Reviews Reviewers' Choice Award When Libby's husband Greg fails to return from a two-week canoe trip to the Canadian wilderness, the authorities soon write off his disappearance as an unhappy husband's escape from an empty marriage and unrewarding career. Their marriage might have survived if their daughter Lacey hadn't died . . . and if Greg hadn't been responsible. Libby enlists the aid of her wilderness savvy father-in-law and her faith-walking best

friend to help her search for clues to her husband's disappearance...if for no other reason than to free her to move on. What the trio discovers in the search upends Libby's presumptions about her husband and rearranges her faith.

Do you want readers to be so caught up in your book that they forget they're reading? Then you need deep POV. Deep POV takes the reader and places them inside of our characters-hearing their thoughts, feeling their emotions, and living the story through them.

Compared to other writing styles, it builds a stronger emotional connection

between the reader and our characters, creates the feeling of a faster pace, and helps avoid point-of-view errors and telling rather than showing. In "Deep Point of View," writing instructor and fiction editor Marcy Kennedy brings her years of experience into showing you how to write deep POV. You'll learn specific, practical things you can do immediately to take your fiction to the next level. Each book in the "Busy Writer's Guide" series is intended to give you enough theory so that

you can understand why things work and why they don't, but also enough examples to see how that theory looks in practice. In addition, they provide tips and exercises to help you take it to the pages of your own story, with an editor's-eye view. Most importantly, they cut the fluff so that you have more time to write and to live your life.

Is it really possible to love one's enemies? That's the question that sparked a fascinating and, at times, terrifying journey into the heart of the Middle East during the summer of 2008. It was a trip that began in Egypt, passed

beneath the steel and glass high rises of Saudi Arabia, then wound through the bullet-pocked alleyways of Beirut and dusty streets of Damascus, before ending at the cradle of the world's three major religions: Jerusalem. Tea with Hezbollah combines nail-biting narrative with the texture of rich historical background, as readers join novelist Ted Dekker and his co-author and Middle East expert, Carl Medearis, on a hair-raising journey. They are with them in every rocky

cab ride, late-night border crossing, and back-room conversation as they sit down one-on-one with some of the most notorious leaders of the Arab world. These candid discussions with leaders of Hezbollah and Hamas, with muftis, sheikhs, and ayatollahs, with Osama bin Laden's brothers, reveal these men to be real people with emotions, fears, and hopes of their own. Along the way, Dekker and Medearis discover surprising answers and even more surprising questions that

they could not have anticipated—questions that lead straight to the heart of Middle Eastern conflict. Through powerful narrative Tea With Hezbollah will draw the West into a completely fresh understanding of those we call our enemies and the teaching that dares us to love them. A must read for all who see the looming threat rising in the Middle East. *The 13th Tribe* Penguin Unassuming Ruby Case creates an uproar in her quiet town when she raises a boy from the

dead. Joined by Rev. Ian Clark, she searches for answers--only to realize that the secrets she unleashed now threaten to destroy them all. Can they overcome their own brokenness before they become victims of an insidious evil?

And Daniel Clark knows the elusive killer he's been stalking. He's devoted every waking minute as a profiler to find the serial killer known only as Eve. He's pored over the crime scenes of sixteen young women who died mysterious deaths, all in underground basements
