Your own in-
house legal
advisor—at a
fraction of the
cost Written in
plain-English
for business
people
without any
legal training,
Law For Small
Business For
Dummies
covers
everything
you need to
be aware of
regarding the
law when
you're starting
and running

your own business. Cutting through the jargon that can make even the pros scratch their heads, this book quickly gets you up-to-speed on the key areas of business law, including contracts, websites, intellectual property, data protection and partnership agreements. Plus, you'll find out how small business law applies to advertising and marketing, confidentiality agreements, the sale and

supply of goods (including e-commerce), negligence and product liability. There were 526,000 new businesses registered in the UK in 2013—and, at some point, all of them will be faced with legal risks that could make the difference between success and failure. One claim could wipe out a fledgling business' profits, and hit even big businesses harder than they could ever imagine.

If you're the owner of a new business and need to get a handle on the ins and outs of small business law—and don't have the budget to employ an in-house legal advisor—this trusted, approachable guide is your answer. Covers the laws surrounding the most common risks small businesses face. Addresses how to deal with legal issues before a potentially costly dispute

arises
Provides

Hill/Irwin
With the
emergence of
social media
comes both
opportunity
and legal risk
for companies
and
consumers
alike. The
widespread
use of social
media sites
for personal
and business
purposes has
given rise to
an array of
legal issues,
including
violations of
intellectual
property law,
privacy law,
employment
law, and
criminal law.
Wat are the
benefits and
legal
ramifications

of social
media use?
What should
be considered
before using
social media
services? How
much control
do employers
have over
what their
employees
post online?
"Navigating
the legal
issues
surrounding
social media"
provides
feedback from
some of
today's
leading legal
minds on
identifying
and avoiding
the legal risks
that arise
when using
social media
platforms.
These experts

address what should be taken into account by both businesses and individuals before using social media, and discuss strategies that can be used by hosting providers to limit liability. This report offers readers an on-the-spot look at these issues as they continue to unfold.

Business Law
South Western Educational Publishing
Business Law for Entrepreneurs covers the unique

business and legal issues of startups and small businesses. This cutting-edge textbook provides students with the competence and practical insights required to identify and respond to emerging challenges in our rapidly evolving business and legal environment.

Essentials of Business and Online Commerce
Law Aspen Publishing
This textbook introduces the Indian legal

system and presents exhaustive discussion on laws which govern and regulate businesses. It focuses on the application of law based on which managers need to take decisions. It also maximizes its usefulness as textbook for business management students and managers through a huge number of cases and mini-case highlighting the legal issues of business entities.

Aiming to provide the readers an understanding and knowledge of business-related laws, the book provides in-depth coverage of the law of contract and sale of goods, laws dealing with negotiable instruments, consumer rights, competition and also law regulating the incorporation and management of companies in India.

Legal and Ethical Aspects of

International Business
Thomson South-Western Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on

the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future

business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well – to help students learn how to frame and reframe a question/issue . Critical thinking questions are also included at the end of each case, to tie in this component even further. Business Law I Essentials Legal Aspects of Business: Concepts and Applications, 2e Designed for the one-term legal environment of business course offered at four-year colleges and universities and in many two-year colleges, this text provides students with fundamental knowledge concerning a series of critical legal and regulatory issues that affect business. Written from

the perspective and in the language of business: Students will learn not only how law and regulation affect business, but also how to avoid legal trouble in the real world. This text presents legal topics in an intuitive fashion, with background on where the law or regulation came from and the context within the future business person will encounter this law or regulation.

West's Legal Environment of Business UUM Press Compliance with legal requirements and avoidance of illegal business activities are essential elements to ensure the smooth running of any business. In contrast, ignorance may invite legal consequences and might harm the business operations. Considering the current growth of business activities, this book

highlights contemporary legal issues in business activities, particularly involving criminal offences. Such offences might be committed by individuals or corporations. The knowledge on the business criminal offences is crucial to all parties and business entities. Hence, this book is published to impart knowledge to readers in this regard. The discussion covers the

contemporary legal issues, the legal consequences as well as dispute resolution mechanism in handling selected business crimes. This book also highlights several business criminal offences from the Islamic perspective. Thus, the publication of this book will benefit the legal practitioners, academicians, students and all business entities.

