Betty Shanks was brutally murdered 70 years ago. This book's third edition reveals Betty's secret life as documented in an ASIO file, which states that: - Betty was in an 'intimate association' with a young married man who was a member of the Communist Party of Australia. - Betty's best friend from schooldays at Brisbane Girls Grammar School and at the University of

Queensland, Winifred Cowin, worked for ASIO before committing suicide in 1958. - An ASIO officer arrived in Brisbane on Sunday 21 September 1952 to recruit Betty, only to be told that she had been murdered the previous Friday night. Ted Duhs alleges that Betty was killed by a man she met at the Grange tram terminus as she returned home from a night class at Brisbane's Central Tech. This man, referred to as 'the man in the brown suit', was seen by four witnesses, including Marie Patton who is still alive. Minutes before Betty was attacked, Marie saw him 30 yards from the murder

scene. Evidence suggests he was Eric Sterry. His daughter, Desche, is still alive, and in 1999 her story “My Dad Killed Betty Shanks” was published in The Courier Mail, after her earlier attempts to persuade the police were unsuccessful.

Police searching for missing Fire Department Captain Jimmy Don Beets dug inside a wishing well in the neatly-tended garden of his wife, 48-year-old Betty Lou Beets. It wasn't long before investigators unearthed the terrible truth. Lurked A

Cold-Blooded Killer As Betty Lou's sordid past as a topless dancer, cocktail waitress, and wife to five husbands emerged, so did her chilling trail of marital violence. She shot her second husband, Billy York Lane, in the back. She tried to run over third husband, Ronnie Threlkeld, with a car. Both survived to tell their horrific stories. But Barker and Beets, spouses four and five, weren't so lucky. After a sensational trial, Betty Lou Beets was sentenced to die by lethal injection. The founder of Parents Against Gangs, and the Family Trauma Advocacy Counseling Center, Betty Major-Rose shares her story of the many grief experiences she lived through including the tragic and sudden death of her first husband and murder of her seventeen year-old daughter. She walks us through each death she endured and reveals the complexities that comes with grief. Her story sheds light on the struggle with grieving in pain while holding hope, and battling with depression and anxiety, while trying to maintain faith in God. Being shattered by loss time and time again, her vulnerableness in the darkest hours built a strength and resilience that never left her broken. The mending from each loss brought about a continuous transformation that ultimately led to her

having the grace to support others who are grieving the sudden and traumatic loss of their loved ones.

How does one begin to maneuver through the multi-faceted maze of grief and loss? How are we supposed to feel? What do we do next? We don't know what we don't know. As much as we have learned and been taught in life, there has never been clear-cut directions, practical guidance, and hands-on support to get through a devastating loss. That is, until now. *We Don't Know What We Don't Know: A Woman's Guide through Grief and Loss* has been written to provide easily readable and relatable answers to our questions. Based upon her decades of

personal and professional experience, author Betty Hill Crowson brings an entirely new perspective and clarity to the “work of grieving.” She gently guides the reader through a process of learning to differentiate and cope with widely fluctuating emotions, taking steps to get their feet back under them, paying attention for and disempowering the “shadow aspects” of grief, identifying and addressing old behaviors and responses that keep one stuck, and taking specific, doable steps to heal and to move forward. Above all, Crowson offers hope that we will get through this. While grief and loss dramatically alter a woman’s life, they also provide opportunities for us to grow, to be of service to others, and to create something new and meaningful with

what is yet to come.

In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this “compelling...unvarnished, resonant” (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to “El Otro Lado” (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their

stern grandmother. When their mother at last returns, Reyna prepares for her own journey to “El Otro Lado” to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, *The Distance Between Us* poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as *La distancia entre nosotros*.

At a time when tempers flare over the Oregon assisted suicide law and Jack Kevorkian's physician-aid-in-dying, *Last Wish*, Betty Rollin's groundbreaking New York Times bestseller, is due for a rereading. *Last Wish* is an intimate, fiercely honest memoir of a daughter's struggle to come to terms with her terminally ill mother's decision to die. More than an examination of the ethical, spiritual, and technical aspects of assisted suicide, *Last Wish* is also a celebration of Rollin's imperfect family, a passionate testament to her mother's character and courage, and a compelling argument for the right of the terminally ill to a humane and dignified death. The PublicAffairs paperback edition includes

a new foreword, questions for thought and discussion, and a helpful resource guide.

