KOCH CLINTON

The History of Indiana Harvard University Press

In Thomas Jefferson's time, white Americans were bedeviled by a moral dilemma unyielding to reason and sentiment: what to do about the presence of black slaves and free Indians. That Jefferson himself was caught between his own soaring rhetoric and private behavior toward blacks has long been known. But the tortured duality of his attitude toward Indians is only now being unearthed. In this landmark history, Anthony Wallace takes us on a tour of discovery to unexplored regions of Jefferson's mind. There, the bookish Enlightenment scholar--

collector of Indian vocabularies, excavator of ancient burial mounds, chronicler of the eloquence of America's native peoples, and mourner of their tragic fate--sits uncomfortably close to Jefferson the imperialist and architect of Indian removal. Impelled by the necessity of expanding his agrarian republic, he became adept at putting a philosophical gloss on his policy of encroachment, threats of war, and forced land cessions--a policy that led, eventually, to cultural genocide. In this compelling narrative, we see how Jefferson's close relationships with frontier fighters and Indian agents, land speculators and intrepid explorers, European travelers, missionary scholars, and the chiefs of many Indian nations all complicated his views of the rights and claims of the first Americans. Lavishly

illustrated with scenes and portraits from the period, Jefferson and the Indians adds a troubled dimension to one of the most enigmatic figures of American history, and to one of its most shameful legacies. [Jefferson and the Indians](#) BoD - Books on Demand

The Reformation of American Quakerism, 1748-1783 offers a detailed history of the withdrawal of the Society of Friends from mainstream America in the years between 1748 and the end of the American Revolution. Jack D. Marietta examines the causes, course, and consequences, both social and political, of the Quakers' retreat from prominent positions in civil government while at the same time developing a more distinctive and "purified" religious community. These changes amounted to a watershed in the

greater history of the Society of Friends, a turning away from its engagement with the world on behalf of a Whig political philosophy and toward a role as critic and gadfly on the periphery of political society. Less conspicuously but perhaps more dramatically, the internal transformation of the Society through the strengthening of the members' commitment to a host of Quaker sectarian values—among them exogamy, "guarded" childrearing, sexual continence, honesty, simplicity, humility, and asceticism—was enforced by the reformers' stern determination that members would either conform to these mores or face expulsion from the Society. These changes resulted in the revitalization of the society and made possible the Quakers' campaign against slavery, thus distinguishing them as the first group of people in history to espouse abolition. Marietta draws on a wealth of data: over 10,000 disciplinary cases in the Society's records dating from 1682. The author's description and evaluation of the role, status, and treatment of women in the Society is sympathetic, and what emerges from his interpretation is a sensitive portrayal not only of withdrawal but of the substitution of a vision different from the one that inspired the Holy Experiment.

Papers in Illinois History and

Transactions for the Year ... Simon and Schuster

Iowa has been blessed with citizens of strong character who have made invaluable contributions to the state and to the nation. In the 1930s alone, such towering figures as John L. Lewis, Henry A. Wallace, and Herbert Hoover hugely influenced the nation's affairs. Iowa's Native Americans, early explorers, inventors, farmers, scholars, baseball players, musicians, artists, writers, politicians, scientists, conservationists, preachers, educators, and activists continue to enrich our lives and inspire our imaginations. Written by an impressive team of more than 150 scholars and writers, the readable narratives include each subject's name, birth and death dates, place of birth, education, and career and contributions. Many of the

names will be instantly recognizable to most Iowans; others are largely forgotten but deserve to be remembered. Beyond the distinctive lives and times captured in the individual biographies, readers of the dictionary will gain an appreciation for how the character of the state has been shaped by the character of the individuals who have inhabited it. From Dudley Warren Adams, fruit grower and Grange leader, to the Younker brothers, founders of one of Iowa's most successful department stores, *The Biographical Dictionary of Iowa* is peopled with the rewarding lives of more than four hundred notable citizens of the Hawkeye State. The histories contained in this essential reference work should be eagerly read by anyone who cares about Iowa and its citizens. Entries include Cap Anson, Bix Beiderbecke, Black Hawk, Amelia Jenks Bloomer, William Carpenter, Philip Greeley Clapp, Gardner Cowles Sr., Samuel Ryan Curtis, Jay Norwood Darling, Grenville Dodge, Julien Dubuque, August S. Duesenberg, Paul Engle, Phyllis L. Propp Fowle, George Gallup, Hamlin Garland, Susan Glaspell, Josiah Grinnell, Charles Hearst, Josephine Herbst, Herbert Hoover, Inkpaduta, Louis Jolliet, MacKinlay Kantor, Keokuk, Aldo Leopold, John L. Lewis, Marquette, Elmer Maytag, Christian Metz, Bertha Shambaugh, Ruth Suckow, Billy Sunday, Henry Wallace, and Grant Wood. Excerpt from the entry on: Gallup, George Horace (November 19, 1901–July 26, 1984)—founder of the American Institute of Public Opinion, better known as the Gallup Poll, whose name was synonymous with public opinion polling around the world—was born in Jefferson, Iowa. . . . A *New Yorker* article would later speculate that it was Gallup's background in "utterly normal Iowa" that enabled him to find "nothing odd in the idea that one man might represent, statistically, ten thousand or more of his own kind." . . . In 1935 Gallup partnered with Harry Anderson to found the American Institute of Public Opinion, based in Princeton, New Jersey, an opinion polling firm that included a syndicated newspaper column called "America Speaks." The reputation of the organization was made when Gallup publicly challenged the polling techniques of *The Literary Digest*, the best-known political straw poll of the day. Calculating that the *Digest* would wrongly predict that Kansas Republican Alf Landon would win the presidential election, Gallup offered newspapers a money-back guarantee if his prediction that Franklin Delano Roosevelt would win wasn't more accurate. Gallup believed that public opinion polls served an important function in a democracy: "If

