"Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

This stunning hardcover journal is a bold, interactive guide to discovering and creating the truest, most beautiful lives, families, and world we can imagine, based on the #1 New York Times bestseller *Untamed*. "We must stop asking people for directions to places they've never been. Every life is an unprecedented experiment. We are all pioneers. I created *Get Untamed: The Journal* as an interactive experience in charting our own way—so we can let burn that which is not true and beautiful enough and get started building what is." —Glennon Doyle With *Untamed*, Glennon Doyle—writer, activist, and "patron saint of female empowerment" (People)—ignited a movement. *Untamed* has been described as "a wake-up call" (Tracee Ellis Ross), "an anthem for women today" (Kristen Bell), and a book that "will shake your brain and make your soul scream" (Adele). Glennon now offers a new way of journaling, one that reveals how we can stop striving to meet others' expectations—because when we finally learn that satisfying the world is impossible, we quit pleasing and start living. Whether or not you have read *Untamed*, this journal leads you to rediscover, and begin to trust, your own inner-voice. Full of thought-provoking exercises, beloved quotations from *Untamed*, compelling illustrations, playful and meditative coloring pages, and an original introduction, in *Get Untamed: The Journal*, Glennon guides us through the process of

examining the aspects of our lives that can make us feel caged. This revolutionary method for uprooting culturally-constructed ideas shows us how to discover for ourselves what we want to keep and what we'll let burn so that we can build lives by design instead of default. A one-of-a-kind journal experience, *Get Untamed* proves Glennon's philosophy that "imagination is not where we go to escape reality, but where we go to remember it." *Creative Curriculum* Penguin

"The most crucial relationship advice book since *Men Are from Mars*."—Erin Meanley, *Glamour.com* A groundbreaking, interactive relationship tool that literally places in the hands of couples the power to transform chronically frustrating relationship dynamics. We've all been there. A conversation with a loved one escalates into conflict. Voices rise to a fever pitch and angry, accusative words fly through the air. At times like these, it seems impossible to find the magic words that will lead to healing. Enter *Talk to Me Like I'm Someone You Love*. A psychotherapist with decades of experience in counseling couples, Nancy Dreyfus hit upon the revolutionary practice outlined in this book during a couples-therapy session in which a wife's unrelenting criticism of her husband was causing him to become emotionally withdrawn. In the midst of this, Dreyfus found herself scribbling on a scrap of paper, "Talk to me like I'm someone you love," and gestured to the husband that he should hold it up. He did and within seconds the familiar power differential between the two shifted, and a gentler, more genuine connection emerged. Dreyfus was startled, then intrigued, and then motivated to create a tool that could help others. This book features more than one hundred of Dreyfus's "flash cards for real life," written statements that express what we wish we could communicate to the person we love, but either can't find the right words or the right tone in which to say it. The statements include: • Taking responsibility: "I realize I'm overreacting. Can you give me a minute to get sane again?" • Apologizing: "I know I've really hurt you. What can I do to help you trust me again?" • Loving: "You are precious, and I get that I haven't been treating you like you are." A one-of-a-kind, practical relationship tool, *Talk to Me Like I'm Someone You Love* will help couples to stop arguing and begin healing.