For his first novel, Zane Grey looked back at the extraordinary life of his ancestor Betty Zane—a heroine of the American Revolutionary War. Betty Zane lived her life on the frontier. Her family founded the settlement of Wheeler in West Virginia, which came under attack from British and Native American forces in 1782. With gunpowder running low, all hope looked lost. What happened next would secure Betty's place in the history books. An easy and pacy read, "Betty Zane" is a great portrait of the early pioneer days. And Betty makes for a spirited main character. If the "Outlander" books have peaked your

interest in the American Revolution, give this novel a shot. Zane Grey (1872–1939) helped shaped the mythos of the Old West. Born in Zanesville, Ohio (a town founded by his grandfather), Grey's first career was as a dentist. But he gave it up to pursue writing, going on to produce nearly 100 books. These wildly popular adventures defined many of the Western's most enduring tropes and characters, from noble lawmen to mysterious gunslingers, and made Grey a household name. His stories include "Riders of the Purple Sage", "The Rainbow Trail" and "The Lone Star Ranger". Hollywood produced dozens of Zane Grey adaptations, mostly during the 1930s and 40s, starring Western icons like Gary Cooper and Randolph Scott.

The “fascinating” true story behind the HBO Max and Hulu series about Texas housewife Candy Montgomery and the bizarre murder that shocked a community (Los Angeles Times Book Review). Candy Montgomery and Betty Gore had a lot in common: They sang together in the Methodist church choir, their daughters were best friends, and their husbands had good jobs working for technology companies in the north Dallas suburbs known as Silicon Prairie. But beneath the placid surface of their

seemingly perfect lives, both women simmered with unspoken frustrations and unanswered desires. On a hot summer day in 1980, the secret passions and jealousies that linked Candy and Betty exploded into murderous rage. What happened next is usually the stuff of fiction. But the bizarre and terrible act of violence that occurred in Betty’s utility room that morning was all too real. Based on exclusive interviews with the Gore and Montgomery families, Edgar Award finalist Evidence of Love is the “superbly written” account of a gruesome tragedy and the trial that made national headlines when the defendant entered the most unexpected of pleas: not guilty by reason of self-defense (Fort Worth Star-Telegram). Adapted into the Emmy and Golden

Globe Award-winning television movie *A Killing in a Small Town*—as well as the new limited series *Candy* on Hulu and *Love and Death* on HBO Max—this chilling tale of sin and savagery will “fascinate true crime aficionados” (Kirkus Reviews).

"While examining some timely social issues, Webb also delivers lots of edifying information on the animal kingdom in an entry sure to please fans and newcomers alike." —Publishers Weekly While taking the yearly "otter count" at a marsh near Gunn Landing Harbor, California, zookeeper Theodora Bentley sees Maureen, her favorite otter, swimming around clutching someone's expensive smartphone. When Teddy rescues the device, she discovers a photograph of a murder-in-progress. A hasty search soon turns up the still-warm body of Stuart Booth, PhD, a local Marine Biology instructor. Booth was a notorious sexual harasser of young female students, so the list of suspects is

long enough to make Teddy wonder if the crime will ever be solved. But when her friend, Lila, one of Booth's original accusers, is arrested and charged with his murder, Teddy begins to investigate. This creates considerable tension with Teddy's fiancé, Sheriff Joe Rejas. He believes the ever-inquisitive zookeeper might be putting her own life at risk, and so orders her to butt out. Concerned for her accused friend, Teddy ignores Joe's ultimatum. She questions not only members of Gunn Landing's moneyed social elite, but also the other side of the financial spectrum—the financially strapped young women willing to do almost anything to pay for their college tuition. Alarmed by Teddy's meddling, Booth's killer fights back—first with a death threat, then via gunshot. In this

