MICHAEL MATHEWS

The Business Owner's Guide to Financial Freedom Focus

When the first version of this book came out in 1996, on the heels of "Welfare Reform," it was received with great popular acclaim. As Jim Hightower put it, "At last, the real welfare scandal [is] revealed in one handy little -volume." But the scandal was still in the making. The total amount of taxpayers' money going to subsidize corporations and rich individuals has grown from about \$448 billion to over \$800 billion--and the amount of that tax money that comes from those flush companies and individuals continues to shrink. In this greatly expanded and updated version of *Take the Rich off Welfare*, Mark Zepezauer still details who's on the government dole and how much they're getting. This time around, though, he has slowed down his rapid firing of the latest names and numbers in order to reveal how it all works. Using accessible language and revealing graphics, he takes the time to explain how programs once intended to profit the public have been warped to benefit only the corporate bottom line; how administrations manipulate the tax code to

slide their extortion from the bottom half past congressional oversight; and how the politicians from both parties employ budget doubletalk and paper trickery to make it look as if the economy isn't being sucked further into a sinkhole in order to line the pockets of the few. A prolific writer of humorous but cutting analyses of government policy and its fallout, Zepezauer provides us with the tools we need to expose the political chicanery of current and past administrations, and make it much more difficult for politicians to play Three Card Monte with our money and our future. To the rallying cry of fiscal conservatives who claim that government must shrink, Zepezauer offers an easy answer. Shrink you. Mark Zepezauer has worked as a journalist, editor and publisher since 1985. His articles, columns and reviews have appeared in the *Village Voice*, *In These Times* and the *Arizona Daily Star*. Zepezauer also wrote two *Real Story* books (now published by South End Press): *The CIA's Greatest Hits* (1994) and the first version of *Take the Rich Off Welfare* (1996), which have sold over 25,000 and 22,000 copies respect

8 Track Outskirts Press

Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists,

and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won

assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Climate Change [4 volumes] McGraw Hill Professional

This book provides a holistic consideration of climate change that goes beyond pure science, fleshing out the discussion by considering cultural, historical, and policy-driven aspects of this important issue. Climate change is a controversial topic that promises to reframe rudimentary ideas about our world and how we will live in it. The articles in Climate Change: An Encyclopedia of Science and History are designed to inform readers' decision making through the insight of scholars from around the world, each of whom brings a unique approach to this topic. The work goes beyond pure science to consider other important factors, weighing the cultural, historical, and policy-driven contributors to this issue. In addition, the book explores the ideas that have converged and evolved in order to clarify our current predicament. By considering climate change in this holistic fashion, this reference collection will prepare readers to consider the issue from every angle. Each article in the work is suitable for general readers, particularly students in high school and college, and is intended to inform and educate anyone about climate change, providing valuable information regarding the stages of mitigation and adaptation that are occurring all around us.

A Businessperson's Guide to Federal Warranty Law DIANE Publishing

The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especially for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J. Kohler delivers a comprehensive analysis of the new tax and legal structure you desperately need to help make the new tax law work for you. In this revised edition of The Tax and Legal Playbook, Kohler reveals clear-cut truths about tax and legal planning and delivers a practical, play-by-play guide that helps you build wealth, save on taxes, and protect your assets. Using real-world case studies, tax-savvy tips, game plans, and discussion points, Kohler coaches you through the complexities of the tax game of the small-business owner. You'll also learn how to: Examine your business needs and pick the right business entity for you Build your personal and corporate credit in eight steps Implement affordable asset protection strategies Take advantage of underutilized business tax deductions Pick the right health-care, retirement, and estate plans Bring on partners and investors the right way Plan for your future with self-directed retirement funds Reading from cover to cover or refer to each chapter as needed, you will come away wiser and better equipped to make the best decisions for your business, your family, and yourself.

