equality from the Court's beginnings in 1787 to the end of the 1999/2000 term. It is a primary document reference book, organized topically in eight chapter civic and social rights and duties; educational policies and instructions; employment and careers; sexual privacy and procreative rights; morality and sexual ethics; family; gender and sexual orientation; and other issues. Every case is included either as a full (edited) version of the majority or per curiam opinion, extensive excerpts of the opinion, or a detailed description of the case. In one book, a researcher can see how American legal history, in its entirety, played out. Back matter includes a table

of cases and an extensive bibliography of books and legal periodicals. Trumbull Incorporated in 1797, Trumbull, Connecticut, developed from a collection of farms and settlements in the area north of Stratford. Trumbull's neighborhoods reflect the varied identities of these early settlements. The Nichols area features homes dating as far back as the establishment of the Farm Highway, which was laid out in 1696 and remains the third-oldest thoroughfare in the state. In the now-forested Pequonnock Valley, a 19th-century rail bed ambles past the foundations of wool mills, paper mills, and gristmills that served the community through

the 1800s. That same rail line carried thousands of fun seekers to the picnic pavilions, toboggan slide, and other attractions of Parlor Rock Amusement Park in the late 1800s. Just to the west of the valley, a small, surviving triangle of the Long Hill Green marks an area that once buzzed with the production of shirts, cigars, and carriages. Today, Trumbull continues to rediscover itself and frequently receives accolades as one of the state's most desirable communities in which to live and raise a family."

Fierce debate has long loomed over Title IX, the landmark legislation prohibiting sex discrimination in

schools, whether in academics or athletics. Since its inception, Title IX has inspired both backlash and backlash-against-backlash commentary. Supporters contend that the legislation is a long overdue measure in securing equal opportunities for girls and women in America's school and university athletics. Opponents argue that Title IX is nothing more than a government-enforced quota system that is damaging men's sports programs. Caught in the middle are the schools that struggle to develop equitable sports programs for male and female athletes. From the hard fought passing of Title IX in 1972 to the most recent debates surrounding

compliance, this encyclopedia explores the significant individuals, events, key concepts, controversies, and legal cases revolving around Title IX and its application in collegiate athletics. This encyclopedia, the first of its kind, offers a comprehensive guide to various aspects and wide ranging issues associated with Title IX and sports. With more than 150 in-depth entries, this inclusive and authoritative reference will appeal to students, scholars, and general readers interested in both the historic framework and contemporary implications of Title IX and academic athletics. Sample entries include: A League of Their Own Association for

Annual Report of the State Board of Education Phoenix Pub Trumbull, Connecticut, was a small community with a lush landscape spotted with farms and light industries before the era of World War II. After the war, many

soldiers returned to the states and came to Trumbull looking for homes. The explosion of Trumbull's economic market caused much of the farmland to become housing developments to accommodate the veterans and their families. This volume of nearly two hundred images looks back at Trumbull during the quieter era between 1890 and 1940, before the town was flooded with the mad rush of people and businesses. These fifty years detail a history marked by the prosperous times of the early twentieth century, the pain and anguish of World War I, and the gloomy grip of the Depression. Small-town life comes alive in the faces and places of Trumbull, and these photographs and their

stories take a reader back into a time that seems so much simpler than today's hustle and bustle.

After opening in a small Off-Broadway theater, Rent, a modern adaptation of Puccini's La Bohème, quickly became a worldwide phenomenon with a more zealous and devoted fan base than

had any musical in history. Rent FAQ includes biographical info on the musical's brilliant creator, Jonathan Larson, who tragically passed away at age 35 the night before the show began preview performances. Other chapters focus on the creative team and original cast; the development of the script and score from early drafts and workshop performances to the version we know and love today; the movie version, tours, and much more. The section "Rent Cultural Literacy" is a guide to all the titles and real people referenced in the show and the East Village and Alphabet City locations that Rent helped make famous; another chapter provides clues to the

characters and tips for anyone thinking about auditioning for the musical, or putting on a production! A final chapter provides a rundown, with numerous photos, of revivals and local productions all over the country, including regional, community, and dinner theaters, and high school and college versions. Rent FAQ is a treasure trove of information, background, and fun facts for the show's devotees as well as anyone who might be lucky enough to be discovering the musical for the first time!
