expose the
potent
network of
conservative

elected officials, advocacy groups, funders, and think tanks that are pushing a radical vision to do away with public education. “Cut[ing] through the rhetorical fog surrounding a host of free-market reforms and innovations” (Mike Rose), Jack Schneider and Jennifer Berkshire lay bare the dogma of privatization and reveal how it fits into the current context of right-wing

political movements. A Wolf at the Schoolhouse Door “goes above and beyond the typical explanations” (SchoolPolicy.org), giving readers an up-close look at the policies—school vouchers, the war on teachers’ unions, tax credit scholarships, virtual schools, and more—driving the movement’s agenda. Called “well-researched, carefully argued, and alarming” by

Library Journal, this smart, essential book has already incited a public reckoning on behalf of the millions of families served by the American educational system—and many more who stand to suffer from its unmaking. “Just as with good sci-fi,” according to Jacobin, “the authors make a compelling case that, based on our current trajectory, a nightmare future is closer than we

<p>think.” Scholastic Inc. "I love it. I never knew what was next so I wanted to keep on reading it. I love the characters, too." Morgan, 11 years old. "I like it because it's exciting." Madison, 8 years old. "I like it because I liked how they traveled to different places." Jack, 8 years old. When Peter Puckett prays for help, God sends him on an exciting quest through the fantastic world of EVERMORE!</p>	<p>With the aid of giants, dwarfs, elves and his own guardian angel, Peter must face a horde of monsters, swim past the Leviathan and survive the Realm of Goblins! Peter's amazing journey will test his strength and courage, but most of all it will challenge his faith as Peter must learn to let go of his fears and trust that God will always keep His promises. <u>A Wolf at the Schoolhouse</u> <u>Door</u> Taylor &</p>	<p>Francis Distributed to some depository libraries in microfiche. <u>Schooled</u> Columbia University Press The volume covers a range of topics related to American education from a Hispanic point of view. Rights and Influence in Education
 John Wiley & Sons
 Two teenagers, strangers to each other, have decided to jump from the same bridge at the same time. But what results is far from straightforward in this absorbing, honest lifesaver from acclaimed author Bill Konigsberg. Aaron and Tillie don't know each other, but they are both feeling suicidal, and

arrive at the George Washington Bridge at the same time, intending to jump. Aaron is a gay misfit struggling with depression and loneliness. Tillie isn't sure what her problem is -- only that she will never be good enough. On the bridge, there are four things that could happen: Aaron jumps and Tillie doesn't. Tillie jumps and Aaron doesn't. They both

jump. Neither of them jumps. Or maybe all four things happen, in this astonishing and insightful novel from Bill Konigsberg. **Homeschooling the Right**
 Ballantine Books
 Many of the rights we consider most important to the United States -- from freedom of speech to a fair trial -- are in the Bill of Rights. A True Book: Why it Matters series introduces young readers to the branches of

the US government, the constitution and more, while engaging them to become productive citizens. This series includes an age appropriate (grades 3-5) introduction to curriculum-relevant subjects and a robust resource section that encourages independent study. Readers will learn how these important laws came to be and how people

continue to discuss and debate them even today. *The Parental Rights and Responsibilities Act* The New Press
 INSTANT NATIONAL BESTSELLER
 The founder of Girls Who Code and bestselling author of *Brave, Not Perfect* confronts the “big lie” of corporate feminism and presents a bold plan to address the burnout and inequity harming America’s working women today.

We told women that to break glass ceilings and succeed in their careers, all they needed to do is dream big, raise their hands, and lean in. But data tells a different story. Historic numbers of women left their jobs in 2021, resulting in their lowest workforce participation since 1988. Women’s unemployment rose to nearly fifteen percent, and globally women lost over \$800

billion in wages. Fifty-one percent of women say that their mental health has declined, while anxiety and depression rates have skyrocketed. In this urgent and rousing call to arms, Reshma Saujani dismantles the myth of “having it all” and lifts the burden we place on individual women to be primary caregivers, and to work around a system built for and by men. The time

has come, she argues, for innovative corporate leadership, government intervention, and sweeping culture shift; it’s time to Pay Up. Through powerful data and personal narrative, Saujani shows that the cost of inaction—for families, for our nation’s economy, and for women themselves—is too great to ignore. She lays out four key steps for creating lasting change: empower

working women, educate corporate leaders, revise our narratives about what it means to be successful, and advocate for policy reform. Both a direct call to action for business leaders and a pragmatic set of tools for women themselves, Pay Up offers a bold vision for change as America defines the future of work. [A "Bill of Rights" for Children](#) Jason Aronson You’re Never Too Young to