Learn how to navigate the latest changes to the tax law—and save big on your taxes! For most people, tax time is the most dreaded time of the year. After the recent tax overhaul enacted by Congress, taxpayers are more anxious and confused than ever. Lower Your Taxes—Big Time! helps you understand how the latest tax bill affects your personal and business taxes. Fully updated for the 2019 – 2020 season, this essential book covers everything you need to know about saving money on tax day—and every other day of the year. Whether you're a consultant, business owner, independent contractor, or home filer, you'll learn how to legally, morally and ethically take advantage of the tax system to get a yearly subsidy of \$5,000 or more back from the IRS—and bulletproof your records forever. Written by tax expert and former IRS attorney Sandy Botkin, this is a must-have resource for saving thousands of dollars at tax time. Lower Your Taxes Big Time! shows you how to: •Properly document any business deduction so you never have to worry about being audited •Get a tax subsidy of \$5,000 or more for starting up your own home-based business •Turn tuition, entertainment, orthodontia, and other expenses into huge deductions •Take advantage of small-business tax changes and extensions recently passed by the American Tax Cuts and Jobs Act, and more. •Learn how to easily navigate and maximize the new 20% pass through deduction for most small businesses

Small Business Tax Facts Createspace Independent Publishing Platform

Self-employment Tax Entrepreneur Press

This timely set of solutions based on a new theory of economics shows how America can reverse its inexorable economic decline and stop the bleeding of its middle class by rebuilding its manufacturing sector on a green basis. Manufacturing Green Prosperity: The Power to Rebuild the American Middle Class connects two critical issues: the importance of manufacturing to the growth and fair distribution of national wealth and the need to create an environmentally sustainable society. In so doing, the book offers groundbreaking arguments demonstrating the centrality of manufacturing and shows ways in which creating a green economy will rebuild U.S. manufacturing and expand the middle class. Drawing from the fields of political science, economics, ecology, history, engineering, and philosophy, the author challenges existing myths about manufacturing, exposes the weaknesses of neoclassical economics, and proposes a production-centered alternative. America, he persuasively argues, needs a sophisticated, green manufacturing base in order to create an entirely new transportation and energy infrastructure—one that will make cities ecologically sustainable; prevent the worst effects of global warming; protect vulnerable ecosystems; and counter the depletion of oil, coal, and other critical natural resources.

Good Omens McGraw Hill Professional

The biggest mistake made by Real Estate Investors is not using a Business Entity. The second biggest mistake is using the wrong one. Learn how to: 1.) select the best business entity for you. 2.) use multiple entities for protection. 3.) stack entities to maximize profit. 4.) convert one entity to another. 5.) double your Charging Order protection. 6.) make your assets judgment-proof. 7.) make yourself judgment-proof. 8.) and much, much more. Real Estate Investing is a whole new

ballgame, and the rules have changed.

Medical and Dental Expenses White Coat Investor LLC the

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

J.K. Lasser's Your Income Tax 2010 National Academies Press

Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.

Tax Withholding and Estimated Tax Bloomsbury Publishing USA

Special Depreciation Allowance (US Internal Revenue Service Regulation) (IRS) (2018 Edition) The Law Library presents the complete text of the Special Depreciation Allowance (US Internal Revenue Service Regulation) (IRS) (2018 Edition). Updated as of May 29, 2018 This document contains final regulations relating to the depreciation of property subject to section 168 of the Internal Revenue Code (MACRS property) and the depreciation of computer software subject to section 167. Specifically, these final regulations provide guidance regarding the additional first year depreciation allowance provided by sections 168(k) and 1400L(b) for certain MACRS property and computer software. The regulations reflect changes to the law made by the Job Creation and Worker Assistance Act of 2002, the Jobs and Growth Tax Relief Reconciliation Act of 2003, the Working Families Tax Relief Act of 2004, the American Jobs Creation Act of 2004, and the Gulf Opportunity Zone Act of 2005. This book contains: - The complete text of the Special Depreciation Allowance (US Internal Revenue Service Regulation) (IRS) (2018 Edition) - A table of contents with the page number of each section

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. ?Season 2 of Good Omens coming soon! "Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It's a wow. It would make one hell of a movie. Or a heavenly one. Take your pick." —Washington Post According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .
