Shadowlands) Forever
This summer, they'll
learn that home is
where the heart is.
Somerset Lake is the
perfect place for Trisha

Langly and her son to start over. As the new manager for the Somerset Cottages, Trisha is instantly charmed by the property's elderly residents and her firecracker of a new boss, Vi Fletcher. But Trisha is less enchanted by Vi's protective grandson Jake. No matter how tempting she finds the handsome lawyer, Trisha knows that if Jake discovers the truth about her past, she'll lose the new life she's worked so hard to build. Jake Fletcher left Somerset Lake after a tragic loss, but he's returning for the summer to care for his beloved grandmother, hoping Vi will sell the run-down cottages and finally slow down. There's just one problem: Trisha, Vi's

new employee. She's smart, beautiful, and kind, but Jake's job is to protect his grandmother's interests, and his gut is telling him Trisha's hiding something that could jeopardize Vi's future. However, as they spend summer days renovating the property and bonding over their love for the town, Jake realizes that Trisha is a risk worth taking—if only she can trust him with her secrets . . . and her heart. Includes the bonus novella *Kiss Me in Sweetwater Springs!*

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago,

based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, *The 5am Club* will walk you through: How great geniuses, business titans and the

world’s wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed “Insider-only” tactics to defend your gifts, talents and dreams against digital distraction and trivial

diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, *The 5am Club* is a work that will transform your life. Forever.

Marvel Entertainment Popular anger against bankers and financial speculators has never been greater, yet the practical workings of the system remain opaque to many people. *The Heretic's Guide to Global Finance* aims to bridge the gap between protest slogans and practical proposals for reform. As a stockbroker turned campaigner, Brett Scott has a unique

understanding of life inside and outside the system. *The Heretic's Guide to Global Finance* is a practical handbook for campaigners, academics and students who wish to deepen their understanding of the inner workings of the financial sector. It shows how financial knowledge can be used to build effective social and environmental campaigns. Scott covers topics frequently overlooked, such as the cultural aspects of the financial sector, and considers major issues such as agricultural speculation, carbon markets and tar sands financing. The book shows how activists can use the internal dynamics of the sector to reform it and

showcases the growing alternative finance movement.

"The U.S. Government has a new ground based "Star Wars" weapon which is being tested in the remote bush country of Alaska. This new system manipulates the environment which can: Disrupt human mental processes. Jam all global communications systems. Change weather patterns over large areas. Interfere with wildlife migration patterns. Negatively affect your health. Unnaturally impact the Earth's upper atmosphere. The U.S. military calls its zapper HAARP (High-frequency Active Auroral Research Project). But this skybuster is not

about the Northern Lights. This device will turn on lights never intended to be artificially manipulated. Their first target is the electrojet - a river of electricity that flows thousands of miles through the sky and down into the polar icecap. The electrojet will become a vibrating artificial antenna for sending electromagnetic radiation raining down on the earth. The U.S. military can then "X-ray" the earth and talk to submarines. But there's much more they can do with HAARP. This book reveals surprises from secret meetings"--Back cover

 A wizard is capturing
 souls and binding them
 to magical gems to

keep the spirits of the dead from departing to their just rewards, and the church of Pharasma, goddess of death, has had enough of his meddling with the afterlife. When a magical security feature in the wizard's tower sends the gems spinning off to several different planes, the church calls on the PCs to track them down. From the vault of the gods in the planar nexus of Axis, to the fields of Elysium where righteous heroes battle endlessly even in death, and on past to the gates of Hell itself, the PCs must race through portal after portal to recover the lost souls before sinister outsiders can beat them to the prize. This Journey series planar adventure is designed for 9th-level

characters and is compatible with the 3.5 fantasy roleplaying rules. Author Colin McComb (Planescape) leads a fascinating tour through the undiscovered outer planes of the Pathfinder world.

hand, like from Ben

Franklin himself. And there's this girl... Yvaine... another time traveler. All good. Except for the rules: boys only travel into the past and girls only into the future. And the baggage: Yvaine's got a baby boy and more than her share of ex-boyfriends. Still, even if they screw up history - like accidentally let the founding father be killed - they can just time travel and fix it, right? But the future they return to is nothing like Charlie remembers. To set things right, he and his scrappy new girlfriend will have to race across the centuries, battling murderous machines from the future, jealous lovers, reluctant parents, and time itself.

Shattering, Christie

Golden delivers a

sensational tie-in to the

newest World of

Warcraft game expansion. Thrall, wise shaman and the warchief of the Horde, has sensed a disturbing change... Long ago, Azeroth's destructive native elementals raged across the world until the benevolent titans imprisoned them within the Elemental Plane. Despite the titans' intervention, many elementals have ended up back on Azeroth. Over the ages, shaman like Thrall have communed with these spirits and, through patience and dedication, learned to soothe roaring infernos, bring rain to sun-scorched lands, and otherwise temper the elementals' ruinous influence on the world of Azeroth. Now Thrall has discovered that the elementals no longer

heed the shaman's call. The link shared with these spirits has grown thin and frayed, as if Azeroth itself were under great duress. While Thrall seeks answers to what ails the confused elements, he also wrestles with the orcs' precarious future as his people face dwindling supplies and growing hostility with their night elf neighbors. Meanwhile, King Varian Wrynn of Stormwind is considering violent action in response to mounting tensions between the Alliance and the Horde, a hard-line approach that threatens to alienate those closest to him, including his son, Anduin. The conflicted young prince has set out to find his own path, but in doing so, he risks becoming

entangled in political instability that is setting the world on edge. The fate of Azeroth's great races is shrouded in a fog of uncertainty, and the erratic behavior of the elemental spirits, troubling though it is, may only be the first ominous warning sign of the cataclysm to come.
