The Second World War: Asia and the Pacific Teacher Created Materials

Written in British English, *World War II: Europe* describes the European and North African theatres of the horrific conflict that was loosed upon the world as a result of the actions and alliances of an aggressive Germany under the Nazi leadership of the charismatic but evil Adolf Hitler.

Mothers' Darlings of the South Pacific Square One Publishers, Inc.

"This atlas, which has been designed to support that new text, *The Second World War: Asia and the Pacific*, depicts primarily strategic coverage of the major campaigns of the war"--Foreword.

World War II Map by Map Square One Publishers, Inc.

Named one of Foreign Affairs' Best Books of 2016 In his magisterial 1,208 page narrative of the Pacific War, Francis Pike's *Hirohito's War* offers an original interpretation, balancing the existing Western-centric view with attention to the Japanese perspective on the conflict. As well as giving a 'blow-by-blow' account of campaigns and battles, Francis Pike offers many challenges to the standard interpretations with regards to the causes of the war; Emperor Hirohito's war guilt; the inevitability of US Victory; the abilities of General MacArthur and Admiral Yamamoto; the role of China, Great Britain and Australia; military and naval technology; and the need for the fire-bombing of Japan and the eventual use of the atom bomb on Hiroshima and Nagasaki. *Hirohito's War* is accompanied by additional online resources, including more details on logistics, economics, POWs, submarines and kamikaze, as well as a 1930-1945 timeline and over 200 maps.

Hirohito's War Basic Books

Covering all Pacific islands involved in World War II military operations, this book is a detailed, single source of information on virtually every geo-military aspect of the Pacific Theater.

Arranged regionally and, to the extent possible, chronologically according to when islands entered the war, entries provide

complete background information. Along with island names, nicknames, Allied code names, location, and wartime time zones, the entries include such topics as the island's physical characteristics, weather, health hazards, historical background, native population, natural resources, and military value. Japanese and Allied strategies and operations, military problems caused by terrain, military installations, Japanese units and key commanders, Allied units and key commanders, and brief battle descriptions are also covered along with the island's postwar status. A valuable resource for researchers, historians, military history enthusiasts, and war gamers, the book provides complete background information on the geo-military aspects of the Pacific Ocean region, its islands, and the roles they played in the war. 108 maps provide specific information. Until now, geo-military information could only be found by searching four to ten publications on each island.

Fire and Fortitude Lulu.com

Merriam Press *World War 2 History*. The first history of this highly unusual but fascinating and very collectible area of militaria, by a premier collector/historian of these items. Much detailed provides background, coverage of the cloth maps and charts of Great Britain, Germany, the U.S., plus U.S. handkerchief charts, rubber life raft charts, production techniques, and blood chits. The appendix provides data in tabular form of known U.S. fabric maps, charts, and blood chits of World War II. 89 photos and illustrations, 13 charts.

Wpaw World War II Bess Press

Highlights decisive WWII military operations in Polynesia, Micronesia, and Melanesia, and their effects on the islands. Illustrations, maps, and index.

Atlas for the Second World War Dorling Kindersley Ltd

From the prewar development of the German war machine to the ultimate victory of the Allied coalition, here is an in-depth analysis of the battles that raged on the Western and Eastern Fronts. It examines the major strategies, the innovative tactics, and the new generation of weapons--along with the people who used them.

[The Pacific Campaign](#) Naval Institute Press

An atlas of the Pacific campaign examining the war from both

Allied and Japanese viewpoints

The Atlas of Special Operations of World War II Skyhorse

Naval history of the United States and Japan in the Pacific Ocean during World War II.

A History of the Second World War in 100 Maps University of Hawaii Press

Maps, diagrams, and photographs illustrate the Allied and Axis troop movements and strategies that marked every Pacific, Africa, and European battle or campaign.

Atlas of the Second World War University of Chicago Press

A companion to the "Second World War : Asia and the Pacific," the maps depict the major campaigns of the war.

War Maps Simon & Schuster Books For Young Readers

As author Alex Swanston explains in his introduction, "World War II was a truly global conflict, involving almost all nations in the struggle to stop the spread of totalitarianism. This meant that battles were fought in all climates and on all sorts of terrain. . . .

Technology had also progressed, meaning that war could be fought under the surface of the sea or in the air 40,000 feet above. This unique scenario involving all aspects of the military meant that specialist units bloomed, using the rough ground or unique setting to their advantage." *The Atlas of Special Operations of World War II* covers special operations from all parts of the armed forces of the Second World War. From early Fallschirmjager raids to capture strategic targets to the massed airdrops of Operation Market Garden, from the low level raids of the Dam Busters to small scale Commando raids along the Norwegian coast, it covers the formation of specific units, why and how they were employed and details the outcomes of their actions and how these operations affected the wider war. The raids, carried out by select and specially trained men and women of the Allied and Axis forces, are covered from the deserts of North Africa and the Cold Balkan mountains to the deep jungle of Burma and the vast openness of the Pacific Ocean. Featuring eighty photographs and more than one hundred maps detailing the operations, *The Atlas of Special Operations of World War II* is perfect for anyone who wants to see how the war was really fought—and won! Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers

interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Atlas for the Second World War Black Dog Publishing
 "Award-winning author Alan Rems brilliantly tells of the campaigns in the South Pacific, a region long overlooked, offering both the big picture and the foxhole view" — Military Officer "A fitting tribute to the men who fought and died in an often overlooked theater of World War II. As such, it is a welcome addition to our knowledge of World War II in the Pacific Theater." — On Point: The Journal of Army History While the Pacific War has been widely studied by military historians and venerated in popular culture through movies and other media, the fighting in the South Pacific Theater has, with few exceptions, been remarkably neglected. Authoritative yet written in a highly readable narrative style, South Pacific Cauldron is the first complete history embracing all land, sea, and air operations in this critically important sector of the oceanic conflict.

World War II Map by Map Bloomsbury Publishing
 Features all the major battles and campaigns of World War II, from the invasion of Poland in 1939 to the defeat of Japan in 1945. Specially commissioned maps are accompanied by action photographs and detailed annotation.

Hirohito's War University Press of Kentucky
 Over the course of World War II, two million American military personnel occupied bases throughout the South Pacific, leaving behind a human legacy of at least 4,000 children born to indigenous mothers. Based on interviews conducted with many of these American-indigenous children and several of the surviving mothers, Mothers' Darlings of the South Pacific explores the intimate relationships that existed between untold numbers of U.S. servicemen and indigenous women during the war and

considers the fate of their mixed-race children. These relationships developed in the major U.S. bases of the South Pacific Command, from Bora Bora in the east across to Solomon Islands in the west, and from the Gilbert Islands in the north to New Zealand, in the southernmost region of the Pacific. The American military command carefully managed interpersonal encounters between the sexes, applying race-based U.S. immigration law on Pacific peoples to prevent marriage "across the color line." For indigenous women and their American servicemen sweethearts, legal marriage was impossible; giving rise to a generation of fatherless children, most of whom grew up wanting to know more about their American lineage. Mothers' Darlings of the South Pacific traces these children's stories of loss, emotion, longing, and identity—and of lives lived in the shadow of global war. Each chapter discusses the context of the particular island societies and shows how this often determined the ways intimate relationships developed and were accommodated during the war years and beyond. Oral histories reveal what the records of colonial governments and the military have largely ignored, providing a perspective on the effects of the U.S. occupation that until now has been disregarded by Pacific war historians. The richness of this book will appeal to those interested the Pacific, World War II, as well as intimacy, family, race relations, colonialism, identity, and the legal structures of U.S. immigration.

Pacific Campaign Triangle Interactive, Inc.
 *** OVER 210,000 WEST POINT MILITARY HISTORY SERIES SETS IN PRINT *** Beginning with a look at the readiness of the Imperial Japanese Army and Navy and the United States armed forces, this book gives a detailed account of the Allies' brutal five-year struggle with Japan. It examines the interrelationship of land, sea, and air forces as they battled over the vast reaches of the Pacific Theater of War.

World War 2 Penguin Adult Hc/Tr
 The deadliest war in history brought to life through bold, easy-to-grasp maps In this stunning visual history ebook, purpose-made maps reveal the full story of the Second World War. From the rise of the Axis powers to the aftermath of the atomic bomb attack on Hiroshima, this ebook shows how each step of the action took

place. Each map is full of detail, charting the progress of the key events of World War II on land, sea, and air, including the Dunkirk evacuation, the attack on Pearl Harbor, the D-Day landings, the siege of Stalingrad, and the war in the Pacific. As well as purpose-made maps, historical maps from both Allied and Axis countries give compelling insights into the course of the war. There are also timelines summarizing each stage of the conflict as it unfolded, while fascinating, large-scale photographs offer a closer look at life both on and off the battlefield, introducing topics such as blitzkrieg tactics, civilian life in wartime, code-breaking, and more. Written by a team of historians headed by Richard Overy as consultant, World War II Map by Map shows how the deadliest conflict in history changed the face of our world. It is perfect for general readers, students, and military history enthusiasts everywhere. Includes a foreword by Peter Snow, broadcaster and historian.

Bound by War Black Dog Publishing
 "John C. McManus, one of our most highly-acclaimed historians of World War II, takes readers from Pearl Harbor--a rude awakening for a ragtag militia woefully unprepared for war--to Makin, a sliver of coral reef where the Army was tested against the increasingly-desperate Japanese. In between were nearly two years of punishing combat as the Army transformed, at times unsteadily, from an undertrained garrison force into an unstoppable juggernaut, and America evolved from an inward-looking nation into a global superpower."--Provided by publisher.

The Pacific War Day by Day Facts on File
 Naval history of the United States and Japan in the Pacific Ocean during World War II.
