So You Think You're a Chicago Cubs Fan?

Rowman & Littlefield

Each inning of the World Series since the beginning is recounted.

Wrigleyworld Private History in Public
 After his first Cubs game when Rich Cohen was eight, his father asked him to make a promise. "Promise me you will never be a Cubs fan. The Cubs do not win," he explained, "and because of that, a Cubs fan will have a diminished life determined by low expectations. That team will screw up your life." Here he captures the story of the team, its players and crazy days-- not just what happened, but what it felt like and what it meant. He searches for the cause of the famous curse, and came to see the curse as a burden but also as a

blessing.

The Dynamics of Interconnections in Popular Culture(s) Time Inc. Books

In 2016 the Chicago Cubs finally won the World Series after a 108 year losing streak. But before that, "never say die" was a way of life for Cubs fans, including sportswriter Kevin Kaduk... In the summer 2005 season, in a fit of nostalgic, heartfelt (and possibly insane) loyalty to his "Lovable Losers," Kevin quit his job as a sportswriter in Kansas City and moved back to the Windy City on a quest to find the heart and soul of what has come to be known as "Wrigleyville." As Kevin searched for answers, he found one hell of a good time. In this rollicking exploration of baseball and blind faith, he weaves a riveting tale of the team that stole his heart—and the life of the neighborhood surrounding baseball's most historic ballpark. He takes us from the famed ivy-

fronted bleachers in Wrigley Field to the full-blast party atmosphere that vibrates through the surrounding blocks every game day. He visits the rooftops across the street from the field where the beer is ice cold and the bratwurst never stops coming and explores the depths of Wrigleyville's bar scene, where raucous celebration and heartrending commiseration are all too common. So crack open a cold one, and get ready to experience the true adventures of Kevin Kaduk—a man who took himself out to the ballgame, bought himself some peanuts and Cracker-Jack...and never came back.

The baseball geeks are back at it again in this second installment from David Aretha. When Omar's dad takes the boys to Wrigley Field to see a Chicago Cubs game, the geeks find themselves in a big mess

when Omar gets blamed for something he didn't do. Is Omar going to be the newest curse in the Cubs' history, or will Kevin and Joe save their best friend from having to hide forever?

Rather than merely posing questions and providing answers, you'll get details behind each—stories that bring to life players and coaches, games and seasons. THE FASTEST 30 BALLGAMES is a World Record journey of dedicated Ballpark Chaser, Chuck Booth. In the summer of 2009, Booth accomplished this amazing feat of attending a full baseball game at every Major League Baseball home teams ballpark in only 24 calendar days. The book chronicles the story of Booth as he rearranged his life to attempt the World Record after hearing the inspirational story of Jim Maclaren who faced two near death experiences--and how Jim overcame being a quadriplegic to become one of the most respected motivational speakers in America. The story features write-ups of all ballparks Booth visited during the streak with a look at traditions and physical appearance. It also reveals how after he became a member of Ballpark Chasers, he decided to include Chaser Guides that offer suggestions on how to travel, where to eat and sleep, the best parking, transportation to and from the ballpark, where to score the best seats and so much more. This knowledge is passed on to the reader in hopes of saving them time, money and stress when Ballpark Chasing around the country. Co-authors are fellow Ballpark Chasers: Craig B. LIFE Chicago Cubs Hachette Books

An extraordinary account of the life of unknown club boxer, Frank Steele, who sparred with legendary boxing greats like Muhammad Ali, George Foreman, Joe Frazier and Ernie Shavers. Impoverished from birth and poorly educated, Frank did the best he could to parlay his boxing prowess and brute strength into fame and fortune. Hired as Foreman's chief sparring partner to help prepare the champ for the Ali "Rumble in the Jungle" fight in Africa, he was fired after doing his job too well -- beating up Foreman and knocking his headgear into the audience. When Ali heard about the incident, he paid Frank \$3,000 for the secret to defeating the unbeaten and seemingly invincible champion. This is the untold story of what led to the greatest upset in boxing history.

In small community museums, truck stops, restaurants, bars, barbershops, schools, and churches, people create displays to tell the histories that matter to them.

Much of this history is personal: family history, community history, history of a trade, or the history of something considered less than genteel. It is often history based on the historical record, but also based on feelings, beliefs, and memory. It is neglected history. *Private History in Public* is about those history exhibits that complicate the public/private dichotomy, exhibits that serve to explain communities, families, and individuals to outsiders and tie insiders together through a shared narrative of historical experience. Tammy S. Gordon looks beyond the large professionalized museum exhibits that have dominated scholarship in museum studies and public history and offers a new way of understanding the broad spectrum of exhibition types in the United States.

Die Happy Penguin

There is no more thrilling moment in the

game of baseball than the seconds before the ball flies out of the park, never to be seen again. As Greg Maddux famously said, chicks dig 'em, and men fantasize about hitting them. Now, *The Complete History of the Home Run* told decade by decade, traces this ultimate macho symbol. Mark Ribowsky looks at how the big hit evolved from a rarity to centerpiece because of Babe Ruth's prowess. Baseball fans will also learn how the home run has been mythologized, written about, and discussed in the media, baseball literature, and in bars all across the county. Featured are such epic swings as: -- Ruth's #60, Roger Maris's #61, Mark McGwire's #70, Barry Bonds's #73, Hank Aaron's K -- Ted Williams's All-Star Game Blast off Rip Sewell; -- Bobby Thomson's Shot Heard Around the World; -- Mickey Mantle's 565-footer in Washington; -- Bill Mazerowski's and Joe Carter's Series-ender; -- Reggie Jackson's Series trio; -- The Tino/Jeter/Brosius trinity. Including commentary on the men who hit these long balls -- Willie Mays, Mark McGwire, Sammy Sosa, Hank Aaron, Barry Bonds, and Ted Williams -- the book also brings out the facts and statistics. Readers will find out the truth behind Ruth's Called Shot, Josh Gibson's alleged blast out of Yankee Stadium, who had the best-ever power season, the myth of the lively ball era, the science of the home run, and why yesterday's hits will always be better than today's.

various segments of American culture, such as those that exist between white and black America, or between high and low art.  Elementary, Virginia Under the Bleachers: Teachers’ Reflections of What They Didn’t Learn in College is a unique text because the chapters offer insight into the daily chaos of teaching. The chapters are written by practicing educators and provide advice to both future educators and current teachers. It is important to mention, the text is not an avenue to criticize teacher education programs; rather, the book opens a dialogic space in which all educators can begin discussing and reflecting on the realities of the schooling process.

Giants on My Shoulders, the Untold Story Behind the Greatest Upset in Boxing History Rowman & Littlefield
 We live in a "museum age," and sport museums are part of this phenomenon. In this book, leading international sport

history scholars examine sport museums including renowned institutions like the Olympic Museum in the Swiss city of Lausanne, the Babe Ruth Birthplace and Museum in Baltimore, the Marylebone Cricket Club Museum in London, the Croke Park Museum in Dublin, and the Whyte Museum in Banff. These institutions are examined in a broad context of understanding sport museums as an identifiable genre in the "museum age", and more specifically in terms of how the sporting past is represented in these museums. Historians explain, debate and critique sport museums with the intention of understanding how this important form of public history represents sport for audiences who see museums as institutions that are inherently reliable and trustworthy.
