Sportsman's Connection's Eastern Pennsylvania All-Outdoors Atlas & Field Guide contains maps

created at twice the scale of other road atlases, which means double the detail. And while the maps are sure to be the finest quality you have ever used, the thing that makes this book unique is all the additional information. Your favorite outdoor activities including fishing lakes and streams, hunting, camping, hiking and biking, snowmobiling and off-roading, paddeling, skiing, golfing and wildlife viewing are covered in great depth with helpful editorial and extensive tables, which are all cross-referenced and indexed to the map pages in a way that's fun and easy to use.

Reading Hunting Arkansas is like walking alongside acclaimed Arkansas outdoorsman and writer Keith Sutton as he searches for the elusive woodcock in bottomland timber near the L'Anguille River, stalks deer across farmland, or treks through woodlands hunting black bears. Sutton weaves hunting know-how with personal stories and histories of various regions to produce this book telling you when, where, why and how to hunt in the Natural State.

Excerpt from The Sportsman's Guide to Kashmir Ladak, &C It is hoped that the object of the skeleton maps, now added, may not be misunderstood. They are little more than clues to the localities mentioned in the book, and will, it is hoped, serve to render the description of the various routes plainer. They are added at the request of several friends who have complained of the difficulty they have experienced in tracing out the shooting grounds referred to in these pages.