fifth Gunn Zoo Mystery, Teddy is torn between living a peaceful life on her Monterey Bay houseboat with her three-legged dog DJ Bonz, or moving inland to marry Joe, who comes with kids and a mother who has her own mysterious agenda. The choice is scary for Teddy—who has barely been managing her own many-times-married mother, and her imperious employer, Aster Edwina Gunn, overlord of the famed Gunn Zoo. Teddy's life is further complicated by a wayward snow monkey named Kabuki, taunter of teenage boys. The zookeeper's dedication to her charges—including the anteater, the koala, the llama, and Magnus, the polar bear cub from Iceland (met in Teddy's last adventure, *The Puffin of Death*), never falters in a cleverly plotted series

rich in characters and in animal lore. Gunn Zoo series: *The Anteater of Death* (Book 1) *The Koala of Death* (Book 2) *The Llama of Death* (Book 3) *The Puffin of Death* (Book 4) *The Otter of Death* (Book 5) Praise for the Gunn Zoo series: "High Society meets Zoo Quest.' I've always been a sucker for zoos, so I also relished the animal details in this highly enjoyable read." —RHYS BOWEN, *New York Times* bestselling and award-winning author "Webb skillfully keeps the reader guessing right to the dramatic conclusion." —Publishers Weekly for *The Puffin of Death* "Teddy's second case showcases an engaging array of quirky characters, human and animal." —Kirkus Reviews for *The Koala of Death*

The Puffin of Death Penguin

It was a cool March evening when I sat next to a long-haired guy with gray beard and sporting a cowboy hat at a local dive bar in Eureka Springs, Arkansas. He smiled and nodded as I

pulled up a chair at the long table next to him to see one of my favorite off-beat bands, Mountain Sprout. "Where ya from", I asked. "Colorado, I just moved here", replied the man. "Well welcome, have you ever seen these guys?" I asked. "Just on YouTube", he answered. "You're in for a treat", I told him as the waitress brought my beer. "You from Eureka?", he asked me. "Nope, I ride through here about four times a year from home to my parents house in Hot Springs. It's a little out of my way, but the ride is sweet and I love this town", I answered. "What do you ride?", he asked me. "A 1990 Super Glide", I responded. The guy just smiled. He had a worn look like somewhere deep inside his soul had been beaten to a pulp and left for dead. He was clean and his

beard was neatly trimmed but there was a ruggedness to him that was accentuated by his full length canvas duster. His face had a kindness to it and his blue eyes were piercing under the brim of his hat. "You ride?", I asked him. "Use to", he replied and ran his finger around the rim of his glass, staring at the whiskey as if the question had forced him to remember better days. There was silence as I tried to figure out if I had somehow offended him. He finally looked up and smiled. "My name is Albert, but folks call me Al", he said as he extended his hand. I'm August", I replied and shook his hand as a short brunette came up behind us and placed her hand on his shoulder in an almost protective gesture. "This is my wife, Betty", Albert said and nodded to me,

“this is August”. “Nice to meet you”, Betty said softly. “Likewise”, I replied as the band took the stage. It was not an unusual evening by any measure and as a writer I had been through the routine thousands of times in my search for new stories about the lives of ordinary people in small towns. But this chance meeting turned into a friendship and eventually this book. I discovered that Albert was a writer as well and as we sat weeks later in my Ozark, Missouri cabin talking, I found a story that he had tried to tell but had lost interest. It was a tale about two friends who married young, struggled through life, buried family and friends and eventually settled down in the resort town of Telluride, Colorado, only to find that the paradise they discovered was not a paradise at all. At first the stories I

heard were unbelievable, filled with corrupt police, district attorneys who operated above the law, judges banning books and politicians involved in trafficking cocaine and heroin. But as I sat and listened, I felt that what Betty and Albert were telling me was the truth. Albert gave me a copy of his first book, “Exodus of Angels - The Murder of Harry Force” which I read in one night. He told me he had a finished manuscript of a revised version almost ready for print but had lost interest as his health took a turn for the worse. He gave me a copy along with a box of papers corroborating nearly all he had written. Thousands of pages of police files, search warrants, emails from police to politicians and audio transcripts of several court cases he had been

involved in back in Telluride. With Betty and Albert's permission, I began to investigate his claims. This is the story of what I discovered.