Smith and Roberson's

Business Law Aspen Publishers
The study of Law forms a component of many undergraduate and postgraduate programs. Its inclusion does not aim to equip business practitioners with skill and expertise to render professional legal advice unnecessary, but more to provide a legal framework of reference in which both strategic and more immediate business issues can be

placed. Equipping managers with a basic understanding of how law impacts upon business activity can help them avoid legal pitfalls in the first place or at least identify potential problems at an early stage, to avoid inconvenience and cost. International business can present problems that are not present in a purely domestic transaction. Any law

component in a management program should embrace it and by doing so the business practitioner can be familiarized with the wider picture in which modern business, aided by technological development, is increasingly practiced. Dynamic Business Law: The Essentials PHI Learning Pvt. Ltd. Essentials of Business Law, 1e takes a balanced approach and covers both

the Contracts and the Regulatory material that is crucial for Business Law professions. It is light on Contracts, making it more appropriate for those who want a briefer, less expensive book that still covers all the topics. KEY TOPICS: Business decisions; online commerce & Internet law; business ethics; international law; contemporary environment and non internet-

related legal issues; and landmark cases which highlight the most important cases and statutes that have shaped the law in the United States. MARKET: For those currently practicing in legal and/or business environments. Don't Panic! a Legal Guide for Small Businesses and Creative Professionals McGraw-Hill Education 3 things to know about the focus of Dynamic Business Law,

2e: •Emphasis on ETHICAL DECISION-MAKING. In chapter 2, the authors introduce a framework for making ethical business decisions that students can use on a regular basis. Following each case there are questions designed to train students to apply this approach. Then repeatedly throughout the chapters, questions about business ethics are raised in the text. This

framework is designed to help improve the learning process of students and to give a sense of relevancy to the ethical decision making process. •Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and

reframe a question/issue . Critical thinking questions are also included at the end of each case, to further tie in this component. •Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Students need to understand how the concepts they learn in this course tie into their business

careers. Instructors can easily show that the study of business law is best seen as a foundational component of the larger study of business administration . Dynamic Business Law now includes Connect Business Law as a packaging option. Connect includes Interactive Applications for each chapter of the textbook and helps students apply legal concepts to business,

stimulates critical thinking, and reinforces key topics. Overview: Dynamic Business Law, 2e is appropriate for the two-term business law course. • Emphasis on the BUSINESS in business law. doesn't happen) you get a nasty lawyer letter. You'll learn how to *Form Your Business*Protect Your Intellectual Property*Know the difference between employees and independent contractors*Understand insurance *Be smart when getting funded*Avoid problems when launching an App or Internet-Based Service.*License anything, and when to get

permission.*Watch your back while you're making the deal*What to do next when you've gotten a nasty lawyer letter

Business Law for Entrepreneurs Red Wheel/Weiser

This text identifies the legal challenges entrepreneurs face and then suggests strategies to meet those challenges while continuing to maintain a successful business. CEOs, managers, and other

business persons will be trained to spot legal issues before they become legal problems. This is achieved by learning from the advice/mistakes of other entrepreneurs and their lawyers. Entrepreneurs and attorneys whose experiences highlight valuable lessons, offer tips and guidance to new or future entrepreneurs. The features From the Trenches also provides actual

examples of reported court cases that entrepreneurs have faced.

Education

3 things to

know about

the focus of

Dynamic

Business Law,

2e: •Emphasis

on ETHICAL

DECISION-

MAKING. In

chapter 2, the

authors

introduce a

framework for

making ethical

business

decisions that

students can

use on a

regular basis.

Following

each case there are questions designed to train students to apply this approach. Then repeatedly throughout the chapters, questions about business ethics are raised in the text. This framework is designed to help improve the learning process of students and to give a sense of relevancy to the ethical decision making process.

- Emphasis on CRITICAL

THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and reframe a question/issue . Critical thinking questions are also included at the end of each case, to further tie in this component.

- Emphasis on the BUSINESS in business law. Dynamic

Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Students need to understand how the concepts they learn in this course tie into their business careers. Instructors can easily show that the study of business law is best seen as a foundational component of the larger study of business administration . Dynamic Business Law

<p>now includes Connect Business Law as a packaging option. Connect includes Interactive Applications for each chapter of the textbook and helps students apply legal concepts to business, stimulates critical thinking, and reinforces key topics. Overview: Dynamic Business Law, 2e is appropriate for the two-term business law course. • Emphasis on the BUSINESS</p>	<p>in business law.