<p>Fight Censorship! In Ban This Book by Alan Gratz, a fourth grader fights back when From the Mixed-Up Files of Mrs. Basil E. Frankweiler by E. L. Konigsburg is challenged by a well-meaning parent and taken off the shelves of her school library. Amy Anne is shy and soft-spoken, but don't mess with her when it comes to her favorite book in the whole world. Amy Anne and her lieutenants</p>	<p>wage a battle for the books that will make you laugh and pump your fists as they start a secret banned books locker library, make up ridiculous reasons to ban every single book in the library to make a point, and take a stand against censorship. Ban This Book is a stirring defense against censorship that's perfect for middle grade readers. Let kids know that they can make a difference in their schools,</p>	<p>communities, and lives! "Readers, librarians, and all those books that have drawn a challenge have a brand new hero.... Stand up and cheer, book lovers. This one's for you." —Kathi Appelt, author of the Newbery Honor-winning The Underneath "Ban This Book is absolutely brilliant and belongs on the shelves of every library in the multiverse."— Lauren Myracle, author of the</p>

Charles C. Thomas
Publisher
Argues that real choice and freedom in the

education of children relies on disestablishment of civil government's interference, regulation, and control of education.

Part I concentrates on the foundational legal principles necessary for freedom in American education, and Part II adds other principles found in the federal Constitution. Part III considers arguments to these principles and proposes a

strategy for state and federal disestablishment of control. Annotation copyrighted by Book News, Inc., Portland, OR

In placing his argument within the context of liberal-democratic values Thiessen gives concrete examples of objections to religious schools and offers practical suggestions that follow from the philosophical

treatment of the problem. In *Defence of Religious Schools and Colleges* bridges the gap between philosophical argument and educational practice. It will be of interest not only to philosophers and educational theorists but also to practitioners in education. Academics, policy makers, political theorists, lay-people, teachers, administrators, and parents - those who object to religious

schools and colleges and those who find themselves trying to answer the objections - will benefit from reading this book. *Parents and Schools* Children's Press(r Offers a practical guide for improving schools dramatically that will enable all students from all backgrounds to achieve at high levels. Includes assessment forms, an index, and a DVD. Parental

of rights in the Colorado state constitution to include parents' right "to direct and control the upbringing, education, values, and discipline of their children".

All Boys Aren't Blue Simon and Schuster "Amanda Marcotte drains the swamp and reveals a Republican Party hijacked by grifters and frauds."

?David Daley
The election of Donald Trump in 2016, like most of his campaign, came as a

shock to many Americans. How could a man so lacking in capacity, so void of any intellectual heft, become the president of the United States? How did Trump, a man with no detectable personal qualities outside of resentment and the will to dominate, appeal to millions of Americans and win the highest office in the land? The American right has spent decades turning away from reasoned

discourse toward a rhetoric of pure resentment—it's this shift that laid the groundwork for Trump's ascendancy. In *Troll Nation*, journalist Amanda Marcotte outlines how Trump was the inevitable result of American conservatism's degradation into an ideology of blind resentment. For years now, the purpose of right wing media, particularly Fox News, has not been to

argue for traditional conservative ideals, such as small government or even family values, so much as to stoke bitterness and paranoia in its audience. Traditionalist white people have lost control over the culture, and they know it, and the only option they feel they have left is to rage at a broad swath of supposed enemies ? journalists, activists, feminists, city dwellers, college

professors ? that they blame for stealing “their” country from them. Conservative pundits, politicians, and activists have abandoned any hope of winning the argument through reasoned discourse, and instead have adopted a series of bad faith claims, conspiracy theories, and culture war hysterics. Decades of these antics created a conservative voting base

that was ready to elect a mindless bully like Donald Trump. *Peter Puckett and the Amulet of Eternity* Simon and Schuster America has always been committed to the idea that citizens can work together to build a common world. Today, three afflictions keep us from pursuing that noble ideal. The first and most obvious affliction is identity politics, which seeks to transform America by

turning politics into a religious venue of sacrificial offering. For now, the sacrificial scapegoat is the white, heterosexual, man. After he is humiliated and purged, who will be the object of cathartic rage? White women? Black men? Identity politics is the anti-egalitarian spiritual eugenics of our age. It demands that pure and innocent groups ascend, and the stained

transgressor groups be purged. The second affliction is that citizens oscillate back and forth, in bipolar fashion, at one moment feeling invincible on their social media platforms and, the next, feeling impotent to face the everyday problems of life without the guidance of experts and global managers. Third, Americans are afflicted by a disease that cannot quite

be named, characterized by an addictive hope that they can find cheap shortcuts that bypass the difficult labors of everyday life. Instead of real friendship, we seek social media “friends.” Instead of meals at home, we order “fast food.” Instead of real shopping, we “shop” online. Instead of counting on our families and neighbors to address our problems, we look to the state to take

<p>care of us. In its many forms, this disease promises release from our labors, yet impoverishes us all. American Awakening chronicles all of these problems, yet gives us hope for the future. <u>The Right to</u></p>	<p><u>Privacy</u> CQ Press Distributed to some depository libraries in microfiche. Real Choice, Real Freedom in American Education Farrar, Straus and Giroux (BYR) Aimed at parents of and</p>	<p>advocates for special needs children, explains how to develop a relationship with a school, monitor a child's progress, understand relevant legislation, and document correspondence and conversations.</p>