govern-ment is supposed to be based on the will of the people, somebody ought to go and find what that will is," Gallup explained.

Vol. 1 includes a memoir of Dr Draper and the early records of the Society (1849-54) *A COMPREHENSIVE VIEW OF OUR COUNTRY AND ITS RESOURCES. GIVING A Brief Outline of the Birth and Growth of the Nation and each State separately.* Achievements of Civilization

" Originally part of the Rivers of America Series, The Ohio traces the river from its headwaters in Pittsburgh to the point it empties into the Mississippi, nearly a thousand miles and five states later. The Ohio gives us a rare portrait of the frontier era of this region, from backwoods entertainment to learning and the arts. From early exploration to land disputes, clashes with Native American inhabitants to the birth of steamboat travel, the Ohio River comes alive through the retelling of the incidents and anecdotes that shaped its history of what the French called ""the beautiful river.""

The Whiskey Rebellion University Press of Kentucky

Peter Shamokin is a young man who comes of age amid neglect and sorrow in the high-risk environment of the frontier of the New World in the late eighteenth century. He drifts into a life as a lone hunter and trapper, sharing supplies with a succession of men who are as loveless and homeless as he is. Despite the hard existence, Peter finds some solace and contentment. He possesses a fireglass, a gift given to him by a trader for a favor, which serves as both a magnifying glass and a fire starter. Through hardships and injuries, the fireglass serves as a good luck charm that carries him through to safety. Then, one day, Peter rescues a baby from among the remains of her murdered family in the wreckage of a flatboat. He names her Dinah and resolves to take care of her, and from that moment on, his life forever changes. Although history is being made in the Ohio Valley, Peter manages to slip unscathed through its pages until those events touch Dinah. In this novel, a hunter living in the Ohio Valley in the 1700s has two treasures that give his life purpose: the fireglass and the baby he rescues and raises as his own.

History of Lancaster County, Pennsylvania University of Pittsburgh Pre

This book presents a county-by-county guide to historic landmarks in western Pennsylvania, and how to reach them. Twenty-seven counties are included, along with maps of each. Along the way,

travelers will find historic forts, residences of leading citizens, old iron furnaces, grist mills, churches, inns, taverns, tanneries, and many other intriguing places.

Historians Lois Mulkearn and Edwin V. Pugh personally visited each site, and provide background vignettes on them, offering interesting facts and highlights gathered from archival documents.

James and Elizabeth, a True Story of Brave Ohio Pioneers University of Iowa Press

"Finally, the cliché is peeled away and the essence of this utterly American character is so revealing. John Chapman comes alive here and it is a thrilling experience to escape the specific gravity of the decades of myth" (Ken Burns). This portrait of Johnny Appleseed restores the flesh-and-blood man beneath the many myths. It captures the boldness of an iconic American and the sadness of his last years, as the frontier marched past him, ever westward. And it shows how death liberated the legend and made of Johnny a barometer of the nation's feelings about its own heroic past and the supposed Eden it once had been. Howard Means does for America's inner frontier what Stephen Ambrose's *Undaunted Courage* did for its western one.

The *Book of Wealth* is a much sought-after book written by Hubert Howe Bancroft, the first volume was published in 1896. The book details the wealth of historic figures and dynasties dating from ancient times up to 1896. It was written to be the companion book to *The Book of the Fair* and took about six years to complete. It is an inquiry into the nature and distribution of the world's resources and riches, and a history of the origin and influence of property, its possession, accumulation, and disposition in all ages and among all nations, as a factor in human accomplishment, an agency of human refinement, and in the evolution of civilization from the earliest to the present era. The focus of the book is a study of wealth in relation to material and intellectual progress and achievement. This is an OCR (optical character recognition) version of the physical book. The original books were 17" x 22", bound in heavy golden silk, lined with white decorative fabric, and contain about 3,000 images consisting of original watercolors and engravings. The book also contained 100 paintings by popular artist such as Thomas Moran, G. H. McCord, W. Granville Smith, C. Y. Turner, C. A. Vanderhoff, E. Benvenuto. The cover of each section of the first edition displayed an original water-color by a well-known artist. This ebook does not contain any of the images

that were included in the physical books. The books are divided into ten volumes (sections) and twenty-nine chapters. The book starts by detailing the nations of antiquity, starting with the oldest, and then moving to the next, and the next, until it finishes with the United States. The chapters are divided as follows: 1. Chaldea, Babylonia, Assyria, Persia 2. Egypt, Phoenicia 3. Palestine, Arabia 4. India, China, Japan 5. Central and Southeastern Asia 6. Greece 7. Italy 8. Spain, Portugal 9. The Turkish Empire 10. France, Switzerland 11. Belgium, Holland 12. The Austro-Hungarian Empire 13. Germany 14. Denmark, Norway, Sweden 15. Russia 16. Great Britain and Ireland 17. Africa 18. Australia, The Hawaiian Islands 19. South America 20. Central America, West India Islands 21. Mexico 22. Canada 23. Pacific United States 24. Rocky Mountain States 25. Midcontinent States 26. Southern States 27. Central Lake States 28. New England States 29. Middle Atlantic States There is also a section on art and architecture that is divided as follows: 1. The Wealth of Art and the Art of Wealth 2. Origin, Scope, and Development of Art 3. Egypt, Babylonia, Assyria, and Persia 4. India, China, and Japan 5. Classic Era—Greece 6. The Classic Era—Italy 7. Early Christian and Byzantine Period 8. Islam and Its Monuments 9. The Romanesque and the Gothic

Report of the Commissioners of the National Centennial Celebration of the Early Settlement of the "Territory Northwest of the River Ohio" and of the

Establishment of Civil Government Therein Minnesota Historical Society Press When President George Washington ordered an army of 13,000 men to march west in 1794 to crush a tax rebellion among frontier farmers, he established a range of precedents that continues to define federal authority over localities today. The "Whiskey Rebellion" marked the first large-scale resistance to a law of the U.S. government under the Constitution. This classic confrontation between champions of liberty and defenders of order was long considered the most significant event in the first quarter-century of the new nation. Thomas P. Slaughter recaptures the historical drama and significance of this violent episode in which frontier West and cosmopolitan East battled over the meaning of the American Revolution. The book not only offers the broadest and most comprehensive account of the Whiskey Rebellion ever written, taking into account the political, social and intellectual contexts of the time, but also challenges conventional understandings of the Revolutionary era.

A Traveler's Guide to Historic Western Pennsylvania Archway Publishing Published in 2001: Abbreviations, nicknames, jargon, and other short forms save time, space, and effort - provided they are understood. Thousands of new and potentially confusing terms become part of the international vocabulary each year, while our communications are relayed to one another with increasing speed. PDAs link to PCs. The Net has grown into data central, shopping mall, and grocery store all rolled into one. E-mail is faster than snail mail, cell phones are faster yet - and it is all done 24/7. Longtime and widespread use of certain abbreviations, such as R.S.V.P., has made them better understood standing alone than spelled out. Certainly we are more comfortable saying DNA than deoxyribonucleic acid - but how many people today really remember what the initials stand for? The *Abbreviations Dictionary*, Tenth Edition gives you this and other information from *Airlines of the World to the Zodiacal Signs*. *A Centennial View of Our Country and Its Resources* University of Pennsylvania Press Paul A. Wallace gathers the diaries and journals of John Heckewelder to prepare this engrossing account of a man who traveled extensively in the Western frontier in the service of the Moravian Church and the United States government, and recorded a great deal of early American history along the way.

Heckewelder also lived among the Indians for nearly sixty years, learning their languages, sharing their activities, and wrote vividly of his life with them. Between 1762 and 1813 he crossed the Allegheny Mountains thirty times and made numerous trips down the Ohio River as far south as Kentucky, and along the Great Lakes to Detroit. Heckewelder tells of the

first great migration of whites into the West, and also wrote of the early settlements in many important cities, including Detroit, Louisville, Cincinnati, Pittsburgh, Harrisburg, Schenectady and Albany.
