Talan'alaith'illaria is no exception and has found no man or woman her match or equal in a thousand years. That changes when Raine, the sole survivor of two mythic races, stumbles across the ancient dragon queen in her lair. Raine possesses her father's strength and her mother's passion, and the combination ignites the dragon's desire to an inferno. Talan, greatest of the twelve ancients, at last finds her perfect lover. Their domestic bliss does not last long, however, as events conspire against

their peace. The Hyr'rok'kin, monstrous demons of the underworld, are spewing forth from the Empty Land. Raine is called to join a band of humans, elves, and dwarves in a quest to stop the invasion. She fears no enemy, no injury, not even death itself. But something is waiting at the Gates of Hel, something that seeks to separate Raine from the dragon she is bound to for all of time.

A new addition to the multiple New York Times best-selling Ring of Fire series.

After carving a place for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia take on a murderous conspiracy of operatic proportions in Magdeburg, the

capital of the United States of Europe. New York Times Best Selling Series Eric Flint and David Carrico serve up the latest entry in the best-selling alternate history saga of them all, the Ring of Fire! It is the year 1636. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident, is on the verge of civil war. His brain injured in the war with Poland, the USE's emperor Gustavus Adolphus is no longer in command. Enter Swedish chancellor Oxenstierna, a leader of aristocratic reaction against democracy. the USE, Mike Stearns' wife Rebecca Abrabanel is organizing popular resistance to Oxenstierna's plot. As part of the resistance, the American musician Marla Linder and her company of down-time musical partners are staging an opera that will celebrate the struggle against oppression. Princess Kristina, the heir to the USE's throne, is now residing in Magdeburg and is giving them her support and encouragement. But another plot is underway--this one right in the heart of the capital itself, and with murder as its method. The only people standing in the way are a crippled boy and the boxing champion who befriended him, and an unlikely pair of policemen. Can the American detective Byron Chieske and his down-timer partner Gotthilf Hoch thwart the killers

Do Unto Others as They Did Unto You—the Code of the Mercenary. Science Fiction Action-Adventure by a New Master of Military Science Fiction. The Prescott family were miners. At one time, they were contracted to develop technology for a mineral rich but uninhabitable system. Gradually, all the investors shied away. Then the Prescotts broke through with the technology needed to exploit entire planets, and

incidentally develop domed playgrounds for the perversely rich, including indoor ski slopes and cable cars over megavolcanos, casinos and rides. This created the economic problem of being the richest people in the universe, having more money than most governments and effectively unlimited resources. Money is a small blessing when enemies are quite willing to spend billions for the chance at trillions. Bryan Prescott and his daughter might as well have targets painted on their backs for the thugs, kidnappers and assassins their competitors would throw at them. Bodyguards were necessary—Highly trained bodyguards who could be bought once and be utterly loyal no matter the circumstances. The altercation comes to a head inside the domes and mines of

Govannon, with their enemy desperate to do anything to save their own lives, now that the gloves are off. Caron Prescott has only six bodyguards against an army, but she has two aces in the hole: The miners are on her side, and Elke, Ripple Creek's psychotic demolition expert, has a nuke. The problem with Elke having a nuke is that Elke WILL use it.
