Great Food Jobs 2: Ideas and Inspirations for Your Job Hunt, ?winner of the the 2013 Gourmand Special Award of the Jury, is an almanac of eminently useful career guidance mixed with tasty bites of utterly useless gastronomical nonsense, including weird sushi combinations and odd names of bakeries

such as "Nice Buns." A companion to the award-winning Food Jobs: 150 Great Jobs for Culinary Students, Career Changers and Food Lovers, this second volume describes an abundance of careers in the food industry in and out of the kitchen. In an era of 'txt msgs,' Chalmers' Great Food Jobs 2 is refreshingly erudite, urbane, wry, witty, and consummately British. This sparkling, extraordinary compendium will astonish and amuse, inform and make you laugh out loud!

In *Great Hunting Rifles*, firearms expert Terry Wieland leads the reader on a journey through the history of some of the most exquisite rifles made in the twentieth century. The rifles featured in the book, all personally owned by the

author and described in loving detail, were chosen for their particular importance. Each rifle either represents a particular era of gun making, is historically important, or is simply a paragon of gun making skill. In his treatment of these special rifles, Wieland provides a close look at some individual guns that are superb in a unique way, and which illustrate high points of the twentieth century. Each chapter is dedicated to one particular rifle, and is accompanied by photographs of the author's own examples, including: James Woodward hammer double .450 Express 3 1/4" Holland & Holland hammer .500 Express 3 1/4" Haenel-Mannlicher bolt action .450 Ackley custom rifle Mannlicher-Schoenauer Model 1908 Savage Model 1899 Al Biesen custom

"Why didn't you hire the last ten people you interviewed and passed on?" Leading career expert and syndicated columnist Andrea Kay asked numerous employers that single, simple question because of what she felt seemed a glaring disconnect in the business world-millions of educated, qualified people either out of work or unhappily employed, despite an increasing number

of companies with job openings they can't seem to fill. How could that be? This Is How to Get Your Next Job is the story of her quest for answers and, more importantly, the surprising conclusions she was led to by these employers frustrated with not being able to fill these positions. The overwhelmingly common answers she received time after time were not about skills or experience but about how applicants behaved and spoke during the interview. From lack of preparation, to pushiness, to a subtly defensive attitude, these simple behaviors that prospective employees exhibited before, during, and after interviews ended up nullifying their otherwise-qualified résumé. Now, in this well-researched book based on candid insights from real-life employers, job

hunters can learn how to take control of how they come across to the people in charge of giving them the exciting, rewarding opportunities they are seeking. Show them why you're the perfect fit for their job!
