap! The Spinosaurus* is perfect for preschool children. Inspired by the classic picture book, *Dinosaur Roar!* by Paul Stickland and Henrietta Stickland, this colourful series introduces a cast of authentic dinosaur characters to very young children and is approved by Dr Paul Barrett of the Department of Earth Sciences at the Natural History Museum in London. Each book also contains a pronunciation guide as well as a spread of simple dinosaur facts, making this the perfect gift for young dinosaur fans! Ollie Discovers the Dinosaurs Chronicle Books (CA)

A Hudson Booksellers Staff Pick for the Best Books of 2013 One of Publishers Weekly's Top Ten Spring Science Books A Bookshop Santa Cruz Staff Pick Dinosaurs, with their awe-inspiring size, terrifying claws and teeth, and otherworldly abilities, occupy a sacred place in our childhoods. They loom over museum halls, thunder through movies, and are a fundamental part of our collective imagination. In *My Beloved Brontosaurus*, the dinosaur fanatic Brian Switek enriches the childlike sense of wonder these amazing creatures instill in us. Investigating the latest discoveries in paleontology, he breathes new life into old bones. Switek reunites us with these mysterious creatures as he visits desolate excavation sites and hallowed museum vaults, exploring everything from the sex life of Apatosaurus and T. rex's feather-laden body to just why dinosaurs vanished. (And

of course, on his journey, he celebrates the book's titular hero, "Brontosaurus"—who suffered a second extinction when we learned he never existed at all—as a symbol of scientific progress.) With infectious enthusiasm, Switek questions what we've long held to be true about these beasts, weaving in stories from his obsession with dinosaurs, which started when he was just knee-high to a Stegosaurus. Endearing, surprising, and essential to our understanding of our own evolution and our place on Earth, *My Beloved Brontosaurus* is a book that dinosaur fans and anyone interested in scientific progress will cherish for years to come.

Dinosaurs and Prehistoric Life National Geographic Books

Calling all dinosaur experts! We need your help. We've just received a crate of dinosaur fossils - and they need assembling! Fast! Can you find the right room for each skeleton and build them in time for the museum's big opening? There are five pop-up dinosaurs to put back together, including a Triceratops,

Stegosaurus and T-rex. It's going to be roarsome! Lonely Planet's *Build Your Own Dinosaur Museum* is an activity book with a difference, where you get to play chief palaeontologist. The museum rooms are ready, but there aren't any skeletons to display. It's up to you to figure out which one is which and where they need to go. Fun, interactive and with lots of facts to discover, this book is perfect for any dinosaur fan, budding biologist or model maker. About Lonely Planet Kids: Lonely Planet Kids - an imprint of the world's leading travel authority Lonely Planet - published its first book in 2011. Over the past 45 years, Lonely Planet has grown a dedicated global community of travellers, many of whom are now sharing a passion for exploration with their children. Lonely Planet Kids educates and encourages young readers at home and in school to learn about the world with engaging books on culture, sociology, geography, nature, history, space and more. We want to inspire the next generation of global citizens and help kids and their parents to approach life in a way that makes every day an adventure. Come explore!
